

9 DEC 05. Hail Jason! Happy Yule To You! Many thanks for your great letter of DEC 4th. I'm sorry to read about the repeated lockdowns at your ZOG-gulag. As Warden Bill Armontrout of Missouri State Pen told me, "Race & AIDS are our biggest prison problems in the U.S.A." I asked him why the ZOG was intentionally causing racial strife by mixing prisoners of different races, & he said "it was just government policy." The same policy goes for schools, so why not for prisons? I must say that ^{by} my public school experience, I sure got a whiff of life in the gulag. (1) I didn't want to be there. (2) Sometimes no talking was permitted in the cafeteria. (3) You had to come & go on orders, by the clock. (4) You were forced to associate with people you didn't like, who didn't like you. (5) Prison, er, school gangs would stick you up for any cash you may have had & steal your stuff. (6) Race riots occurred with increasing frequency as more non-Whites invaded. (7) That was back in the 1950s, so we did not experience bombings, shootings & weapons searches at school, as they do now, so schools are becoming even more like prisons in the Jew Ass Cy Veh, ZOG willing, of course.

Yes, I know David Duke pretty well. He is a clever fellow, for he seems to have lived off the pro-White Cause most of his life. I don't know what he ever did for the White Race, but he wrote at least one useful book, "Jewish Supremacism", which I recommend. What Duke does best is to promote Duke. That I know. What he has done for White Power I do not know. The ZOG had a good chance to snuff him when he was in the gulag, but they didn't. If Duke were a threat to the ZOG, they would have done it, but he got out & is doing business as usual. That might raise questions in the minds of supporters, but they aren't curious. They know only what they want to know, it seems.

I'm glad you got some of your stuff back, & that your Mom could visit. The great news is that you'll be 'graduating' from your gulag in 2008. This means you haven't much time to win your GED, so you'd better study. Any knowledge you can get now will serve you well on the outside, so I advise you to hit the books while you can.

I've read "Hear the Cradle Song" & "The Turner Diaries". They are reasonably good works of fiction, with some instructive items, but they are basically entertainment, not textbooks for White Nationalists, nor even for revolutionaries. The targets in "The Turner Diaries" are not strategic, so they are ZOG-serving, not revolutionary. The Trade Towers attack was likely a Mossad set up, with the connivance of FEDZOGUSA, for the jews have tried for decades to hurt the USA & blame it on the Arabs. The Trade Towers were NOT strategic. It was like a repeat of Pearl Harbor: The U.S. Pacific Fleet was out to sea & the Japs couldn't find it. What the Japs actually sank were FOUR, count 'em, four ships: 2 destroyers already in drydock for repairs; the TARGET SHIP, UTAH, & the ARIZONA. Over 2000 soldiers & sailors got killed, because Roosevelt ordered the Pearl Harbor commanders NOT be informed of Jap attack orders, even when he knew the attack was coming. So, Pearl Harbor was attacked, but the U.S. Fleet was gone! So, the Trade Towers were attacked, but most of the people normally in those buildings were GONE, during business hours! As I recall from USA TODAY, a total of 2008 people died at the Trade Towers, & around 1/3 of them were rescue workers, including firemen & cops. Where were the 100,000 normal occupants of the Towers? They never arrived at work! As for planes causing skyscrapers to 'implode' as if they had demolition charges on their load-bearing pillars, The Empire State Building easily survived a collision from a U.S. bomber, which also spilled fuel. Burning jet fuel cannot melt steel girders, as I understand. Buildings do not implode with jet fuel, as the Trade Towers did, otherwise demolition firms would use jet fuel instead of explosives. The jews were implicated in the first attempt to destroy the Trade Towers by means of explosives planted in a van which was parked in the Tower Garage. The van exploded, but the Towers did not collapse. The same occurred with The Murrah Building in Oklahoma City: a van outside the building explodes, but the interior pillars of the building are destroyed. On a radio program I heard two distinct "cracks", which were "the explosion", according to the narrator, of McVeigh's van. "Crack," "crack" is TWO explosions, not ONE! Duh. The first crack was the van. The second crack was the detonation of the internally set demolition charges inside The Murrah Building. ZOG connivance is obvious with the haste in which the ZOG destroyed the evidence at the Murrah Bldg. & The Trade Towers. According to firemen, this is unheard of, for key pieces of evidence are retained from disasters, even centuries thereafter! A good forensic test would have revealed traces of explosives on the Tower & Murrah pillars, which collapsed so suddenly & so conveniently. Always ask "cui bono?" (who benefits?) from such man-caused incidents.

