

LOOK, KID, HOW NATURE IS VARIED, WITH ALL THE MANY TYPES OF PLANTS, FLOWERS AND TREES...

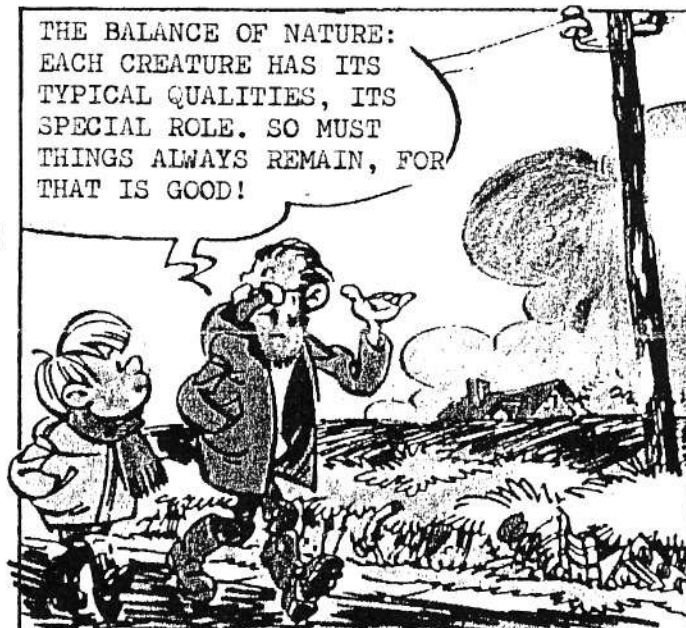

...AND THE MANY TYPES OF INSECTS: THAT FLY, CRAWL AND JUMP. EACH HAS ITS OWN TERRITORY IN THE STRUGGLE FOR LIFE...

...AND ALL THE DIFFERENT TYPES OF BIRDS AND MAMMALS! ALL THIS VARIETY SUSTAINS...

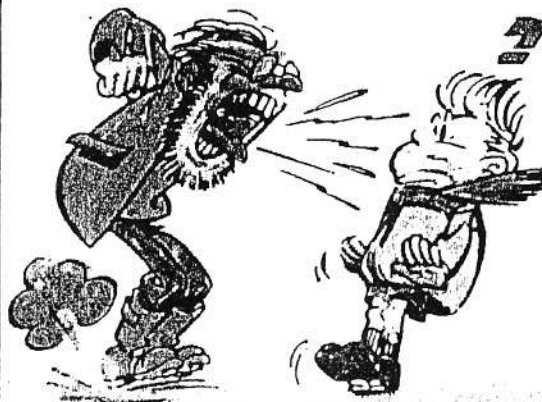

THE BALANCE OF NATURE: EACH CREATURE HAS ITS TYPICAL QUALITIES, ITS SPECIAL ROLE. SO MUST THINGS ALWAYS REMAIN, FOR THAT IS GOOD!

THAT'S CLEAR, PAPA, NOW I UNDERSTAND WHY THERE ARE SO MANY DIFFERENT PEOPLES AND RACES.

THERE ARE NO RACES, RACIST!

10 JAN 06. Dear Brian: Many thanks for your letter of 4 JAN 06 & enclosure! Whatever you use to put your letters together certainly has great color reproduction. Congratulations on getting all of FAEM on CD! I'd sure appreciate receiving them, for I was afraid FAEM would simply vanish after the sudden death of my good friend, Robert Frens. I don't have a CD player, but I shall find someone who does, especially one who is interested in the content. Then I can print out downloads of items which I've missed. If it is relatively convenient & not too expensive for you, I would indeed like to receive copies on CD!

Churchill once described Russia as "a riddle wrapped around an enigma", or maybe the reverse. Well, so is Putin, whom I suspect as being a ZOG caretaker, in view of his KGB background. Rump Russia, the remains of the former Soviet Empire, still has lots of natural wealth, which is still in the ground, so it would not be sensible to let the jews merely loot the country & abandon it, while there is more wealth to suck out. The jews would not like that, either, for a smash & grab caper is not as lucrative as owning the store! There is so little information at my disposal, so I can only guess about Putin. If he were really a Russian nationalist, would he behave differently, or the same? Politics is "the art of the possible", so Putin has to deal with things as they are, after the sudden demise of the Communist empire & the looting by jew-gangsters. I do not envy him! Apparently, Putin recognizes the threat to Russian well-being posed by the USA & its Zionist masters, including Soros' rent-a-mobs. Putin's apparent rapprochement with China over the oil-rich area of Central Asia indicates that he is not a viceroy of East-ZOG, as the Communist regime was for West-ZOG alias the USA. If true, that independent role would upset the jews who have a stake in U.S. control of oil, but not the jews who back China! Then there is China's interests in The Middle East, based on China's need for oil, in competition with the USA. A recent download in German claims that Israel is preparing to attack Iran's nuclear facilities, as it did Iraq's sole nuclear reactor about 20 years ago, if I recall correctly. Iran appears defiant on its insistence to develop its uranium enrichment program. This report states that Israel will attack Iran in late March of this year. Is Iran bluffing? I doubt it, but does Iran have friends willing to counter a joint Israeli-U.S. attack on Iran? Will the Zionist jews & Americans use nukes against Iran, since they lack the forces with which to invade it? Will China just sit & watch the Zionist assault on another oil-supplier?

Any analysis of Putin must be done in the context of a major conflict in The Middle East & the role of China, whose interests are clearly bound up with Middle East oil. Is this the trigger for World War III?

I have the feeling that we are in a situation similar to the line up in early 1941: Germany & Russia were allies. Japan was ostensibly threatening FDR's beloved Red Russia & Germany was ostensibly threatening Britain, but suddenly, the political kaleidoscope turned & the whole line up shifted. Allies became enemies & vice versa, along with the entry of the USA & USSR into the war, on the same side! The present alignment of forces could change just as fast & just as violently, sooner than later. Truly, we do live in exciting times, as the Chinese curse goes.

The behavior of most Europeans reflects the warning of The Bhagavad Gita about race-mixing as the destroyer of understanding & the root of all evil. They seem to exhibit a collective disconnect between demographics, events & their own interests, as if they have no concept of who they are, & what is good or bad for them. I'm sorry to read about your prospective business partner who put petty personal priorities ahead of pro-White activism. Unfortunately, that's par for the course, as occurred with The Zud. I agree that we must be diplomatic in the short term to realize our goals in the long-term, but there is a real danger in the inclusion of non-Whites in groups intended for real Whites. That is why I have proposed The Anti-Zionist Alliance or AZA, in which every race is welcome to participate, but AZA participation makes no one "White"! I understand that Stalin's real name, Djughashvili translates as "Jewson" in Georgian. Yes, "Kochba", as in Bar Kochba, is definitely jewish, so if "Stalin" used that name, he could well be kosher, as much as his father-in-law, Kaganovich.

I'm sorry to hear about your darkening village, as well as Ireland. Please keep up your great work! All the best & ORION!
