

1 FEB 06. Hail Joshua! Many thanks for your letter of 19 JAN 06. Hey, there's no need to apologize for writing to me. Any letter such as yours which is well-worded in such good handwriting is a treat to read. I appreciate your offer of documentation on your incarceration, but that is not necessary. I can pretty well assess a writer's bona fides by the content & style of his statements, although I've been fooled by allegedly pro-White groups whose writers are good, but turn out to be traitors, so that is why I never judge a group by its publications. Individuals are different, for they usually don't have a personal ax to grind, such as a desire for subscribers, donations, &c. It would be the odd prisoner, indeed, who made his income as a 'professional prisoner'. Some publications are good, in & of themselves, such as those whose advertisements I include with this letter. These two cater to White P.O.W.s. All letters are welcome, & I can send your address to others who like to support our prisoners with letters & reading material, ZOG willing. I am a White Nationalist, but I also support AZA, The Anti-Zionist Alliance, which includes righteous people of all races. Unlike many blightwingers, I distinguish between my kinfolk & our allies who are not of our Folk. As long as we all agree with DOWZ! (Down With ZOG!) we can work on behalf of ORION! (Our Race Is Our Nation!)

In answer to your questions: (1) It is impossible that six million jews were killed by the Germans, for official jewish population statistics show a population INCREASE for the years in question, rather than a decrease. (2) Zionists won World War II, so most countries are under Zionist Occupation Governments. That's why they dare not object to jew lies about the Holohoax. (3) Jews will not do anything, unless they are forced to, & who is able to rule the jews these days? Nobody I know, or have yet heard of. As you say, jewish parasitism is immoral, but "Might Makes Right", as the jew Teddy Roosevelt bragged. The jews will practice extortion upon us as long as they can get away with it. Nor have the British been forced to pay reparations for those they have killed, conquered & exploited, but all people pay some form of tribute to the jews, whoever they are, regardless of their guilt or innocence. That has nothing to do with jewish extortion. It is what you have to steal that counts in jewish calculations, & they figure a way of blackmailing you to get what they want, as they did to the Swiss recently. The Swiss caved in & coughed up the money the jews wanted, which is cowardly, for the Swiss have all the Red Cross records on the so-called Holocaust & they could have blown that jew lie out of the water. Now, they will regret their cowardice, for once you pay blackmail, that is just the beginning. Yes, our ZOG schools strive to inculcate collective feelings of guilt amongst their White victims, regardless of how far back in history it may go. This indoctrination is deemed "genocide" in terms of The Genocide Convention, which is a treaty ratified by the U.S. Congress, but it is not enforced equally in the USA. In fact, it has been used to target Whites for 'special attention' in the form of defamation. Defaming any identifiable group is "genocide" in terms of The Genocide Convention.

Yes, the first slaves in America were White, as were some of my ancestors who revolted against the English in Scotland, & were sent as slaves to America. Most White slaves died on the ships which brought them here, from Britain, just as many Blacks died on the voyage to America, but, as you say, those Blacks were sold into slavery by their fellow Blacks, & a Black slave was much better off in America than he or she was in Africa as a slave, where they were usually worked to death. In America, they multiplied from good treatment. If people are treated badly, they do not multiply. White colonialism caused a Black population explosion in Africa. In former Rhodesia, there were about 300,000 Blacks prowling around that territory when the first White settlers arrived in 1890. After a century of White rule that ended in 1980, there were over 7 million Blacks in the country, by actual census! How the Whites 'persecuted' them! I was actually a British colonial civil servant for almost a decade in former Rhodesia, & our purpose was to be nannies & care-givers to the Blacks. Been there, done that, so I'm not in favor of colonialism, imperialism, multi-racialism nor multi-culturalism. The USA is a multi-national empire, & it is fast going the way of decadent Rome, thanks be to ZOG! As we have learned, we are lied to in school, but what else may we expect of our racial enemies? Your enemy will lie to you & withhold the truth, just as our ZOG does. We are not citizens, but slaves under ZOG, & few people want to know that.

