

16 DEC 05. Dear Michael: Many thanks for your letter of 12-12-05! On 12-12-05 I mailed a second complete copy of The Memorandum + the DTO4 list to you, which I hope you have received by now, ZOG willing. If they persist in stealing that document, I shall send it again, c/o the governor, with an explanatory letter in regard to WSP's apparent mail thefts & obstruction of justice. I shall also contact the local Yakima Herald-Republic, which may be hungry for a news story. Your zoggies seem to forget that I am not under their jurisdiction, so there are many things I am able to do, at the time of my choosing, not theirs. I don't think that mail-theft & obstruction of justice, to wit: the theft of stamped official documents in legal proceedings, would be deemed 'frivolous' matters by ZOG, but I'm prepared to see. Let me know at the time of your next writing if you have received the missing documents. If not, I shall proceed to make the facts known to the relevant people.

I appreciate the return of the German text of Fieldmarshall Milch's sworn statement that accompanied my translation thereof, in English. Even if one does not read German, he could read the relevant names, dates & places, which coincide with those in my translation. In regard to the Babel of officially-recognized languages for purposes of ZOG handouts, I do wonder why a text in high German would be such a bind for our zoggies. I wonder what their reaction is to letters written in Tagalog, Urdu, Chishona or Mandarin. Do they reject them if they cannot translate them? If the item was sent with an accompanying translation, would the zoggies be able to authenticate the translation? Would they dare to seize mail between non-Whites in non-English? Obviously, a prison should have control over prisoners' communications, but a selective policy in regard to languages is no policy at all, just racial discrimination against Whites. The colored racists could insist on translators for their correspondence in their own languages, as seems to be the case in U.S. hospitals & other facilities. As usual, it's a ZOG-created problem for ZOG to deal with.

Imagine receiving a historical document in the mail from an Australian contact which answers several questions: (1) Was Fieldmarshall Milch a jew? Yes. That explains Goering's declaration, "I say who is a jew!" (2) Being jewish in the Third Reich was not illegal. (3) being subversive & disloyal to Germany was illegal, so one's jewishness did not pertain, as Milch said in his sworn statement. This explains why Germany's jews were never deported nor incarcerated because they were jews. At the Nuremberg Kangaroo Court hearings on German "war crimes", all of which our own Zionist regime is guilty of perpetrating, Milch was offered all the temptations alleged to be Satan's offer to Jesus: A new political career, instant freedom, safety for his family, &c. All Milch had to do was to lie about his colleagues, as the Allied representative told him, or, he could just declare that he was jewish, & the prison doors would swing open for him as a free man. Milch resisted temptation &, as he predicted, was soon charged with trumped up charges & sentenced to life in the ZOG-gulag. He was indeed a righteous jew, as are the jews of AZA, The Anti-Zionist Alliance, the mestizos of La Voz de Aztlan & various Black Nationalists. AZA is the ZOG's worst nightmare, an alliance of Whites & non-Whites who collaborate & network on behalf of democratic regime-change in The Land of ZOG, & those who suffer from the jew world ordure. Righteous jews have come forward to unmask the jew-banksters' racket, as well as so-called Christians who want to hurry their god's reappearance by supporting the Anti-Christ of Israel under Satanic Zionism. It's great to hear a jew lambasting the ZOG in jewish terms. Oy veh!

Thanks for the update on internal gulag corruption/co-option practices. Every regime has similar tools for its purposes. As Bakunin, the anarchist, remarked: "Every regime needs its police, whether Tsarist or Communist." Bakunin warned Goyim that the kosher commies of Lenin alias Vladimir Illych Ulynov, whose jewish mom (Blank) made him a jew, would make a bankers' paradise, not a workers' paradise. But the Goyim did not listen. History proves that those who live like cattle die like cattle, just as the jews describe us. It is up to us to behave like men, & not like cattle. The jews merely feed off our weaknesses & stupidity, as they encourage more of same amongst us. The movie, "They Live", revealed lots of truth, much more than the Goyim can handle, it seems. When one can 'see', as did the movie's hero, the world becomes quite different in appearance, as Benjamin Disraeli advised in regard to those who really rule the world.

As the German Frontshow newsreels concluded: "The Struggle Continues!" I coined the expression that Victory lies in the Struggle, Itself: The Struggle is the Victory! Col. Rudel often said that "You only lose if you, yourself, give up!" He never gave up, so he died victorious. He was both a warrior & an inspiration to our Folk.

All the best. DOWZ! & ORION!
