

27 SEP 05. Hail Jason! Thanks for your letter of 21 SEP 05. Well, since Simon Wiesenthal lied about the Holohoax, he also lied about his "Nazi-hunting" & his alleged stays in Nazi concentration camps. The evidence points to his working for the Gestapo during the war. The founders of Israel worked actively with the Nazis during the war, & even in 1938, when Rabbi Leo Baeck had the jews adopt the six-pointed yellow star as their national emblem. He helped the Nazis write the Nuremberg Race Laws, based on jewish race laws. The Rabbi was living in London, England, after World War II. Wiesenthal was one jew with lots to hide, & he wanted to cover up the Nazi-Zionist collaboration during World War II. Adolf Eichmann worked with Joel Brandt to smuggle jews into British-occupied Palestine before & during the war. The jews murdered Brandt to hush him up. Brandt was a jew, living in Israel. But Eichmann blabbed about their collaboration after the war, when he was living in Argentina, so the jews kidnapped him & murdered him in Israel, after a kangaroo show trial. Eichmann was also a jew, for many jews worked for the Nazis. This fact is what the Zionists want to hide, so they crank out their Holohoax propaganda, blaming the Nazis for "persecuting" them. If the Nazis had been so bad to the jews, why did the jews decide to accompany them on their retreat from Auschwitz? That's what they did! They could have stayed to be 'rescued' by our "gallant Soviet allies", to quote Roosevelt, himself a jew. According to a colleague of mine, a former Gestapo officer, the Germans had a jewish branch of the Gestapo, Der Stachel (The barb), whose members would sniff out jewish contraband & black-marketeering. In addition to their regular Gestapo pay, these jews would receive a bonus based on the value of the contraband goods they discovered. Wiesenthal was one such Gestapo agent. Jewish chancellor of Austria, Bruno Kreisky, virtually called Wiesenthal a Gestapo agent in an interview for Profil Magazine, when he said to the reporters that Wiesenthal's relationship with the Gestapo was 180° contrary to Kreisky's. Kreisky said that he had been in a concentration camp during the war, because he was a Socialist, not because he was a jew. It was no crime to be a jew in the Third Reich, but it was a crime to be Red & therefore an enemy of Germany. Jews remained in Germany to the end of the war. I saw a 1944 Berlin telephone book which listed over a dozen jewish organizations in Berlin. Berlin jews, with their yellow stars, helped the French members of the Waffen SS dig anti-tank ditches in the streets, according to one SS veteran. That was in 1945! One jewess wrote that she loved Germans, & hated to live in Palestine with the Zionist jews, so she returned to Nazi Germany & stayed throughout the war, after which, she moved to Argentina. If Wiesenthal had really been in a concentration camp, he would have known the meaning of the camp insignia, but he obviously did not! Wiesenthal declared that he was (1) German, (2) Polish, (3) Czech, (4) Austrian; but a Pole whom Wiesenthal had persecuted pointed out Wiesenthal's drawing of himself wearing a concentration camp uniform with a yellow star in which there was a "J". The six-pointed star already meant "jew", but the "J" would mean "Jugoslav" or Yugoslavian. The Polish victim of Wiesenthal's lies asked him if he also claimed to be Yugoslavian, in addition to all his other alleged nationalities. Wiesenthal claimed that he was incarcerated in Lemberg, 2 years before the concentration camp was built! Imagine what people would think if they saw a lone jew standing in a vacant field for 2 years, because he was "going to be a concentration camp inmate in that spot"! Wiesenthal also claimed that one of his toes was missing because he had been attacked by a German guard. He collected a disability pension from the Zionist Occupation Government of Germany for decades, but he never had to show that one of his toes was actually missing! Whatever Wiesenthal has said is close to 100% hokum, but his lies were backed up by his fellow tribesmen, who also claim that Einstein was a "genius" & Picasso was an "artist". Picasso even said he was a fake! Was Picasso lying, or were his fans lying? Look at his products & decide for yourself.

The Blacks are being paid by Whitey for doing exactly what they do in Black Africa: have lots of babies from lots of women, while their menfolk 'rest up', lie & drink beer. In tribal Africa, children are considered wealth, as are livestock. In America, children are wealth, since they fetch their mothers more welfare, the more kids they have. The Black males are also on welfare, if they are not in prison for illegally supplementing their welfare income. After living in Black Africa, I was impressed to see how tribal Blacks resemble American Blacks in behavior, after 400 years of contact with White civilization!

