

8 DEC 05. Hail D.R.! Thanks for yours of 2 DEC. As you say, all elected zoglings are aware of their Zionist paymasters, but sometimes they appear to forget, as in the case of former Senator Fulbright, Secretary of Defence Forrestal et al. Maybe they deny that there is a ZOG. That folly is similar to third rail-deniers on the New York subway! Some say that Fulbright was too full of himself, in that his long tenure as senator made him ZOG-proof. Surprise! It is folly to confuse one's holding of office with the holding of real power, under ZOG. It is also called The Bugsy Siegel Fallacy, that one is too important to 'hit'. As you say, we are going down into the cesspool of history step by step, rather than a great leap into the shit, but we may slip & fall in, much to our surprise.

I hear that The Patriot Act is up for renewal, so stay tuned for a "terrorist incident"! The tax cuts for the rich have been approved by the U.S. CON-gress, according to jewsradio. That is not surprising, but it is no less disgusting.

The Black-mestizo rivalry is indeed interesting, for the ZOG's "affirmative action" program infests the ZOG itself with these racial rivals, who are intensely aware of their ethnic interests in regard to federal handouts & positions. They also make up a large part of the ZOG's armed forces. As Chittum forecast, it is a race to see how fast the ZOG destroys itself from within, as it does from without. I don't foresee the ZOG 'balancing' these rivals, any more than the USA-CSA split was a 'balance' for U.S. politics. I think there will be war within the ZOG, sooner, with the addition of more Blacks & mestizos in U.S. government & society. Where does Whitey stand in this clash? He could be in the middle, as long as he is perceived to have what these non-Whites want. I doubt that he'll take sides, as much as he is unlikely to take his own side. All I see is apathy from Whitey; pee & flee; bleat & retreat. In any case, the ZOG has a big juggling act ahead of it. First, there are too many Ostensible Whites in high positions. Then, there will be "too many" Blacks to suit the spics & vice versa. The hispano-mestizos have their own jews, who look like them, so they are quite intolerant of Ashkenazim who don't look like them, as the hebes are learning in the L.A. school system. The "Latinos" view such jews as "White Anglos"! Such a deal! It reminds me of the jews' anti-White role in Africa, where they are not deemed "Africans", either. As you say, a repeat of 9-11 in any form is likely to endanger the ZOG itself. NPR jewsradio announced that Russia may be launching an anti-Moslem crusade, in response to U.S.-backed Moslem rebels & terrorists in former Soviet territory. Eric Margolis whose trenchant writings are barred from the U.S. press, wrote some time ago that every power has 'their' Moslem terrorists. Russia has theirs; China theirs, & the USA is likewise guilty of Moslem "terrorism" by proxy (in Russia). After all, the USA & China supported The Taliban in Afghanistan, until the Soviets were driven out. Then, the USA switched sides, but did China? If one is unaware of this covert support for the Moslem terrorists of one's choice, in opposition to others, the prospect of a U.S.-Russian-European crusade against Islam looks pretty iffy. It makes more sense for those non-Moslem countries to stop supporting Moslem terrorists of any variety. For Europe, the Afro-Moslem invasion & occupation, so desired by ZOG, must be dealt with, just for the preservation of Europe. It's a question of "to be or not to be". The racial situation of Europe is serious, but not hopeless, whereas the racial situation in North America is hopeless, but not serious.

At least your local Whites have the sense to feel that there is something wrong. Their lack of cheer indicates that they don't know what is wrong, nor how to address the issues, perhaps because they dare not. What a bunch of sad sacks. You are best away from them. As you say, what does ZOG want? Shut down the Internet; stifle free speech; zap dissidents. How will it achieve such goals? Another "terrorist act" would be profitable in that direction, provided it is selected & planned very carefully. Instead of Arab terrorists, why not blame "Nazi terrorists" of the McVeigh variety? Stay tuned!

Apparently, the French will adopt "affirmative action" to buy off their Afro-Moslem invaders. They have learned nothing from U.S. experience, just like the Brits, who thought they were too sophisticated to have racial problems. I knew Brits back in the 1950s who declared that they would have no racial problems in Britain if they just ignored race! The French had the same fantasy, for which they now must pay, as well as their children & grandchildren.

Take care! DCWZ! & ORION! E.T.
