

21 DEC 05. Hail D.R.! Thanks for yours of DEC 13<sup>th</sup>. I think the jews are on a one-way track against the White Race, regardless of their sinking status with the Blacks. The kikes are apparently working to bring about the disintegration of their Frankenstein Monster, the USA, even worse than Chittum described, for the pro-Black jews appear to wish for the destruction of their own version of the Roman Empire. If so many are working to defeat the ZOG, how much longer can it last? As you say, Schwarzenegger had better cultivate his Mexican 'friends' for his own protection. Such a deal!

Thanks for the movie-viewing tip. I heard a jewsradio reviewer describing "Syriac", much the way you did. I enjoyed "The Bourne Identity", but I've not seen the sequel, for it resembled my own experience during my exile: speaking Swedish in Stockholm, German in Berlin, English in London, &c. The difference was that I knew who I was, but I did not know whose side anybody else was on, so I took my chances, because I had nothing better to do. One local contact claimed I resembled Mel Gibson's role in "Conspiracy Theory," but the similarity ends with our mutual use of snail-mail.

Unfortunately, work is a racket, for most jobs do not pay sufficient for one's food, clothing, shelter & transportation. A Washington state survey concluded that a worker on a minimum wage must work 90 hours per week to afford the rent on a 2-bedroom apartment, at normal market prices. Once the rent is paid, nothing is left for food! I sure lucked out.

I have said before that the huge U.S. prison population is an enemy garrison on U.S. territory. In 1917, the jews killed the cops, took their guns, released the prison population, armed them, & allowed them to terrorize the Goyim. The criminals were the jews' shock troops, & they may play that role again. I don't know who will play the Latvians or Letts in a jew rerun of 1917 in America, maybe the Mexicans. Maybe we can ask Chertoff.

Yes, there is a dearth of news about the incarcerated Holohoax-Deniers in ZOG detention, pending <sup>also</sup> their thoughtcrime trials. It is all too typical of the jewsmedia to accuse the Turks of acts done by the ZOG, as if the ZOG were innocent. It is well said that one who points an accusing finger at another points 3 fingers back at himself. ZOG knows, but Goyim don't.

I'm sure the jews have sufficient numbers to staff their own Cheka in the USA. For one thing, the Mafia is jewish, & the jew gangsters from Russia are quite vicious & aggressive, like perfect Chekists. Rense.com reported the inclusion of former Stasi chief, Markus Wolf & former KGB chief, Primakov, so Chertoff has plenty of help. Former Mossadnik Victor Ostrovsky purportedly wrote in his second book, "The Other Side of Deception," that the ADL works as a branch of the Mossad, & acted as a secret police force long before the State of Israel was formed, within the U.S.A. & Canada. I don't think Chertoff has any shortage of organization & manpower in his branch of the ZOG. The hebes do not lack for means, so now we shall see what their ends are, in due course. It is reasonable to think that the jew rats will abandon the wreck of the USS Titanic, as they allegedly did Old Testament Egypt, <sup>or</sup> in which they had also wrecked, according to their own mythology, <sup>maybe</sup> they'll invite the Chinese.

The recently reported Black crime wave in New Orleans, during & after the hurricane, illustrates the fate of all U.S. cities if there is a sudden lack of police. Most of the female rape victims interviewed on jewsradio were Black, I assume because of their accents & jobs or lack thereof, but no mention was made as to the race of their rapists, so we can guess. We must be prepared to lose whatever we cannot defend on the most primitive level. In "Gone With the Wind", we see the start of looting in Atlanta, with the departure of the Confederate troops. In France, 1944, there was a period in which the country was not governed by Vichy forces, nor by the Allies. During that period, at least 144,000 French people were killed by criminal elements & grudge-bearers, most of whom were apparently French, as well as their victims. In the USA, an interruption of government authority would likely result in a huge increase of Black crime, plus racial turf battles, as in Civil War Two.

Jewishness is definitely a mindset. In his book, Werner Sombart stated that capitalism & Judaism are two sides of the same coin. He pondered if jews had invented capitalism, but he knew that capitalism certainly permitted jews to thrive! Sombart wrote that "America is the distilled essence of Judaism," just as Henry Ford opined that we were not so much seeing jews taking over business as businessmen behaving more like jews. Plato discussed the idea of one's being honest in a society full of dishonest men, whereas I think that no society of jew-like men can survive for long, as Benjamin Franklin stated: "Vampires do not live off vampires." He referred, of course, to jews. As things are going, it may be a miracle if we have an election in 2008, but if we do, Hillary & Obama sound credible as candidates. It appears that Jew York Shitty is tied up by a Haitian nigger who heads the transportation union. Take care! DOWZ! & CRION! E.T.
