

27 DEC 05. Hail D.R.! I just received yours of 22 DEC after the post office had illegally & inexplicably closed for the 25th & 26th, in violation of their two posted notices that hours are from 12:00 noon to 4:00 p.m. on holidays, when no clerks are on duty. This allows people to drop off mail in a relatively secure place, as well as to collect their mail from their P.O. Boxes. Not so, however, the past 2 days, but I'll try to find out why. Many thanks for the update on the race riots in the Land of Oz-ZOG! I've encountered nothing in the jews-media, not even a sheenie-spin story, since the first announcements of the riots in Brownest Sydney. I enclose a recent issue of Saudi Aramco World so you can appreciate the nonsense of claims that "Arabs are White". If Arabs are White, then so is Louis Farrakhan.

Your comments on the craven, kosherized journalist's blaming Whites for the violence, & "criminals" (read: Arabs), despite the cowardly cops'kid-glove coddling of Arab criminals, so as to avoid charges of "racism", is par for the ZOG's sheenie slant on the news. It is now predictable that police in formerly White countries are cowed, so they will not enforce the law equally, when the law-breakers are not White. The reports from France & Canada are so similar that one can substitute "Australia", "France" or "Canada" on ongoing demographic dementia reports, regardless of the country. What we see is many countries, one policy of ZOG versus Whites. Franz Kafka described filthy barbarians of uncouth looks & behavior who show up in some elegant European city, like Vienna, much to the dismay of the civilized inhabitants. For no good reason, the authorities allow these Barbarians to take over the city, & do what they please with the civilized inhabitants & their property. Kafka writes that the soldiers of the emperor cower behind the fence of the imperial palace, gazing fearfully at the Barbarians' predations on the docile populace. As a young reader of Kafka, I felt that the story was a nightmare, but it turns out to be a prophecy, similar to the novel by the jewess, Rosenbaum, alias Ayn Rand, who described a niggerized New York City (with no mention of race) as the result of applied Marxism: "From each according to his ability, to each, according to his need." When she wrote "Atlas Shrugged" in the 1930s, if I recall correctly, no one believed that New York & other cities could decay so badly, as ^{they} now have! "Ayn Rand" was a materialist who turned Marxism on its head, in favor of selfish materialism. Greenspan was a member of her group in the San Fernando Valley of the late forties & early fifties, when I was just a mean little kid who played with steam engines.

What could be clearer to Whitey than the fact that his government, the ZOG bankster regime, is clearly on the side of the enemies of Whites everywhere, so that government is the White man's foremost enemy, & must be dealt with accordingly? As in "They Live", our enemies stand unmasked before our eyes. That means there is only one thing to do: go home & watch NIGGERBALL! The Christinsane were always on the side of the enemy, so the enemy is showing his 'gratitude'. Christ-eaters are also called "messianic masochists": the more abuse one heaps on them, the more they love their abusers. They are unfit to be called "men". "Sheep", yes; "dogs", of course, but not "men". We must not forget who the enemies of the Whites have been & still are. As a rule of thumb, anyone under ZOG who is rich, privileged & a member of government or supporter thereof is with the enemy, whatever his complexion.

I note that Whites' generosity is largely due to the fact that they believe they can always get more of what they have given away. This delusion has been sustained, so far, by our abundant natural wealth & productivity, but this delusion only postpones The Moment of Truth in which we shall discover that we are running out of things to replace that which we have given away so easily. When that Moment of Truth arrives, it will pose a simple question: To be or not to be. How we answer it will mean racial survival or racial extinction.

I'm all in favor of giving the wogs all the Christers they can eat, for those unwilling to save themselves are unworthy of saving, & those who aid the enemy are worthy of death, from their victims &/or those they have foolishly aided. As I told one anti-White White in Africa: When you achieve the Black Rule you desire, I only hope you stay here, to take the consequences. One of them, a missionary named Moffat, got what he wanted, & only then concluded that "there was no place for a White man in a Black man's country." I understand that he returned to England, from whence his mischief-making missionary family had come. His type belong in a stew, to be enjoyed by Africa's starving Blacks, & so do the anti-White do-gooders who want to bring more Blacks to North America, including the so-called Jewish World Service. If Blacks can't stand Africa, why should we let them invade & Africanize us? The jews should put them in Israel, instead of North America. Let them live in highrises!

The New Year has bts of promise, indeed! All the best & ORION! E.T.
