

Nationalism is a disaster when it leads to European fighting European. Look at WW1. This old nationalisms day has passed. Political reality make it merely a tool of our enemies. Look how they exploited it in the Balkans. Lets agree to disagree on the many territorial questions and defend our interests instead of letting ourselves be distracted by trivial issues. All people of European origins need to work together now wherever they are in the world. Our nations are subsets of our civilisation . Those who attack the civilisation also attack the nation even if this isn't obvious to some of the simpler souls out there. Those who peddle obsolete nationalisms are actually peddling cleverly disguised internationalism and antiwesternism.

"This great freedom was the advantage of the West over the Soviet East, for one of the less savoury features of the Soviet regime was its infamous Article 58 of the Criminal Code "Anti-Soviet propaganda". In the early Stalin's days, one has to express sympathy with the enemies of the Republic to be sentenced; in his heyday, a joke would suffice; in Brezhnev's era it was used to ensure conformity in the society. Even in the very end of the Soviet days, the Damocles' sword of Article 58 influenced all discussion and eventually allowed Gorbachev to carry out his transformation of Russia without a debate. He eliminated the social achievements of the Soviet era, surrendered Russian industry and oil to a few Jewish crooks, gave the keys of the Russian might to the CIA and broke up the country into feuding successor states. The only positive feature of Gorbachev-Yeltsin transformation was the removal of Article 58. Now it is creeping back. Some time ago booby-trapped anti-Jewish billboards appeared in Moscow. When a passer-by tried to remove it, the explosive device went off. The government rushed an 'anti-hate' bill through the parliament, and lo!

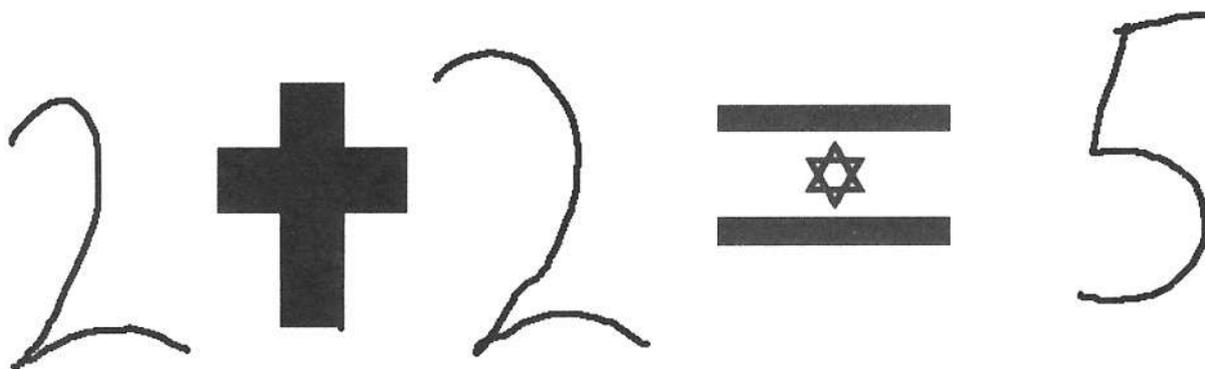

No more anti-Jewish billboards came to be. A month ago, there was an extremely fishy incident in a Moscow synagogue, and a new reinforced 'anti-extremism' bill was introduced into the Russian parliament.

Thus, under the cover of fighting extremism, terrorism and hatred, the remainder of freedom on our planet shrinks from day to day. Eugene Rostow, "a Kennedy's Huntington", predicted in 1960s that the two systems, Communism and Capitalism would eventually converge, and bring forth the best features of both systems. Now the Convergence has actually taken place.. Once, the Red East was socially secure, but at the expense of personal freedom, while the West was free at the expense of equality and social guarantees. Now they have converged: the Russians have lost their free schools and health and have received the freedom to sleep under the bridge, while the West now has its own Gulag and its own political dissidents. East and West reinstated Article 58 under the guise of anti-hate, anti-terrorism, anti-extremism laws." www.israelshamir.net Israel Shamir has written some excellent articles.

"We must be mad, literally mad, as a nation to be permitting the annual inflow of some 50,000 dependents, who are for the most part the material of the future growth of the immigrant-descended population. It is like watching a nation busily engaged in heaping up its own funeral pyre."

