National Alliance declares October
WHITE HISTORY MONTH

Hey White kids! We know school's got you down with endless celebration of fraudulent heroes like Martin Luther King while ignoring the men who really made history and created our civilization. That is why we want you to know that we have declared October to be White History Month.

Right now our civilization is under attack and White people are threatened with extinction from Third World invasion and race mixing propoganda. Educate yourself and join our fight!

WE'RE LOOKING FOR A FEW GOOD VIKINGS
