

15 SEP 05. Dear Brian: Many thanks, at least to the 10<sup>th</sup> power, for your mailing of AUG 18<sup>th</sup>! This was a real feast for thought. As I write this, there are terrible reports of Irish Protestant violence in Northern Ireland, which shows the baleful influence of Judeo-Freemasonry, just as Sinn Fein shows the baleful influence of Judeo-Communism. Karl Marx wrote that the British Empire could be destroyed from its colonies, & he mentioned Ireland as the foremost opportunity for such destruction. This probably accounts for the IRA's infatuation with International Communism, in direct contradiction with Irish Nationalism. As a Scottish Norwegian, this conflict of objectives is clearly obvious to me, but it may not be to the "poetic & romantic" Irish supporters of Sinn Fein & the IRA, if that is their excuse. So far, their policy seems to be one of 'Brits out & wogs in'. The Protestants want 'Irish down & wogs in', since Freemasonry is also internationalist, just like Marxism, both being jewish in origin. It is also clear that the policies of the Freemasonic Orange Lodge & those of the IRA/Sinn Fein are anti-White & pro-wog & pro-nignog. The Catholic Church is also on the side of the anti-Whites, so a truly Irish movement would turn against both these accursed houses of internecine strife. Thanks for your constructive ideas on this issue! I only hope that those most in need of them will heed them, in their own racial interests & those of Ireland. This conflict in Northern Ireland is clearly unnecessary & detrimental to White survival in all of Ireland. It's time to be pro-Irish, & to throw these rascals out. International Christianity & International Communism are directly harmful to Irish Nationalism, for the White people of Ireland are killing each other for these anti-White entities, just as Whites killed each other on behalf of jewish banksters in World Wars I & II.

Re 'jew-jitsu': jews like to confuse Goyim by changing their definitions of 'jew'. All references I have encountered over the decades indicate that Picasso was not only a jew, but a Communist, like Einstein, which explains why his jewish promoters served him so well. I'd check The Jewish Encyclopedia or Encyclopaedia Judaica for biographical references, as well as "The Jewish Book of Lists" by Schocken Publishers of New York City, NY. Jew atheists are included with jew religionists, since 'jew' is a nationality in their own eyes, & not a religion. Israel defines a jew by his or her jewish mothers, not by fathers, nor religions. I hope you can profit by these officially kosher sources, to clear up any confusion. The obfuscation also relates to the definition (s) of "White", which is immediately shown by DNA, & not by nose-length, skull-shape or birthplace, as 19<sup>th</sup> century caliper-wielders claimed. As you noted, those who claim that Whites do not exist, must also contend with non-Whites who believe & behave as if they do exist. The jews tried their scam in Africa in 1974, when they proclaimed that they were non-Whites, long after they had enjoyed their acceptance as "White people of a different religion" in Rhodesia & South Africa. Their problem was that they were not Black enough for the Black racists! I wonder what they call themselves as they swarm into Australia: Whites or non-Whites. In North America, we have Whites who think they are "the true jews" & ostensible Whites who behave like niggers. For practical purposes, I consider neither group to be White, since they are anti-White, regardless of their DNA. I would also consider ostensible Whites who correspond to non-White cultures & religions to be non-Whites.

Many thanks, also, for Simon Sheppard's excellent analyses of human behavior & the present plight of Britain, as well as the French language material which reveals their ZOG's efforts to restrict the flow of information on the Internet in clear violation of the U.N. Charter of Human Rights, Article 119, if I recall correctly. We live in hypocrisies, not democracies. Adolf Hitler said that "The more we hear of 'human rights', the fewer there will be." As usual, he was right.

As a child, I saw world maps in which most lands were shown in red. In those days, red meant the British Empire, which covered Canada, Australia, New Zealand, most of Africa & much of Asia, including India. The map you sent which reveals U.S. military bases & their host countries shows such areas in red, as befits the U.S. portion of the British Empire, which is really the Bank of England's empire under the Rothschilds. The U.S.A. became independent from King George III, but not from The Bank of England & its successors, including The Federal Reserve, under "King George (Bush) II".

It looks as if the pro-ZOG infiltrators have succeeded in "trimming", that is, betraying fundamental national principles in French & British "nationalist parties." They must be identified, isolated & rooted out. Otherwise our people must start again, from scratch. It's an old tactic for the enemy to subvert an organization from within, so Nationalists beware! NATION IS PEOPLE, NOT PLACE, as you have stated.
