

6 JAN 06. Hail Joseph! Many thanks for your letter of 01-01-06! I'm glad you received my reply to your first letter. Replies have a way of 'disappearing' in ZOGland & its gulags. I just received a seizure notice from another ZOG-gulag because of "gang-related material" which I allegedly sent to a gulag inmate. The material was a photocopy of a French movie poster about a re-enactment of the 1914 Christmas Truce on the Western Front, in which German, French & British troops stopped fighting & came together in no man's land to sing Carols & share Christmas goodies they'd received from home. The gulag-zoggie rejected this photocopied picture because it showed (1) Gangs; (2) Gangs with firearms; (3) Gang gestures, & (4) The commission by gangs of illegal activities! As a former soldier, I realized that the ZOG censor was right! Armies are really just gangs. They bear weapons, use gang gestures & commit crimes such as murder, rape, theft & destruction of property. U.S. Marine Corps General Smedley Butler, who earned 2 Congressional Medals of Honor, agreed that "War is a Racket" in a speech which I have. He details many of the war-profits which made a few crooks very rich, at the expense of the majority, many of whom paid to make crooks rich at the cost of their lives! Oh, the "gang-gesture" was a handshake between a French officer & a German officer. World War I was certainly the worst outbreak of gang violence in the first part of the 20th century. That's why people used to refer to World War I as "The Great War."

I'm happy to send you & your comrades whatever information I have toward your education. This is the least I can do for Our Cause, & I shall do what I can, as long as I can, ZOG willing! The latest radio jewsreports paint a pretty dark picture of human rights here in The Jewnited States, for our Constitution is pretty much abolished, starting with The Bill of Rights. The Supreme Court has knuckled under to Bush's browbeating, it appears, by denying due process of law to a U.S. citizen named Padilla. Bush promised, among other lies, to exempt U.S. citizens from the arbitrary treatment accorded "illegal combatants" who were rounded up in Afghanistan after the U.S. switched sides, as we usually do. The U.S.A. was backing the Taliban Moslem fundamentalists against the USSR, which had invaded Afghanistan. When the USSR was defeated by the resistance, the USA quickly switched sides, declared war on the Taliban, our former allies, & allied with The Northern Alliance, the former allies of the USSR. We have behaved like the former Soviet Union in Afghanistan, with phony elections, installation of a puppet regime which would collapse as soon as U.S. occupation forces left. As I understand, Osama bin Laden was the CIA's connection with the Taliban. As far as I know, he is still a CIA asset or agent, doing just what our ZOG wants him to do. That's probably why we "can't" catch him.

So, back to U.S. Citizen Padilla: he was abducted on U.S. soil, not arrested, for he was not charged with any crime. He was not charged, nor tried, but he has been punished for 3 years in some prison, under military jurisdiction. Our ZOG has made various claims about things he allegedly did or said. To my knowledge, he is still not charged with anything we would understand as a "crime". For one thing, it is not a crime to take training courses of various military skills or to discuss certain military tactics. Armchair warriors, readers of "Soldier of Fortune" & "Men's True Adventures" do this all the time! The jew movie director, Spielberg, has made a film about the Munich Olympics assassination of the Israeli athletes by Palestinian freedom-fighters alias "terrorists". Using ZOG 'logic', he could be abducted & detained, as well as tortured, for things of which Padilla has been accused, such as "aiding the enemy in wartime." The ZOG also can detain, which means it likely has, "material witnesses", who have no recourse to law, whatsoever. They are also subject to unlimited detention, torture, &c. by zoggies. It may turn out that the U.S.A. will become one big prison, outside of your little one. Stay tuned!

I'll pass your name onto correspondents, including those who publish 'zines' for our Folk who are guests of the ZOG-gulags. All the best. Happy New Year, & ORION!

P.S.: I really appreciate the stamped, self-addressed envelope!