You mention the role of the jews before & during World War II, & you show knowledge of their history, albeit incomplete knowledge, so I'll add a bit: jews were not persecuted in Germany as jews. It was no crime to be a jew in the Third Reich. Jews who wanted to leave were helped to leave. The international jews of The World Jewish Congress had declared war on National Socialist Germany in March of 1933, just as soon as Hitler took his elected

2) office as Chancellor of Germany, but the German jews stayed loyal to Germany. Jews who wanted to leave Germany were assisted by The Transfer Agreement which the Nazis made with the Zionists, who wanted jews to go to Palestine. Since the bankster jews had blocked exchanges of the Reichsmark into other currencies, the Germans allowed jews to take out their wealth in the form of German goods, which they could sell outside Germany. The Zionists who founded the present state of Israel worked hand in glove with the Nazis, even though they were behind the infamous "Krystallnacht" of 1938, which the German government brought under control. According to The New York Times, some jewish store windows were smashed, but only one death occurred that night, in the course of a burglary, which had nothing to do with the events. Zionists wanted the jews to leave Germany, but many jews did not, & they stayed throughout World War II, where they had lived before the war. Jews even fought for Germany in the Wehrmacht & they served in high positions in the Third Reich. Several jews I knew disliked the Zionists so much that they left Palestine & returned to Germany, where they lived throughout the war. Those jews have greatly assisted the cause of Truth, Freedom & Justice. They have also been persecuted by the Zionists or jew-supremacists. In addition to pro-German jews & Zionist jews, there were also Communist jews. In 1939, the Hitler-Stalin peace pact was signed. This pact lasted until the German invasion or pre-emptive strike, was launched against the USSR in 1941. Such a pact meant that all Communists, including jew Communists, were Soviet agents & hence, Nazi allies. They did a lot of sabotage & espionage which benefitted the Nazis right up to 1941. The Hitler-Stalin Pact had a major influence on the French collapse in 1940. In the USA & Canada, jew Communists sabotaged war production & led strikes to impede the Allies when World War II officially began in 1939. The British interned jews who'd left Germany because such jews were likely Zionist & thus German allies, or Communist & thus German allies, so the chances of German jew being enemies of Britain were quite good. The Zionists were enemies of Britain throughout the war, because the British wanted to keep jews out of Palestine to prevent more trouble with the Arabs there. The Nazis & the Zionists were smuggling jews into Palestine, which was under British rule until 1948, when jewish terrorism forced the Brits out. I knew quite a few of the former members of The Palestine Police, all Brits who have a few nasty things to say about jews, based on actual experience. One thing we can say is that they weren't prejudiced, for they'd thought well of the jews, until they met them for real.

Ernst Zündel is charged with thought-crime, for "denying the Holocaust," as are 4 other revisionist historians who are also incarcerated 'pending trial' in Zionist Occupied Germany & Austria, as well as Switzerland.

I hadn't received word from Hassinger for some time, so I wrote to ask him if he wanted to receive my mailings, but I received no reply, so we are no longer in contact. Liberty Bell is out of business, a victim of the Internet: why subscribe if you can read for free? I knew Ben Klassen who founded The Church of the Creator & I read his books, which seem pretty positive, but I don't know any people who belong to the group, if it still exists. Their most active leader was Matt Hale, who is now in the ZOG-gulag for another's crime, as I understand.

I believe that your ZOG-gulag rules prevent a private party, such as myself, from sending you books. As I understand, they can only come directly to you from a book-dealer or publisher. I may be able, ZOG willing, to send you excerpts from books & articles about books, including my reviews of books, however. I do have items on Commander Rockwell which may be permissible, but I have nothing on Mathews, however, I can put you in contact with Ron McVan who wrote for The 14 Word Press, & I'll advise him to contact you himself.

It is always a pleasure to receive such a well-thought & well-written letter such as yours, so I look forward to receiving your next letter. I would appreciate it if you could send me a self-addressed, stamped envelope with your letter, for that saves me time & postage. If you pay 39¢ for the first ounce, I don't mind paying additional postage.

As a White Nationalist, I wish you all the best & ORION!

EDIA
