

25 JAN 06. Hail Chad! Many thanks for your letter of 23 JAN. Sorry that your zoggies are so slow handling the mail. Well, they have lots of time for themselves, I guess. Yes, I also heard about the Soviet offer to Rudolf Hess that they would free him if he agreed to switch sides. I understand that the Reds wanted to make him their front man for East Germany! Hess refused & spent most of his life in prisons beginning in 1941. As far as I know, this came from his son, Wolf Rudigger Hess, whose book on the murder of his father I helped work on when I was in Toronto. I also worked on the "Free Rudolf Hess" campaign, shortly after I arrived from Africa. I certainly did not know what would happen to him, had our campaign succeeded, for it would have meant Hess' murder at the hands of the British, who wanted to keep his mouth shut about his peace offer from Hitler in 1941! When the Soviets offered to free him, Hess was quickly murdered by the Brits at Spandau Prison in Berlin, when they were in charge under the 4-power rotation system. When Rudolf Hess heard of the Soviet freedom offer to Zionist Occupied West Germany, Hess told his male nurse that the Soviet offer would likely mean his death, and it did. Rudolf Hess was loyal to Hitler & National Socialism, right to the end. There were other great men who did likewise, but Hess was truly outstanding. He said that if he knew his fate would be just as it turned out, he'd do it all over again! So as to avoid possible confusion: the USSR made Hess the first offer of freedom shortly after 1945, if Hess would denounce National Socialism & change sides. The second freedom offer was made not to Hess, but to the West German Zionist regime. The West Germans immediately told the British. This was shortly before the Soviet Jewnion went out of business, thus ending the Cold War, which would be in the 1980s, not the 1940s!

Like you, I cannot understand why any pro-White Whites would collaborate with a ZOG-snitch like Glenn Miller. I guess they do it for his money. That's why I call it the "blight-wing" & others call it "the bowel movement". I used to be a member of The Western Guard Party of Canada, which turned out to be Snitch City! Being fresh out of Africa, I made the blunder of judging the organization's quality by the quality of its publication, which I had received in Africa. One of the best writers, who always condemned race-mixing, was a race-mixer himself. The first meeting I attended had a Jew attending. He wore his "SS yarmulka" or sheenie-beany, which was black with silver piping. I learned that the Western Guard was about 50% non-White & 50% snitches who informed for the ZOG, so I was not only on stage, but under the spotlight! It's good I wasn't trying to sneak up on anybody. The Party got put out of business by a ZOG agent provocateur's 'merry pranks', so all the snitches had to infiltrate other groups, poor babies! They all thought I was an FBI agent, so CANZOG didn't bother me too much. What a comedy that was, but in those days, I thought it was serious, so it was pretty scary. That's how I learned that the blightwing was hopeless, but not serious. I agree with your assessment of lowlifes who pretend to be loyal to Our Race.

I have a copy of The Protocols which I can send, ZOG willing. It's a photocopy. Please find out if I can send it, since I'm not a bookdealer or a publisher. It isn't very long, but it's packed with information. I enclose a recent booklist from The Barnes Review which has titles you may want, in particular one by Ostrovsky, the former Mossad agent. As I recall, a "Mein Kampf" printed in the 1930s would not be kosher, but all major publishers are nowadays. I'm not sure how many books are out on "The Silent Brotherhood," nor can I recommend any authors on that subject. It may be best to check with 2nd hand bookstores. I don't know how many of my books are available, for the publishers have gone out of business & stocks have been destroyed by fire, ZOG-seizures &/or distributed. I wrote most of them without owning any copies, for my 'payment' was in having them printed free of charge!

Before engaging in any action, we must ask if it is good for Whites. In judo, the opponent's strength is used against him, hence, we must be informed, political soldiers who act with reason, not emotion. In fact, it is often necessary for us to conceal our emotions so we can accomplish our mission. The soldier is subordinate to his mission, not to his ego or his feelings of the moment. This way, we can become calm under fire, & know when it is most appropriate to act, for in politics, as well as comedy, timing is everything. As General Patton said: "It's best for the enemy to die for his cause, if you can live for yours!" Some situations require us to do nothing, rather than do the wrong thing. It is not cowardly to hold your fire until you see the whites of their eyes, nor is it to keep your powder dry, as U.S. patriots have counselled us. Bravery without intelligence usually favors the enemy, not ourselves, so our first job is to be informed. All the best, as always & ORION!

*Eric*