Christians pray on their knees and Jews prey on their Christians

Christianity is being rapidly gobbled up by Judaism and Holocaustianity. Silly people who think that the new Pope is on our side because he isn't too fond of homos show how little they understand politics. Homos are small cheese . This Pope and the last one , whose mother was a Jewess called Wanda Katz , have betrayed the church . Gerry Falwell when he was propogandising for Israel said that the Antichrist has been born in Israel. Many Americans have shit for brains. Better nuke the place flat before he gets going then?

Welcome to official site of Nigerian Association Ireland

Mr. Oke Rex
President

It is my hope that it would be particularly helpful in forging and strengthening links with Nigerians who courageously struggle daily to cope with life's many ups and downs, in particular those suffering disability and handicap with hope of positive Nigerian forums to call upon. Also it would enable Nigerian communities around the world to know where we are, and the good people of the Republic of Ireland.

The site proves useful to all Nigerian origin organisations in Ireland irrespective of their cultural, language and traditions. I know you have spiritual, desires and most importantly best way you would like the Nigerian to face or feel free to give your feedback. That would not be enough, you are invited to be part of this positive initiative and drive it forward for achievements.

Remember we have great tasks ahead and responsibility to our future generations here - to build ourselves as a dispersed community and positive people to the Irish nation. Do not in hurry to forget "We have no other Fatherhood but Nigeria".

I hope this virtual site would promote our image and identity with good works. Think citizenship and make Nigeria come alive!

I wish you a Happy Visit

Everyone has to stand up and publicly defy political correctness. Flush them back to Nigeria! Western culture needs to be restored to Ireland. Many "nationalists" are slow to understand that culture was undermined here years before the first Black arrived. Oh they can see the Blacks. Their brains register them. If you can't keep foreign propoganda off TV then your not a sovereign country. If your wife sleeps with everyone they you have not got much of a marriage and if your country's population are taught by the BBC to hate the Serbs one minute and by Hollywood to hate Nazis the next then your country is a joke and has no real political existence but only a token sub-satrapic existence as an administrative zone in a larger empire. Finally people start waking up when they see the Blacks but they are still a bit sleepy.

**IMMIGRATION IS GOOD!
LETS HAVE MORE!**

**WE HAVE BEEN FIGHTING IT FOR YEARS.
CLEARLY PEOPLE AREN'T WAKING UP TO
THE TERRIBLE DANGER AND NEED TO
SUFFER MORE BEFORE THEY DO. I AM
WORRIED THAT PEOPLE WILL GRADUALLY
BE ERASED AND LOSE THEIR IDENTITY
WITHOUT WAKING UP.
WHAT THEY NEED IS INCREDIBLE
SUFFERING .ONLY MASS UNCONTROLLED
IMMIGRATION CAN GIVE US THAT.
WORSE IS BETTER.
LOOK AT SOUTH AFRICA. THE WHITES ARE
BEING MURDERED BUT THEY ARE STILL
BEING LED BY THE NOSE .
BRING THEM ALL IN IN SUCH A FLOOD
THAT PEOPLE WILL BE FORCED TO REACT .
WE NEED A CHANGE IN POLITICAL
ESTABLISHMENT . YES A REVOLUTION.
YOU WON'T LISTEN TO YOUR FRIENDS BUT
MAYBE YOUR ENEMIES CAN BEAT AND
RAPE SOME SENSE INTO YE. MANY OF YE
HAVE BEEN SO BRAINWASHED BY THE
MEDIA THAT YE WOULD PREFER TO DIE
THAN SPEAK OUT .**

(This leaflet is being ironical in its "support" of immigration. I have to spell it out because irony is wasted on many people.)

Once again the joke is on the
Aryans.

My advice to White Nationalists is to travel to Iran and help them organise and train them in Revisionism. Here we have an entire free country on our side .Use Iran as a base to destroy Jewish propoganda myths. What percentage of the skinheads etc are actually being of real use to our cause? Getting in fist fights with niggers in bars isn't the best use you can make of yourself. Speak out and lead people. Nobody likes Blacks . Nobody really cares if you don't . We are fighting a religion . A heretic is always more of a

threat than say a Satanist is to Christianity. Think about it. Break the spell of the enemies propaganda over the people . Try to be effective and not self-indulgent. We need more people doing grass roots revisionist activism. Being outside their philosophical taxonomy is a better place to be .

