

28 JAN 06. Hail John! It was great to receive your letter of 22 JAN. Hey, don't worry about arranging your ideas & questions in some kind of order. That's the advantage of the written word. If the reader doesn't follow the connections in your thoughts, he can always read them again. Nor does it matter how many different subjects you write about. They remain on the page where the reader can find them & consider them. There's only one writer I know of who successfully jumbled his statements. He was a nutty fruitcake, so I won't bother mentioning his name, & he bragged about his "writing style": He would take a page of his writing & cut it, say, down the center from top to bottom, so he'd have 1/2 of each page of his book, then he'd shuffle them & stick them together, so the poor reader would have 1/2 of page 1 combined with 1/2 of page 36, & so on. If anyone could follow his story after that, he'd have to figure out which page was spliced with which & UNDO the crazy author's work! Of course, the reader would have to be crazy to do that. I don't know if you've heard of The Beatnik Era of the 1950s, which led to the Hippie Era of the 1960s. There was such a thing as Beatnik poetry, for which one fellow had the formula down pat: Cut up a dictionary & put all the words into a cement mixer. Run it for awhile so the words would be well-mixed, then stop the machine & pull single words out without reading them. Stick each word on a piece of paper as you take it out of the machine, one word after the other. Once the page is full of stuck-on words, you now have a Beatnik poem! Then you could read it out loud for people in coffee houses! No wonder the Beatniks aren't around any more.

Let me give you a general idea of the German SS. Their death's head insignia comes from a traditional German insignia assigned to a military unit, such as the Death's Head Hussars. A Hussar was an elite cavalry unit. Other countries also had their Hussars, all of whom were fancilly dressed. World War I German Fieldmarshal Mackensen was a Hussar, & he had a death's head insignia on his shako, a distinctive Hussar hat. The members of the SS adopted that honored insignia, as well as the two lightning bolts in the form of an SS. The original duty of the SS was the same as the U.S. president's S.S.: the Leader's bodyguards. In German, SS stood for Schutzstaffel or Protection Staff. In the USA, it stands for Secret Service, which, like the German SS, have duties in addition to the protection of The Leader or President. The original SS was called the Allgemeine SS or General SS, which was still the Schutzstaffel, but as the war went on, Himmler wanted his "asphalt soldiers", as they were nicknamed, to play a combat role, so he designated that branch of the SS as the Waffen SS. Waffen means weapon, but it would be more accurate to call them the Combat SS. This branch of the German armed forces received volunteers from many European countries, including Britain & even India! The Ukrainian & Croatian National Armies were also SS divisions, hence "SS" could no longer mean Schutzstaffel. This resulted in the retention of the twin lightning bolts & the death's head insignia, but the "SS" symbol no longer had its original meaning. That's why it was simply know as the Waffen SS. The Allgemeine SS ran concentration camps for civilian prisoners, war production workers, internees & transit persons, including refugees from war zones. Himmler was in charge of those camps, whereas the Wehrmacht, including the Luftwaffe, was in charge of P.O.W. camps for enemy soldiers. The Red Cross regularly inspected all the German-run camps during the war. Some SS-run camps were labor camps, others internment camps, others transit camps, & others mainly for criminals who were put to work. All workers, even if conscripted (drafted) were fed, clothed, housed & PAID for their work. If they say that they were "slaves" because their pay was low, then our military draftees were also "slaves", for their pay was much lower than civilian pay in the USA! The 666 internment camps run by the USA on U.S. territory during World War II served much the same purpose as the German camps. Some internees were like the Japanese, who were interned behind barbed wire for two reasons: (1) Because they weren't trusted & (2) For their own protection against enraged U.S. mobs seeking revenge for Japan's attack on Pearl Harbor. Jewish inmates were most often held in camps for the same reasons. Many of them were evacuated from war zones for their own protection, since they were noncombatants.

