

22 June 05. Hail Jason! Many thanks for your letter of June 16th. I enclose a passport photo which still looks like me. Just add grey hair, much, much more. I photocopy all my letters, especially if your gulag-zoggies can't figure what white-out is. Aryan Syndicate is one of my worldwide correspondents. My writings appear on at least 3 websites in the U.S.A., & my articles are also published on some European websites & printed publications in various languages. I also write Spanish & German, which I often translate into English & vice versa. I've done this work for at least 40 years, so I'm reasonably good at it. Ha! One correspondent wrote that he estimates I have around 100,000 Internet readers, which is as if I worked for a big newspaper. That's one of the things I wanted to do as a kid, so I got my wish, but not the way I'd imagined.

Yes, it was sad that Tom Metzger got legally robbed by the ZOG, based on some cartoons he printed which ZOG said "incited to violence". I wonder why ZOG does not sue every Hebrewwood movie-maker for "inciting to violence" in their films? It strikes me as selective justice", which is really injustice: unequal enforcement of the law.

I haven't heard of The Prussian Blue Band, nor its girls. It sounds as if they are doing good work. If I find a valid address for the Hammerskins, I'll let you know. In their publication, they impressed me as being good people who were trying to help Whites & steer them away from self-destructive behavior, such as crime & drugs. I understood from a correspondent that ZOG wanted to "Metzger" them because one of their alleged members got into trouble. This is similar to ZOG's tactics for robbing Pastor Butler: some goofs from his bunch misbehaved & brought the ZOG down on Butler. No, still no Mein Kampf, but there's no rush. Thanks!

As you say, mythology can be boring. Savitri Devi wrote that National Socialism was a contemporary manifestation of Cosmic Truth. In other words, we should promote the substance, which is eternal, rather than the costumes, labels & rituals which become stale, with time, & lose their meanings. The same goes for Judeo-Christian mythology, which must always be re-interpreted by its promoters & profiteers.

The only TV I watch, if I happen to be near a TV, is History Channel, so I can catch up on the news. I was out of the U.S.A. so many years that I missed all sorts of events, at least, those reported by the jewsmedia. I was in Colombia, South America, for instance, when John F. Kennedy was assassinated in Dallas, TX, in November 1963, so I only heard a brief radio report. I also see people I knew in connection with World War II, on the German side. I once blurted out that I knew a German air ace who was being given an Iron Cross by Hitler. You could have heard a pin drop in the restaurant. I said, "No, not the guy with the^moustache. The other guy, but that was after the war!" One customer muttered, "I'm not so sure it was after the war." Another said, "Yeah, he speaks German, you know." (Referring to me.) One big topic avoided by the so-called History Channel is Stalin's plan to invade Europe in 1941. Stalin expected Hitler to attack Britain, but Hitler got the jump by attacking Red Russia almost 2 weeks before Stalin was ready. Hitler saved Europe from Stalin, but Europe could not save herself from herself!

Horst Wessel was a great leader. Too bad he got killed so early in the struggle. Congratulations on your birthday. I hope you receive this letter before then! Sorry, but the book on Jew Supremacism which I have from David Duke is hard cover. I hope he sells soft cover editions.

I see Timothy McVeigh as a question mark, for it took the OK City ZOG-blg. bombing to distract the sheeple from The Waco Atrocity. In other words, I always ask, "Who benefits?" As a former soldier & reporter, as well as colonial administrator, I have been involved in insurgency & counter-insurgency. An old trick used by all sides is to commit an atrocity in which civilians are killed, often savagely, & leave the opposition's trademarks at the scene of the crime. I think McVeigh was either a ZOG-agent or a patsy. The Murrah Blg. would not collapse from Mc Veigh's exterior explosion. There had to be implosion charges on the building's internal pillars, just as in The World Trade Towers. It seems like a ZOG-job to me, in terms of execution & in terms of benefits gained by ZOG. In the 'spook' business, one never knows for whom one is working. Arabs are paid by Mossad (Israel's CIA) to blow up places. The Arabs think they work for Arab freedom, but the results of their work benefit the rulers of Israel. Such a deal! U.S. grunts in Iraq may think they 'defend' the U.S.A. (by leaving U.S. borders open!), but the USA is ZOG-gone & they are working for a global empire for low pay, as compared to the "private military contractors", that is, ZOG-mercs, who make at least 5 times more than regular U.S. soldiers. So, study & stay healthy, so you can be of value to yourself & Our Race. All the best & ORION! (Our Race is Our Nation!)