Pastor Miles wrote a great article on guns. For the blightwing, guns are a fetish, things to be displayed & stroked, but never used for serious purposes. For Reds, guns are tools. They get 'em & use 'em. In Zoglands like Britain, Canada & Australia, where guns are banned, there

2) is more shooting going on than ever before. The illegal guns are used by non-Whites, many of whom are illegal aliens. Drugs are also illegal, but the drug trade is flourishing, & the guns accompany that illegal activity. Along with drug-smuggling & people-smuggling, there is also weapons-smuggling. Unless all smuggling is banned, there will be guns galore. Chinese gangsters usually leave the AK-47 weapon next to the body of the victim of a gang 'hit'. They do that in Canada, which has very, very strict gun laws, for honest folks, but there is no limit to Chinese-made AK-47s nor of illegal Chinese immigrants, who come down here, too. The rule is "use it or lose it." Our ZOG is arming the criminals, just as the jews did in Russia, during their Kosher Red Revolution. The majority were terrorized & killed by armed crooks, who were the Reds' shock troops. It looks as if things will go similarly in North America, whose sheeple still think their ZOGs are "on our side." In fact, it is our worst enemies who rule over us, & we are their primary targets. It's "Get Whitey!" the ZOG's war of genocide against the White Remnant. When Whites have no will to survive, there will be no way to do so. We can have all the guns we like, & it won't matter until we think White & act White in White interests, not ZOG interests. I saw Whites sell themselves out in Rhodesia, Africa, & I know the same could happen, for it is happening here, right now. Despite my warnings, the Whites did the same thing to themselves in South Africa, so there is no guarantee that we will ever learn.

Commander Rockwell was a true leader before his time, & maybe in the wrong place. He was like a human amid a great herd of cattle, who aren't interested in his abilities, nor his words, & who have no interest in preserving the White Race. Those cattle were Rockwell's fellow White Americans. Was he our last chance? Stay tuned!

The proof that Whites need White Power is that our racial enemies can insult us & get our children to repeat those insults, & believe them. If we lack the balls to resist genocide by word & deed, then we should perish. Hitler & others knew that LIFE IS STRUGGLE, & that those who will not struggle do not deserve to live. Critters like Morris Dees just prove how weak & stupid we are, so we really need such as he to let us know about ourselves. We have been & still are our own worst enemies. Our struggle for survival must begin in our own heads & our own hearts, for the enemy of the White Race is often inside, not outside ourselves.

The Moslems say that there are two holy wars or jihads. The first jihad & the hardest is to conquer oneself for the faith. The second & easier, they say, is to conquer unbelievers. Truth is where we find it, but truth will not free us if we do not use it!

My experience of Bakersfield, CA, was largely of some Whites, but lots of non-Whites, like Japs, Chinese & Philipinos. After 1941, the Japs were relocated to concentration camps. That policy was done only on the west coast of the USA, as I understand. The internment of the Japs was to protect them from mob violence after Pearl Harbor, as well as some doubts about their loyalty to the USA. A big reason for their internment was so they could be robbed of their property, by their fellow Americans, as occurred. Their loyalty was not really questioned, since their sons of military age were welcomed into the U.S. Armed Forces, & they did good & brave service in combat in the European Theater of World War II, on behalf of the ZOG. Most civilians interned in U.S. concentration camps of World War II were Whites from Germany & Italy, who'd been hauled up from Latin America, where their property was also stolen by their fellow Latin Americans. The USA had 666 internment camps under Milton Eisenhower, Ike's brother. Canada had 128. Germany had around 50, as I recall from my readings.

The jews were on the side of the Nazis & the USSR from the beginning of World War II in 1939 until 1941. Jew commies led strikes & committed acts of sabotage in North American arms factories, to help Germany, & its Soviet ally. One politician said that World War I was just a set up for World War II. It was. The same jew banksters financed Churchill, Roosevelt, Hitler & Stalin, with WW II in mind. Hitler was supposed to invade Britain, so Stalin could invade & conquer all of Europe, as "Trotsky" had failed to do in the 1920s, but Hitler "broke the jew rules" by attacking Red Russia before Stalin could launch his invasion. Hitler had no intention of ever invading Britain. That was Rudolf Hess' message, which Churchill didn't want anyone to hear. Hess was therefore locked up for what he knew, not for what he did. When Germany attacked the USSR in 1941, the jews all switched sides & became pro-Allied, rather than pro-Axis, for their 'side' was always their Soviet Jewnion, just as part-jew Roosevelt was pro-Soviet & not pro-American! Japan was seen as a threat to the USSR, so FDR schemed for war with Japan. He then accused Japan of being allied with Germany, but any such alliance was broken by the Hitler-Stalin Pact which allied Germany with the USSR in 1939. There was no alliance between Germany & Japan until after Pearl Harbor. Our 'ally', the USSR, did not declare war on Japan until after Germany's defeat in 1945. All the best & ORION!

Eric