Despite Holohoax tales, it WAS NOT A CRIME TO BE A JEW IN THE THIRD REICH! Thousands of German jews fought in the Wehrmacht, & others were high-ranking members of the armed forces, as well as the Nazi Party. Few of them were disloyal to the Third Reich, but many Aryans betrayed their Folk, I am sorry to say.

The Holohoax is designed to achieve at least 2 things: (1) Conceal the amount of Nazi-Zionist co-operation before & during World War II & (2) To justify jews' "reparation payments" & jewish crimes committed after the war. The Holohoax is used to 'justify' the jews!

2) invasion & occupation of Palestine in 1948, as well as their genocide against the Arabs. That's a pretty tall order from a lie, but so far, the jews have gotten away with it, because of their domination of western countries, chiefly the USA, which they achieved by controlling our money supply & our media of information, education & entertainment, as they do even more today. So let me answer your questions in their order of appearance:

The Holohoax-promoters purposely do not define what they mean by "Holocaust". Were SOME jews interned in German camps? Yes, for the war caused lots of movement among civilians. Was there any Nazi order to exterminate jews? No. Were there any gas chambers for killing people in German jurisdiction? No. People were gassed only in American prisons, before, during & after World War II. The Red Cross figured that some 300,000 persons, some of whom were jews, died of all causes in German custody. This would include people in the camps & people being evacuated from the camps, such as those inmates who were fleeing from the Red Army in two German hospital ships, the Wilhelm Gustloff & Cap Arcona. The sinking of these ships by the Reds & the British in the Baltic were the worst maritime disasters in terms of lives lost in the 20th century. These numbers far exceeded the numbers of lives lost on The Titanic & the Lusitania. Around 9000 died with the sinking of the Wilhelm Gustloff alone. The death records survived the war. All camp inmates' records are now in The International Tracing Service offices at Arolsen, Germany. The Soviet Union released the Auschwitz death register which recorded a total of 74,000 deaths. 99% of these deaths were from typhus, which killed Germans, Poles, jews & everybody else in the camps. As the war progressed against Germany, their delousing abilities declined disastrously, mainly because of over-crowding & lack of Zyklon B, which was the delousing agent used before the invention of DDT. In the last months of the war, thousands of inmates, as well as Germans, died of disease & malnutrition, which was very similar to the Union P.O.W.s who died in the Confederate P.O.W. camp at Andersonville during the Civil War. U.S. doctor Pinter said that no autopsy revealed anyone dead from "gassing" in any of the German camps, but lots were dead of typhus, dysentery & starvation. The Big Fib of the "Holocaust" began in 1919 with an article in The American Hebrew of October 31, 1919, alleging that "six million jews" were dying of starvation in post World War I Europe. This story was apparently concocted to shake shekels out of the gullible to support Zionist &/or Communist organizations. The Holohoax began in August 1943, when the British were trying to counter the discovery of the Soviet killing of 15,000 Polish officers with bullets in the backs of their heads in Katyn Forest, Russia. The Germans were told of mass graves in the forest & they brought Polish & other international witnesses to view the bodies. I've seen the German film on this subject. The Soviets later made their own film & blamed the massacre of the Poles on the Germans, who were not in that part of the USSR when the massacre took place in 1940! Some of the jew NKVD murderers even bragged of their deed! The British were afraid the Poles might switch sides & join the Germans against the Reds, so the British Foreign Office was told to cook up something to keep the Poles on the British side. The Foreign Office hackwriter cooked up a story that the Germans were rounding up Poles & conducting mass executions at certain sites, including internment camps. In their office memos, one flunky asks how they were executing the Poles, so the typist inserted "gas chambers." When head of British Intelligence, Sir Cavendish-Bentinck, found out, he told them to delete the gas chamber accusation, for it was like the ridiculous propaganda the British had promoted in World War I, which was later discredited! I have enclosed this order with this letter, which I obtained from British Foreign Service archives. Around 1960, the Allies officially changed their lies that "death camps" existed in Germany & Austria, as well as Poland's six camps. Suddenly, the "gas chamber" at Dachau, which was built in 1945 by jewish film director of "Shane", George S. Stevens, "was never used." I've seen the atrocity film which Stevens made for Allied propaganda, which claims that "thousands were gassed in Dachau!" At Auschwitz, Poland, there were huge plaques claiming that "4.2 million" people were killed there. As you would guess, that number is quite different from the actual figure of 74,000! As I understand from recent visitors to Auschwitz, the plaques have been officially erased. After 1945, the "Polish victims" of the alleged German extermination camps became jews!

