

13 FEB 05. Dear Wayne: Many thanks for your great letter of 3 FEB & the outstanding enclosures! I nominate Makow for membership in AZA. There is no doubt in my mind that the bankers who arranged World War I did the same for World War II. One delegate, whose name I forget, stated after Versailles that "powder kegs" were being set up all over Europe, so a small spark could ignite another war. Germany was again being allowed to prepare for war & given financial & diplomatic assistance, with full knowledge of the bankers & their political lackeys. Hitler was allegedly a paid member of the bankers' cast of characters, including "Stalin", Churchill & Roosevelt, but Hitler did not stick to the script. His role was to conquer Europe & then attempt to invade Britain, with all his forces, thus turning Germany's back to Red Russia. This would allow "Stalin" an easy invasion & conquest of Europe, which his kosher congener, "Trotsky", had failed to do in the 1920s. While Hitler proceeded with his "Operation Sealion" (the invasion of Britain) hoax, "Stalin" was massing his invasion forces on the line of demarcation between German-occupied territory & that occupied by the USSR, after their dual invasion of Poland. The show was set to start in 1941, during the "Hitler-Stalin Non-Aggression Pact", which neither intended to honor, except in the breach. Former Soviet military intelligence officer, "Suvorov", confirms Soviet invasion plans in his book, "The Icebreaker". According to "Stalin", Hitler was supposed to open the way for the Soviet invasion & conquest of Europe. Instead, Hitler saved Western Europe from Soviet conquest by his pre-emptive attack upon the USSR, much to Roosevelt's alarm.

Thanks for sharing your excellent idea for the establishment of local groups, as opposed to 'virtual' groups on the Internet. I'll be on the lookout, as always, for receptive contacts on the local scene. Unfortunately, I have found none in 12 years of searching. This is Afro-Asian territory, so the best I can do is to spread the AZA message. I shall retain your booklet for publication if I ever do find a prospective recruit.

Napoleon observed that the moral force exceeds the material force as 3 to 1. This is also true for the rise & fall of civilizations & nations, as you state, for no material conditions can excuse the lack of will.

Thanks, also, for David Mock's Ten Point Program for The White Renaissance Society. I'll see if I can find others to put it on additional websites.

#### PAULA HITLER

As sister of the man who sacrificed himself for Germany, this I wrote in the beginning of the postwar period:

You gentlemen, do not forget one thing! Your names will eventually join your remains, forgotten and decayed, while the name of Adolf Hitler will always shine and glow! You can not destroy him with your manure buckets, nor can you strangle him with your filthy, ink-spattered fingers. His name shall not be extinguished in one hundred thousand souls. Of that, you yourselves know much, but still too little!

His love was for Germany. His struggle was for Germany. His concern was for Germany. What he enjoyed was also for Germany. And if he fought for honor and respect, it was German honor and German respect, and since he is no longer alive on earth, he gave his life for Germany. What have you given? Who amongst you would give his life for Germany? Always, you have only had power, wealth, pleasure, gluttony and over-indulgence, a luxurious life without responsibility, with no thought for Germany!

Resign yourselves to it, gentlemen: The Leader's pure selflessness in thought and deed suffice to make him immortal! Although Adolf Hitler's determined struggle on behalf of German greatness did not succeed, as did that of Cromwell in Britain, this may have to do with mentality, since the British tend toward conceit, envy, jealousy and ruthlessness, but they never forget they are British, and their loyalty to their Crown runs in their blood. The Germans, however, immerse themselves in their desire for self-importance, but not as Germans.

You tiny souls, together, have achieved nothing, except for the ruin of this entire nation. Your principle will never be: public welfare before personal welfare, but always the reverse. With your principles, would you even wish to hinder a great man's immortality?

What I wrote in the early postwar period is still true in 1957, and it confirms the rightness of my convictions.
