China's War Plans for Conquest & Extermination of North America

The following chilling speech by Chinese Defence Minister Chi Haotian was first carried August 12 by U.S. broadcaster Hal Turner. It is a chilling but coherent plan for war. It explains that China needs more space and resources for its soaring population. It offers a vision of Chinese racial superiority and entitlement to regional, if not world, hegemony. It calls for the conquest of North America, already once conquered by Asians [the Native Indians] and the extermination of at least half of North America's population, preferably by a still-to-be-perfected biological weapon that targets Caucasians.

I've sat on this frightening call for war and genocide for seven months. I talked to Hal Turner at the recent American Renaissance Conference in Herndon, VA. He said American friends of his had obtained it from dissident Chinese military men in Shanghai. Another old China hand has since confirmed that the speech is widely known in China. It has been published in a few dissident outlets including Epoch Times. As usual, the poodle press does nothing but spin more fantasies about the huge profits that might be reaped somewhere in the future through more trade with China. Like the sorry old opium addict, they continue to "chase the dragon." -- Paul Fromm

Chi Haotian, China's Minister of Defence and Vice-Chairman of China's Central Military Commission, gave the following speech to his military leadership. ... In it, he spoke openly about China's need for "more living space" and stated bluntly that The United States, Canada and Australia are the only places large enough to accommodate future Chinese needs. He notes the need for a quick, effective biological attack upon the U.S. to depopulate it as a prelude to conquest, and plainly states that China is working on genetic bio-weapons to kill everyone except 'yellow people.' His chilling remarks boast of a recent survey of the Chinese public wherein upwards of eighty percent (80%) were willing to 'shoot and kill women, children and prisoners of war' as part of such an effort. More frightening was his admission of an ongoing deliberate deception of the U.S., with China portraying itself as a peaceful business partner, while actually planning to kill 'one or two hundred million Americans.'

He also notes that, thanks to trade, income from Chinese exports is providing the financing needed to vastly expand Chinese military might in preparation for an attack upon the U.S. which he seems to indicate will occur within "five to ten years." -- Hal Turner

Comrades, I'm very excited today, because the large-scale online survey sina.com that was done for us showed that our next generation is quite promising and our Party's cause will be carried on. In answering the question, "Will you shoot at women, children and prisoners of war," more than 80 per cent of the respondents answered in the affirmative, exceeding by far our expectations.

Today I'd like to focus on why we asked sina.com to conduct this online survey among our people. My speech today is a sequel to my speech last time, during which I started with a discussion of the issue of the three islands [Taiwan, Diaoyu Islands and the Spratley Islands], mentioned that 20 years of the idyllic theme of 'peace and development' had come to an end, and concluded that modernization

under the sabre is the only option for China's next phase. I also mentioned we have a vital stake overseas.

The central issue of this survey appears to be whether one should shoot at women, children and prisoners of war, but its real significance goes far beyond that. Ostensibly, our intention is mainly to figure out what the Chinese people's attitude towards war is: If these future soldiers do not hesitate to kill even non-combatants, they'll naturally be doubly ready and ruthless in killing combatants. Therefore, the responses to the survey questions may reflect the general attitude people have towards war. ... We wanted to know: If China's global development will necessitate massive deaths in enemy countries, will our people endorse that scenario? Will they be for or against it? ...

The fact is, our 'development' refers to the great revitalization of the Chinese nation, which, of course, is not limited to the land we have now but also includes the whole world. ... As everybody knows, according to the views propagated by the Western scholars, humanity as a whole originated from one single mother in Africa. Therefore, no race can claim racial superiority. However, according to the research conducted by most Chinese scholars, the Chinese are different from other races on earth. We did not originate in Africa. Instead, we originated independently in the land of China. ... Therefore, we can assert that we are the product of cultural roots of more than a million years, civilization and progress of more than ten thousand years, an ancient nation of five thousand years, and a single Chinese entity of two thousand years. This is the Chinese nation that calls itself, 'descendants of Yan and Huang.'

During our long history, our people have disseminated throughout the Americas and the regions along the Pacific Rim, and they became Indians in the Americas and the East Asian ethnic groups in the South Pacific. We all know that on account of our national superiority, during the thriving and prosperous Tang Dynasty our civilization was at the peak of the world. We were the centre of the world civilization, and no other civilization in the world was comparable to ours. Later on, because of our complacency, narrow-mindedness, and the self-enclosure of our own country, we were surpassed by Western civilization, and the centre of the world shifted to the West.

In reviewing history, one may ask: Will the centre of the world civilization shift back to China? ... Actually, Comrade Liu Huaqing made similar points in early 1980s. Based on an historical analysis, he pointed out that the centre of world civilization is shifting. It shifted from the East to Western Europe and later to the United States; now it is shifting back to the East. Therefore, if we refer to the 19th Century as the British Century, and the 20th century as the American Century, then the 21st Century will be the Chinese Century. ...