I also believed in the Six Million Swindle, for I had no reason to question it, until I began to study World War II history. I learned that the truth is quite different from the kosher jewsmedia, including the statements of our own ZOG (Zionist Occupation Government). My sources are Allied, Zionist, jewish people & documents from the same sources. I cannot supply you with the Nuremberg Military Tribunal & International Military Tribunal transcripts, which I've read, for they exist in many volumes, but I can supply quite a few good sources. Enjoy your reading. All the best, & ORION!

Dear Sir,

I read the article of Mr. Johan Engelbrecht "The war of the Afrikaner" in the issue of 16/9 and must shake my head. Like many of our people who read the Bible, Mr. Engelbrecht does not understand the book. He says that we must go on our knees so that OUR GOD will help us. In other words if we pray 10 times a day, 365 days a year, God is obliged to help us.

We must understand that God owes us nothing. We owe him everything we have. God is the god of 2 billion Christians, not only 3 million Afrikaners. Most of them are non-whites, therefore to whom must God listen? Our missionaries made such a good job that God is now also the God of our enemies and they pray every day for the destruction of the White man at the tip of Africa and all over the world. What must God do?

God is neutral. He is not interested in Afrikaners, blacks, Whites, Muslims, Christians or any other faith or race. God's message to man, animals or plants is simple": SURVIVE.

If the entire Afrikaner nation would die today, it would make no difference. The sun would rise tomorrow morning, the earth would turn as every day and 3 million of our people would have disappeared- 0,0005% of the world population. History will soon forget the White people at the tip of Africa who was so stupid as to give away the land that God gave them, and that just for a pension and a 4x4.

Our folk has forgotten the lessons of the Bible. God made the Earth and everything on the planet. He made also Nature and the laws of Nature. And he said : Grow and multiply. Make children. Fill the land with your own kind. He did not say:" You must have only two children, because you must make place for the children of the Black man, and give them food, medicine, and build them houses, and then give us your land also.

He said:"Grow and multiply your own kind. Do not worry about the other breeds of people. They do what they must do. They make a lot of children because they know that children are the future of a folk.

God is not on the side of the good people. Read the Bible! Abel was a good man but he was weak. His brother murdered him, but God did not help Abel or punish Kane. Abel was not strong enough to survive, therefore he disappeared from the Bible and from then on it was the story of Kane. Read also the story of Jacob and Esau. I call our Afrikaner "Esau's people" because we have given away our birthright for a pot of soup. Esau had red hair and worked very hard to feed his family. Jakob stayed near his mother in the kitchen and was scheming to find a way to rob his brother from his birthright. Esau was a White man, as only Whites have red hair. Jakob on the other hand was a Jew. God did not punish Jakob for robbing his brother. From then on, it was the story of Jakob and his children.

What about good Lot and his harlot daughter or David and Jonathan? Every story is the same. The one with the will to survive will survive. It does not matter what he does. God is on the side of the WINNERS, not the losers. In the Roman circus, the Christians were also praying, but God was on the side of the lions which ate them up. The losers always disappear from history -Point. Napoleon once said that God is on the side of the big battalions. Here in South Africa for the moment the big battalions are black, but in a few years this is likely to change. We must prepare for that and we must make children. We must not worry what will happen to them, or if they can

get a "job", or how much it will cost. If we want to win, we must bring children into this world. Without it, we will be waiting for God for nothing. If our people cannot become a big enough folk, it is finish for us.

Pray as you wish, but remember: God help only those who help themselves. Be a WINNER. The way you win is not important to God. He just tell you to SURVIVE!