I don't know how many people I have visited whose houses were full of WW2 antiques etc etc but who do not a whole lot in the real world. We could do with these hobbyists selling their antique collections and investing their money in active dissidents.

We have the Jews on film doing things far worse than they ever accused the Nazis of doing. Nazis never jailed Historians for debating 60 year old events. The Jews are compelled to war against all humanity by the magnitude of their crimes. If any country breaks free we will make such art as to completely destroy their cult and tribe.

I really wish that they let that statue up of Churchill. Priceless .

I like this one from irancartoon.com. Thank you Iran. I went to one of these Amnesty International meetings but just met bigoted cretins there.

This is another Iranian one. Would be great as part of a leaflet. Anyone want to write me a leaflet using it? Please do activism! Go to a stationary shop and get sticker paper and print out your own stickers. Use any image on this site you think is good. Experiment and find what works with people.

Choice A

Churchill offers "nothing but blood sweat and tears".
 Stalin offers :Death for millions in the gulag.
 Roosevelt offers the "four freedoms"
 Freedom to be incinerated
 Freedom to be shot
 Freedom to be drowned
 or Freedom to be blown to smithereens by the Cranky Yankies and their Jew overseers.

Choice B

Hitler offers :Peace and German soldiers to protect the British empire.
 Germans make massive scientific progress in the short Jew free years .

Oops the sheep choose A !

2006 Today

Jews offer a race mixed world empire with them as the masters and everyone else as the slaves.
 There will be no free speech and the whole thing will collapse anyway into total and bloody war.

White Nationalists offer freedom and self determination for all peoples.
 Revisionists offers historical truth.
 Scientists offer real Jew free science.

Oh Dear . What are our born slaves going to choose? What will the sheep who can all " think for themselves" choose?

"When fighting against hereditary enemies of his tribe, Chinggis's own son begged him to spare the life of the enemy leader's son. Chinggis replied: "How often have we fought them? They have caused us much vexation and sorrow. How can we spare his life? He will only instigate another rebellion. I have conquered these lands, armies, and tribes for you, my sons. Of what use is he? There is no better place for an enemy of our nation than the grave "

"It is delightful and felicitous for a man to subdue rebels and conquer and extirpate his enemies, to take all they possess, to cause their servants to cry out, to make tears run down their faces and noses, to ride their pleasant-paced geldings , to make the bellies and navels of their wives his bed and bedding, to admire their rosy cheeks, to kiss them suck their red lips "

Little over a decade ago, Zhang Yuchun, a member of the Communist Party, was an official with the Beijing building bureau.

"The 110-mile maglev line from Shanghai to the nearby city of Hangzhou is due to be completed by 2010 at a cost of \$4.3 billion, Xinhua reported. The world's only commercially operating maglev train, built with German technology, links Shanghai's main airport with its financial district. Maglev technology uses powerful magnets to suspend a train above a track and propel it at speeds of up to 260 mph." "The enduring economic boom in Australia is almost solely a result of exporting natural resources to China: huge amounts of iron ore and alumina, and soon natural gas. Australia, which has 30 percent of the world's uranium deposits, is expected to sign a deal next month to sell uranium to China for its nuclear power plants."

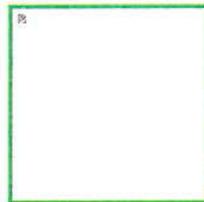

We need your help to defend free speech and to educate the public . We have very limited resources .

Irish Examiner Thursday, January 27, 2005 "The website is run by an organisation called Revisionist Education Organization. The group, believed to have only a small number of members, is based in Cork, and has distributed leaflets and conducted recruitment campaigns in Dublin.

"The website is an insult to Jewish people and other people. It is a permanent form of incitement to hatred," said Philip Watt of the National Consultative Committee on Racism and Interculturalism (NCCRI).

He said legislation should be brought in to outlaw such websites. Mr Watt was concerned Holocaust denial wasn't a crime in Ireland and said it should be. "
