

23 June 05. Howzit, Mark? Many thanks for your letter of June 7<sup>th</sup>. I could not find a return address on the letter or the envelope, so I copied the address from your first letter. I hope you still live at the same address. I've enclosed some of my articles on Christ-insanity for your entertainment. The U.S. situation has worsened greatly since you first wrote & your observation that U.S. people must have shit for brains is more obvious every day that they tolerate the insane policies of our ZOG (Zionist Occupation Government). As you know, a Zionist is a jew-supremacist, be he jew or Gentile. Freemasons were the foremost jew supremacists in Rhodesia, in my experience, but after all, their Mother Lodge is in London, U.K., next to the Rothschild Bank of England, so it is no surprise that the Freemasons are jew-stooges. The U.S.A. (Under Satan's Administration, as one Freemason told me) was founded by Freemasons & French gold, & the same bunch run politics in Latin America, so there has long been a world empire, as described in the book, "The Empire of the City", referring to The City of London. The British Empire were the thugs & hitmen for the jew world order, just as the USA is now doing that job, which is hastening its collapse as a world power. It looks as if the jews will drop the rotten corpse of the U.S.A. in favor of a deal with China, for the jews always betray their most generous host peoples, as they bragged in their Old Testament, & in their contemporary writings. I wonder to whom the hebes will betray China, the Martians? Stay tuned. We have already seen what jews do naturally, in their betrayal of White-ruled Africa: sneak in, screw & skedaddle. No one ever seems to catch on. When will we ever learn, if ever?

I don't know if you remember S.E.D. Brown's South African Observer, if I recall the name correctly. For decades, he kept his publication 'kosher', with birchite babble about "kommooniz-um", while ignoring the jew commies & collaborators in his midst, as well as the fact that the Blacks were the Whites' real enemies, at last, even if the jews & their White stooges were the Whites' first enemies, & their worst. In the end, Whites were their own worst enemies because they willingly stuffed their empty heads with the same sort of kosher crap that fills the crania of the American boobwazee. Garbage in, garbage out, as they say. Shit-filled brains bring shitty results, but Whites do not understand why that is so. Only when it was too late did Brown start hinting at the truth, likely because he had nothing to lose, as he saw it.

It is difficult to publish under censorship, as we know, but how much censorship is necessary before we see that we can make no progress at informing people, so as to change their minds & their behavior? At what point do we decide that reasonable arguments become unreasonable & futile if our rulers forbid us from stating facts relevant thereto? Of course, ZOG can decide for us, by removing us from our typewriters & computers, which will be no surprise to informed people who seek to inform others. In the U.S.A. we still enjoy a window of opportunity to say what's on our minds, despite the mainstream jewsmedia monopoly, for we now have the Internet. In my opinion, we'd better take advantage of this opportunity, for it may not last much longer. Then, we will have done the best we knew how to do, & if the masses wish to remain asses, that is up to them. Why should we wish to dissuade fools from their self-chosen folly? Nature is Nazi, so She will cull our duds in due course, in Her lavish way.

I am not surprised that you find no spelling for the forbidden word, Aryan, in your current dictionaries, just as Orwell predicted in "1984", referring to "Newspeak", which is really "jewspeak" or "political correctness". Canada's Zionist Occupation Government (ZOG) forbids the word, ZOG, in terms of its thought-crime laws, for they claim it is "Nazi propaganda". How these kosher commissars squirm when non-Whites use this term! I read that Louis Farrakhan, the Black Muslim leader, referred to the USA as the "Jewnited States". Good fellow! As Orwell said, it is difficult to think if we do not know the words for expressing our thoughts. Imagine if we were in prison, but we were forbidden to use words to describe our situation. How surprised we would be to discover we were confined to small areas enclosed by walls & steel bars! Then, imagine how it would be if generations were spent in such confinement, with no opportunity or wish to see the world outside: a Zionist version of 'paradise', as in their Soviet 'workers' paradise'.

As I recall, 9-11 was not a jewish holiday, but the jews of The Trade Towers were advised to take that day off. Many people knew that something was planned for 9-11, including stock traders who sold short on 9-10. The collapsing buildings behaved exactly like the ones which are imploded by demolition charges placed on their load-bearing pillars. As I recall, the USA Today figure for the total of Trade Tower victims was 2008. On a normal business day, around 100,000 would have been in the buildings, & 9-11 was a normal business day. When the planes struck, that number of people should have been in the buildings, but were not! As you noted, liberal hypocrites (a redundant expression) are the first victims of their lies, along with those fools who believed them. Just keep me posted on local events. All the best & ORION!
