

23 NOV 05. Dear Michael: Thanks for your letter & enclosures of NOV 19th. I'm sorry to learn that your zoggies apparently stole the contents of my mailing to you, after taking the trouble to deface the date of posting. The last notification I received from them in regard to prohibited items was on 22 July 05, which was posted on 27 July 05. That prohibition resulted from your zoggies' false interpretation of photocopies as "photos", which required your name & # thereon. Since that notification, I have received no further Mail Restriction notices, not one. Check your correspondence for my letters dated 10-10-05, 3 NOV 05 & 17 NOV 05. The one that is missing would have accompanied the stolen mailing. The mailing of the 17th of November included the officially stamped (by ZOG) pages of the "Memorandum of Law Regarding Religion & Literature in D.O.C." If that did not arrive, your zoggies are guilty of stealing official documents & court records. I do not know why they would be so foolish or ignorant to steal items of public record, which are readily accessible & reproducible. ZOG only knows! I assume that their theft would be of the material I mailed to you previously, probably that of 3 NOV 05, but that is just my guess. I returned the Memorandum after copying it, as you requested.

I have never received an empty envelope from you. I received Psychology, Public Policy & Law in a large envelope, but the Karl Hand flier was returned in a #10 business envelope which was resealed with Scotch tape, & was inside your #10 envelope which was addressed by you. I'd assumed that you had put Karl Hand's letter into your envelope, but that may not be the case. I have notified Karl to send you another Lincoln flier with his return address on the envelope. Let me know if or when it arrives as a standard ZOG-op check. We need to know if your zoggies follow a routine, or if they are just plumb out of control, as I suspect. Thanks for your 3 Disbursement Request forms. Please let me know what I should do with them. Do you want me to return your envelope which those came in, as well as your letter of NOV 19th? You have written: "Please return envelope if disbursement is unnecessary." I shall await your reply in this bureaucratic matter, having been a bureaucrat myself. As you know, the U.S. postal service can charge postage for delivering an empty envelope, so I do not see how you could recover the amount of postage you spent on it, but, to reassure you, I have never received an empty envelope from you so far.

Your so-called "Aryan Family" mestizos sound like a ZOG-op of the sort mentioned in D. Bacu's report on commie Zionists' tactics in their ZOG-gulags entitled "The Anti-Humans." Apparently, this nefarious policy is taking shape in the gulags of Zionist capitalism. What it is in effect, is the ZOG-sponsored creation of favored gangs of prison thugs who are assigned to beat up, intimidate & exploit other prisoners, whom they endeavor to brainwash by means of physical abuse, according to a ZOG brainwashing program, based on pain & fear. The prison authorities look the other way, so their prisoner-thugs can get away with their activities against non-ZOG-loving prisoners. The "squares" need to know! So good luck on that front. I shall do my best to let the world know, via the Internet, as usual. My experience with Anglo-mestizos is that they look like Mexicans, but they display Confederate flags. Aside from that, they are just mongrel trash, just like the blond mestizos who say they are "Indians". It sounds as if the ZOG is fomenting typical White divisions & animosities. Now you know how easy it is to make Whites fight each other: a little ego, a little slander, a little money & AWAY we go! I hope you can stick to your principles, as so few do.

Maybe you can let your welding supervisor know that you can increase your productivity when your vision is finally corrected by ZOG. I had no such problems & I went to the same outfit as you did, but in Yakima. Good luck on that front, also!

As you drive into Toledo, Ohio, you can see its great mosque from the freeway. Jews-media report that Islam is North America's fastest-growing religion, just as Mandarin is now Canada's second spoken language, next to English, according to their 2000 census.

It appears that your ZOG-gulag authorities are purposely creating a "disorderly house", as if they want prison riots, just as Chittum points out the many ways the ZOG is creating conditions for a civil war in the USA. Will ZOG's divide & rule policies cause the downfall of the ZOG? Stay tuned! Things can change very quickly, if only as the culmination of trends. Rome did not fall due to immediate causes, but from long-term trends of imperial blunders. So it may go for our ZOG empire's anti-American policies which are likely to boomerang on the perpetrators, who are too dumb & greedy to expect it. They may pay in the end, just as we are paying from the beginning. Keep up the good work. DOWZ! & ORION!

P.S.: This is a copy. There are many more. I am sending this in a small envelope. If you receive it, let me know.