Hitler was baptised a Catholic, but he did not allow religious differences to ruin his people's chances for survival, as did the bloody Catholic-Protestant wars called The 30-years' War, which killed off about 2/3 of the German population after Martin Luther. Thanks for letting me know that there is a Dutch National Alliance.

Re Y2K: no, my clock was made in 1954, but I got it from a friend in Canada. I travel

2) with a wristwatch, but not a clock, whenever I change continents. The overweight luggage charges are more expensive than the clock! That's when I must travel by air. I prefer to travel by ship, & I have done more sea miles than air miles. The Christian world may come to an end, but our world will not.

Unfortunately, the White Nationalists I have known did commit crimes, & because they were White Nationalists, the ZOG had them under the spotlight, so they quickly got caught. I tried to warn Wolfgang & others, but they would not heed my advice. One fellow was under tight surveillance, according to the Attorney General of Ontario, Canada, as stated in the newspaper reports! I told the target that he'd better cool it, but he acted as if no one was paying special attention to him, even when the ZOG declared it publicly! Naturally, the goofball got caught. When people are that stupid, the ZOG does not need to cook up a phoney charge with which to frame them. We do not need stupid people! Many people who call themselves "P.O.W.s" are genuine crooks who got caught. I have yet to encounter people who were put away for their White Nationalist actions. As you say, ZOG loves to use criminal charges to put away political dissidents, but 99.99% of those in the ZOG-gulags have committed crimes without political overtones. One criminologist in college told us that successful criminals are rarely caught, so only the unsuccessful crooks are to be found in prisons. If you know the huge amount of crime going on in government & business, you would know he was right. The bigness of the crime often precludes the criminals being brought to justice. There is an old English saying: "Why does treason never prosper? What could be the reason? Well, if treason prospers, none dare call it treason!" In other words, if crime is successful on such a scale, no one dares to call it a crime. Only small crooks get caught.

In countries with thought-crime laws, like Canada & Germany, people can go to prison for their statements, but here, most go to jail, not for what they thought, but for what they took. In German prison camps there were criminals (green triangle), Politicals (red triangle), Homosexuals (pink triangle), & Anti-socials (black triangle). Internment & labor camps had national designations, which were not criminal, but if there was a jew criminal, for example, he'd have a yellow triangle, combined with a green triangle, forming a 6-pointed star, which would indicate his nationality & his status in law at a glance. It was a good system. After Hitler was elected German Chancellor in 1933, he improved economic conditions so much that German prisons became empty, & were converted to factories. Fewer than 10% of the population were habitual criminals or commie subversives, so they were sent to labor camps. If they could snap out of their criminal mentality, they could earn their freedom. That's why prison camps had the motto: Arbeit Macht Frei (Work Makes You Free). We could do well with such a system here!

Yes, the ZOG is a racist system, an anti-White system, so the jews say that's all right. The mistreatment of Whites is in violation of The Genocide Convention, however, which has the same force as the U.S. Constitution, but ZOG does not abide by the law, when it comes to Whites. Yes, Whites need to wake up, & stop being ZOG-lovers unto death.

Kennewick Man may not be White, but he is definitely Eurasian, that is, part-White, just as are so-called American Indians. We can say what we are, but DNA tests reveal what we really are. American Indians are all part-White, so that means they encountered Whites in The Western Hemisphere, many centuries before the Vikings & Columbus. That's why the Indians of Mexico & Peru refer to The White Gods in their religions. I ask Indians about that, & say: "What about the ancient White Gods?" Or, were you lying to yourselves centuries before Columbus & the Spanish conquistadores?" The Injuns don't reply, but they seem embarrassed. People lie about themselves, but genes do not, & DNA testing is very, very accurate. It would be easy to determine whether the most ancient Egyptians were White or mixed, by DNA testing the oldest of their mummies. That is much easier than writing thousands of words to debate the matter. Being of Scottish descent, I like the idea that a skeleton found on an Indian reservation is deemed an Indian, & therefore entitled to an Indian burial on tribal land. That's why I'd like to be dumped on a reservation when I croak, so I could get a free burial! Unfortunately, those terrible, racist Whites would identify me as a non-Indian & spoil my little scam. Hoot mon! Hey, it's worth a try. Remember, race-mixing is adultery, & also genocide. Ancient Aryan conquerors of India wrote: "From the corruption of women proceeds the confusion of races; from the confusion of races, the loss of memory; from the loss of memory, the loss of understanding, & from this, all evil." They sure had it right! All the best & ORION!
