

All the Jew's bourses and all their submen won't be able to put it together again!

The holohoax stood like a wall  
 The holohoax began to crumble and fall  
 All the Jew's bourses and all their submen  
 Won't be able to put it together again

Aine Ni Chonail has spoken against immigration for several years.

The British government will forgive you if you kill its soldiers , after all they are just expendable cannon fodder . Kill their myths and they will never forgive you. Why do you support their myths Gerry? Can you say satrap?

Trinity university has always been a center of anti-irish activity since the days of Queen Elizabeth. I am in favour of the place being closed down. They also have to most vocal Jews in Ireland working there. A protestant friend of mine called into to see one there to discuss immigration . She called security immediately rather than talk to my skinhead friend. Even in the 1916 rising British soldiers managed to snipe from it. Today a Czech snipes from there in favour of abortion. We have given out revisionist leaflets there. We will go back there as soon as we have the funds to give out CDs and DVDs to the students. I will write a "Close Trinity " leaflet if people will help me out with the logistics of the operation. I am supposed to write a leaflet on the changes in the Gardai but that operation is also behind schedule thanks to a lack of resources.

I don't agree with a lot of what Micheal Hoffmann says but I think he is one of the best writers around today.

Frankly I don't think out people have any business criticising Islam. They will die for their people while our people are cowards and fools who won't even open their mouths . I am worried about the penetration of neoconservative ideas into the resistance. We should not load our guns with pc bullets.

"When the last Jew is strangled with the guts of the last muslim colonist"

Put that on your t-shirt or a swastika if you dare. Jean Meslier would be saying that today not "When the last king is strangled with the guts of the last priest". I am opposed to immigration but I won't lead any party that directs itself along channels defined for it by the jews. Better to leave the people suffer for their sins than fight immigration in a way that helps the Jews launch wars against the last few independent countries. The existence of Iran helps defend our freedom . When Iran is gone things will get even worse for us here.

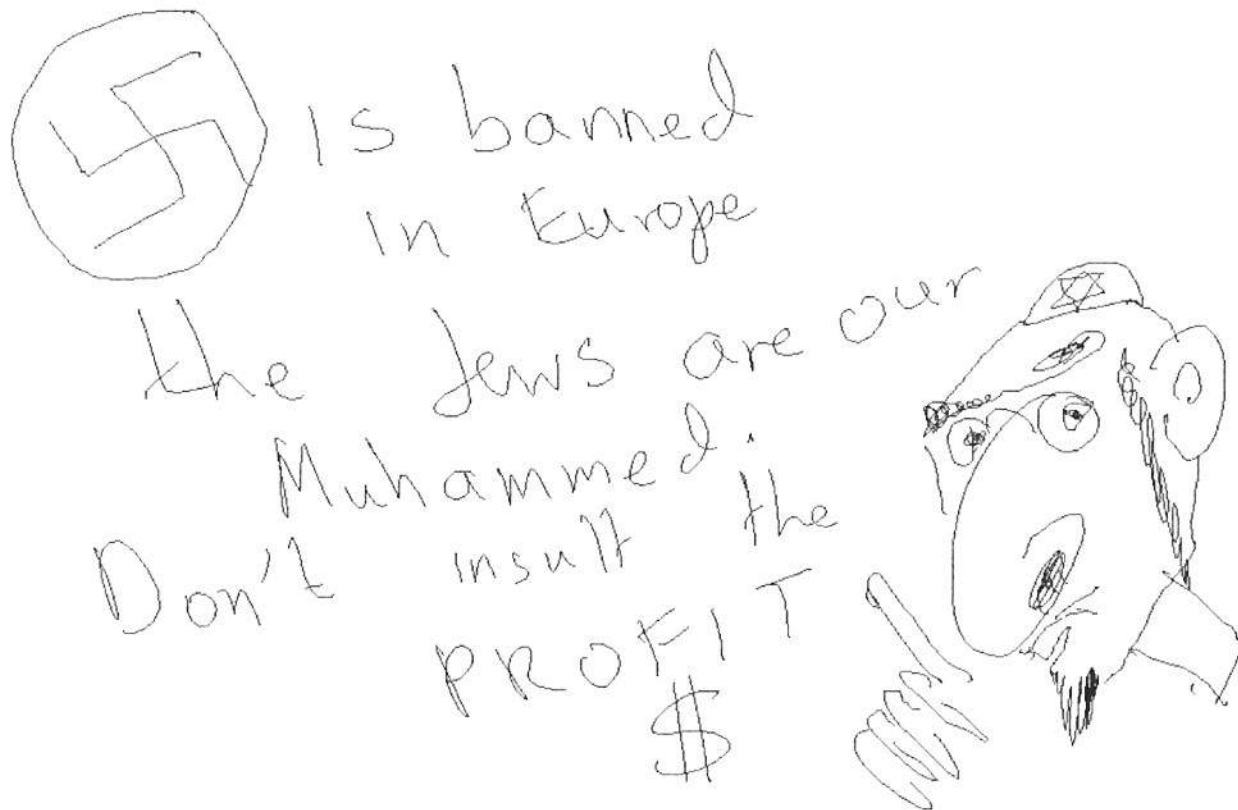

Muslims and mosques in Europe are the symptom jews are the disease. Never forget it and never help the disease confuse the disease with the symptoms in the patient's mind ,otherwise you become part of the disease.

Frankly I have more respect for a man , be he a muslim, who defends his people than for a coward of my own who sends me messages "please don't post me leaflets I have kids" etc . I have seen so much cowardice in my years of activism that I am disgusted. The people deserve the suffering inflicted on them by their own folly. Non-whites even Jews would not be a problem for us but for the degeneracy of our own people . You could almost say that there are no bad nonwhites only bad whites. The whites polarise in the presence of the outsider and some start playing game theoretic strategies using the outsider as players in games against different layers of whites. Homos are a classic example of this type of behaviour.

Some day I will get around to writing the game theory of racial interaction.

You can't fight Satan by appealing to Beelzebub. You can't fight immigration with memes handed to you by the Jews anymore than the South Africans could fight to keep their Apartheid state with Israeli made arms. I don't think blurring the border between Jews and whites in the mind of a billion Muslims benefits white nationalism . It benefits the Zionists. Baiting muslims is pc . We don't want millions of them here but we know who brought them. The Jews even imprisoned a Jewish woman when she made a cartoon of Mohammad as a pig . The Jews are not stupid and didn't want this thing to fall onto their heads . Much smarter to use the dumb whites and get them and the arabs fighting . You can see the Jewish cartoon if you look up the Kahanist's websites.

Wear a swastika t-shirt and if you are not in a country where the Jews have had it banned ,you will see a reaction from the wiggers , the fundamentalist antiwhite drug fag brigade that will make the muslims' reaction to those Mohammed cartoons look very civilised. The Jews are your Mohammed you disgraceful cowardly degenerates . You have a date with extinction ,hurry along .

David Noone Saturn's day 18 feb 2006

I am not a magician and can only do things if people help me out . I don't even have a car etc etc. Do what you can instead of getting depressed about how terrible things are . Together we can save this thing.