PRO PATRIA

27 JAN 06. Dear Phil: Many thanks for your latest mailing of 25 JAN! The Covington-Williams Case is really a spectacular achievement in the 'anals' of the blighting bowel movement. What I say stands, but if the download with Metzger's comments thereon is a lie, then the condemnation goes over to the ones who created the alleged CNN report. The blighters &/or the ADL (what's the difference?) are libelling the White Cause by their mere association therewith. One could expect nothing less from the ZOG, since that's been their track record since the 1930s: obfuscation, character-assassination & literal assassination. We never seem to learn.

Thanks for the download on the alleged Homeland Security seizure of safety deposit boxes! Now there's one I can analyze in terms of its veracity: The writer who THINKS he is anonymous, claimed to have had a bank informant who is a B. of A. branch manager in Irvine, CA. Thus, the writer might as well have given HER (!) name & address over the Internet. If revealing ZOG secrets is now a crime, then there is nothing to prevent the abduction of the writer & his bankster relative. It would be easy for the NSA to trace, via its Internet surveillance methods. Of course, a savvy net-nerd would plant such a detail in disinformation, in an attempt to derail the ZOG, but what net-nerds do not seem to acknowledge is that Internet use is not anonymous, so the user can be traced, right to his basement, if need be. Sheeple do not understand what can happen in a declared state of emergency. We already know that anyone may be seized, abducted, confined & tortured by ZOG, without ever being charged. We know that trials are a 'luxury', which those who are accused by ZOG for any reason may be denied, since there is no record of their arrests. The sheeple are 'fleeing' right into the arms of Big Brother, & will they ever regret it! We would be most fortunate if our safety deposits were the ONLY things this ZOG would take. It will not stop at that, we can be assured. Warm-fuzzy fantasies may be rudely interrupted, sooner than we expect.

The rense.com download from Paul Roberts (purportedly) addresses the issue of a new federal police force created under the so-called Patriot Act. I think such a force already existed: The U.S. Marshals. Conferring labels on people does not confer loyalty, so such ZOG-thugs may be few, & they may be resisted by those in government & police forces who do not support these new ZOG policies. We shall see, no doubt, how this situation develops.

Many thanks for the recent Wall St. Journal article on Chinese dealings with oil-producing countries, including The Middle East. If the USA continues to mess up Middle East oil-production on behalf of Israel, then the USA must, eventually, answer to China. I suspect that there is much diplomatic discussion of this situation behind the curtains, but the pattern is clear: China wants oil, much more of it. Oil supplies are limited & the USA is China's competitor for oil, worldwide. Of course, were China to push the USA out of the world oil market, the USA might collapse as a major market for Chinese goods. But does China need the USA? If China can get its raw materials from other sources, it can raise Chinese pay, thereby creating its own internal market for its goods. Why trade real items for U.S. funny-money? China will likely squeeze whatever value it can by spending USA's jew-I.O.U.s while they still buy somethings, such as U.S. real estate & other countries' national debts. But the Jewnited States is not blind to such possibilities, so it may start a third world war in Iran, before this judeo-masonic entity finally sinks into the cesspool of history, where it surely belongs.

Sometimes fiction can be prophetic, as was "Ayn Rand's" depiction of Jew York Shitty's Marxist delapidation & squalor. The noxious niggers are the result of applied Marxism: From each, according to his ability, to each, according to his need. Then there was "1984", which has come to pass. I vaguely recall a 'science fiction' story, which I read as a child, in which The United States is depicted as a criminal organization, capable only of terrorizing portions of its former territory. It is as if a gang of crooks found the government abandoned, & they swiped its institutions, its weapons, its uniforms & stationery for their own purposes, amid popular apathy & loathing. There are signs that this fiction is also becoming fact. It would be interesting to use a Time Machine to visit this continent 50 years from now, for the only constant is change for the worse or for the better, but for whom?

All the best. DOWZ! & ORION!