Our Chinese people are wiser than the Germans because, fundamentally, our race is superior to theirs. As a result, we have a longer history, more people, and larger land area. On this basis, our ancestors left us with the two most essential heritages, which are atheism and great unity. It was Confucius, the founder of our Chinese culture, who gave us these heritages. These two heritages determined that we have a stronger ability to survive than the West. That is why the Chinese race has been able to prosper for so long. We are destined 'not to be buried by either heaven or earth' no matter how severe the natural, man-made, and national disasters. This is our advantage.

27 Jewlie 09

Hail Thomas! It was great to receive your letter of 24 Jewlie 09, with the good news that your anal-retentive zoggies allowed you to receive both my letters, including the one of 30 Jewn, which they 'lost.' Maybe Dr. Nadir is studying my comments toward his rehabilitation, for his statements to you reflect his lack of principle as well as knowledge. He is by no means among the few who prostitute (sell out) to make his zogbucks. When Rothschild declared that the power to issue money is superior to the power to make laws, he spoke the truth, since most people will do anything for money, to paraphrase Talleyrand. Dr. Nadir is in the vast majority, since we have "the best government money can buy." One prostitute declared: "His bread I eat. His song I sing." Some are claiming their actions to be "enlightened self-interest," even as they lead us into darkness & decay. No society can afford to sacrifice its public interests for private profit, unless it wishes to wind up like the sheeple of the USA: In debt to China, with a crippled economy.

The Seattle Times of 27 Jewlie 09 reports that "China Finds Way Out of Recession." This is not surprising, since China now has our money, our industries, & is going for our former markets & sources of raw materials. China is also making political 'hay' with our former zogbucks, with massive loans & other investments in Latin America, Africa & Asia. In addition, China has its own domestic market for all of its production, as its population earns enough income to buy Chinese goods & services. Hence, all China needs is food & raw materials, for jew capitalists have made China into a global giant, & the Chinese the jews' new host people, after leaving their Jewnited States monster in the lurch, with its military bleeding to death in the sands of The Middle East, while the USA is invaded & occupied by aliens, including pests & parasites. The USA stands only as a monument to Judeo-Capitalism, with its former workers standing on streetcorners in poverty & bewilderment. Judeo-Americans' new motto is: "Wha hoppen?" Most don't want to know, even as they suffer the consequences of their folly. You got conned by the old jew screw, Whitey. With Chinese prosperity will come the Chinese. Trust me. That's why optimists advise us to learn Spanish & pessimists advise us to learn Mandarin; not that Spics nor Chinks need us overpriced paleskins, who've already been sold out by our own kind, on behalf of the jews' money. The hour is indeed late for Our Race. The Prophet Hitler warned in the 1920s that export of Aryan technology would mean export of Aryan jobs, to China, & that America would fall into Chinese possession if its Gentiles didn't heave the jewish monkeys off their backs. Well, Hitler was absolutely right in regard to our tech & job exports, so we shall see & suffer the other predicted consequences of our sloth, stupidity & folly. Jews call us Goyim (soulless cattle) & most of us gratify them by behaving just like cattle, sheep, pigs & such livestock.

As you say, we have adopted beliefs which destroy us, as they must, so we are 'courageous slaves,' rather than rebellious men who fight for our personal interests, principles & above all, for Our People. We are just the way the jew enemy wants us: Sheep fit for fleecing & slaughter. Yes, the incorporation of alien creeds is as pernicious as acquiring alien blood, for "From the corruption of women proceeds the confusion of races. From the confusion of races, the loss of memory; from the loss of memory, the loss of understanding, & from this: All evil." We've chosen the easy, downward path for so long that our upward struggle will be that much more difficult. Well, our minds & our morals have become flabby, so we do need the exercise!

Hitler described the jews as monkeys. In Chinese mythology, there is The Monkey King who incessantly thwarts the Emperor. In Wotanism, there is Loki, whose mischief angers the Gods of Valhalla. What we have achieved is to put monkeys in high places, to rule over us, for their perceived benefit, not ours, obviously. The Golden Rule is revealed as the jews' Rule of Gold: Mammonism & the Cult of the Golden Calf, which jews have worshipped all along. We are told to forsake worldly power & wealth on behalf of a piece of heavenly pie in the post-humous bye & bye, so we forsake the things of this world which we need to survive in this world, thereby putting control of this world into jew monkey paws. Aren't we smart? Now we know how Ponzi rackets can work: "Die for ZOG, so you can live in heaven." The jews are indeed chosen by THEIR god, which we do ill to serve, in our innocence (ignorance).

Jew author, Franz Kafka, wrote that "Innocence in a child is charming, but innocence in an adult is EVIL." I believe it was Graham Greene who wrote, "The Quiet American," about the U.S. role in Indochina. Greene characterized the French as 'merely bad,' since they ruled Indochina for their own benefit, but the Americans were evil, since they harmed the Vietnamese et al. "for their own good." Hence, jews teach Whites to harm themselves "for our own good," since "The best of the Goyim should be killed," according to their Talmud. ORION!
