## LETTERS TO THE EDITOR

Dear Mr. Dietz:

After reading a couple of years' worth of *Liberty Bell* and the endless arguments over who killed more people, Joe Stalin or the Germans, how many and where, I am tempted to say, too bad it wasn't more—we still have too many here now—all the "survivors" of the holocaust, plus every Jew that was ever born, filling every conceivable governmental, university, or commercial position in the country.

At least one wit, I think also read in L.B., once quipped that there were not that many Jews in Germany, and possibly not in Europe. Did they multiply underground like moles or clone? Where were they that they come here in such numbers? There can't possibly be any Jews left in Russia, Poland, or even Israel (Martians in disguise?).

Another question in my feeble mind is how come they had all their worldly possessions taken from them before being deported/put in gas ovens/torn from the bosom of their families, and yet seemingly form a large part of the affluent community of Skokie IL, among other communities, such as Belaire and Brentwood?

These people seem to have miraculous powers, tattoos on their wrists or not. No people in history ever went through so much and came out so rich. I would say that there seems to be no poor Jews, but in a book *The Rational Feminist* reviewed a couple of years ago, the author stated that many, if not most of the Hasidics in NYC were on welfare "because they have no skills" (Kaye, 1987).

Is there something wrong with this picture?

Yours of the 6 millionth instant,  
Molly Gill, Editor/Publisher, *The Rational Feminist*

"More than 50,000 immigrants from the **State of Israel** currently reside in the **Greater Toronto Area**, comprising some 25 per cent of the **GTA's** Jewish population. ... Altogether, 64,859 Israelis immigrated to Canada from 1946 to 2004, with the vast majority settling in the **GTA**. That figure does not include children born in Canada. ... The largest concentration of Israeli immigrants in the **GTA** is in Vaughan (2,840), a city immediately north of Toronto. Second is the area around Finch (1,150) and third the area around Lawrence (670). Two-thirds of the Israeli community earn less than \$40,000 per year ... 14.5 per cent live in poverty. ... Canadian Jews' connection to the community and to their Jewishness is often through synagogue affiliation. Most Israelis, however, are secular. 'They look at Jewishness first from the point of nationalism and ethnic identity and less from the point of view of religion,' [says **David Gidron** for the **Israeli House**, a component of the Israeli Consulate in Toronto. According to Gidron,] Israeli parents are confiding in him that their children are 'marrying out and they are not sure what they did wrong.' ... While 'we'd be happy if the Israeli community packed up tomorrow and went back home,' he said out-migration is now seen as a normal

salts. Since common sense and dangerous sedition are indistinguishable in some circles, **NDPer** Nash (who has not commented on the ethnic warfare in her Toronto riding other than to blame the *Ancien Régime* of **Mike Harris**) sniffed in conclusion] Morgan 'doesn't reflect Canadian values.'" (*National Post*, May 18, 2006) Morgan has drawn a bead on other holy shibboleths -- scoffing at Ottawa's fallback position on gun control (blame America); the addiction to federal subsidization dollars in the Maritimes and a province otherwise committed to breaking the country apart; the malign influence of high earning union officials on Canada's competitiveness and a public sector that consistently delivers inefficient and low quality services at highest possible cost.

Emboldened by the parliamentary mugging, everyone and his immigrant lobby group realized that they could gain some traction on the most outlandish patronage and partisanship appointments imaginable. Two weeks after Morgan's ordeal, **Liberal** leadership hopeful **Gerard Kennedy** made an announcement: To "Close The Immigrant Success Gap," Canada must create a new parliamentary position -- **Immigrant Success Advocate** -- to ensure that newcomers earn precisely what the native-born earn within ten years of arrival

I enclose an article which appeared in yesterday business report, whereas our lovely government is planning to build inclusive housing estates to mix the population. In other words, these estates will be over 80% Black and our young people will have to live among the bastards or sleep in a tent, as there will be no accommodation for them anywhere else. In that way our women will be raped by niggers and we will be genetically destroyed. The writer is a certain Dan Smit, a renegade Afrikaner or a Dutchman, who was a professor of urban governance at the Institute of Social Studies in The Hague and is now an adviser to Mbeki, on how to destroy the Whites in South Africa through an enforced mixed housing programme. As he states, government must avoid scaring housing developers away. In other words a salami technique must be applied gradually, until we end up with nothing and our youth are forced to live among the rabble. It will be done in such a gradual way that we will eventually accept everything. I hate to think what would happen to such a person in Iraq or Palestine, but here in South Africa we just accept and commit suicide. Maybe that man could be Brink-ed out of the country, if we had professional people on our side. I just take that as an academic exercise. The first question to ask is Who is Dan Smit, is he married, is he a queer, what skeleton is he hiding in his closet, what type of pressure could be applied for him to desist? Could he be convinced one way or the other? We must realise that this regime has a lot of advisers, none has the welfare of the White nation in their heart. While we sleep, they are working day and night for our destruction. Get rid of the advisers and half of the problems are solved. One thing you can be sure is that every one can be pressurised. It is just a question of finding the weak point.

As you see, if we want to survive, there are a lot of thing we can do, but not the way we have done it so far. This is a straight way to hell. THE AFRIKANER MUST START THINKING LIKE WINNERS AND THEY WILL WIN. THE KLEIN VOLKIE MENTALITY MUST GO. IT IS IMPORTANT TO THINK BIG, FOR OUR SURVIVAL AS A NATION AND A RACE IS AT STAKE.

Maybe this letter will give you an idea of what is to be done. Unfortunately there is no other way. One does not make an omelette without breaking an egg.

I wish you all the best and good luck!

THE GENETICS OF THE JEWS: "Jews are not White," says Professor Leonard Fein, who teaches Politics & Social Policy at Brandeis University in the U.S.A. Fein was addressing the 17<sup>th</sup> biennial congress of the Jewish Board of Deputies in Johannesburg, South Africa in May, 1972. "You are not White, either symbolically or literally, as anyone knows who goes to Israel," he said. Professor Fein, besides being a specialist in jewish community problems in the U.S.A., is a specialist in Black-White relations in the cities. RAND DAILY MAIL, May 15, 1972.

"Jewish blood is different," says jew Dr. Michael Kaback of the John F. Kennedy Institute in Baltimore. Jewish blood lacks an enzyme called Hex A and often results in a condition called Tay-Sachs disease. Over 90% of the Tay-Sachs disease is found in jews. This disease causes convulsions, paralysis, idiocy and death."

A TV documentary featured the story of a jew who called himself "German". He mated with a Cajun woman. Their child was born with Tay-Sachs disease and died in infancy. Jews of all parts of the world have specific genetic similarities, even common fingerprint characteristics, according to Dr. Leo Sachs, who heads the genetics section of The Weizman Institute of Science in New York, in collaboration with Dr. M. Bat-Miriam.

"The Genetics of the Jews" by A.E. Mourant et al., Oxford University Press, 1978, reports the findings of jew hematologists, whose work was originally published in The Lancet, the journal of the British Medical Association. They report that "even the blondest jew has Negro marker genes... which are due to concubinage (prostitution) and slavery." For more information, contact RACIAL LOYALTY.
