

14 FEB 06. Dear Brian: Many thanks for your letter of 11 JAN 06, & the outstanding enclosures! The reports of jews stoking up contemporary crusaders & jihadists is one thing jews do best, for "wars are the jews' harvests," according to economist Werner Sombart. As you say, some sources are 'over the top' in terms of allegations. I believe that it is a mistake to exaggerate, & worse, to cry 'wolf' when there is none, for the purposes of immediately-perceived gains. The only thing gained is lack of credibility when the wolf really does appear. In this regard, let's consider the jew Moslem preacher who foments violence in London, England. Semitic religious offshoots of Judaism are vulnerable to infiltration by false converts who seek to pervert & subvert the Christians &/or Moslems for their jew objectives. The article on the marranos or false Christian converts of Portugal refers. The download on the jew Moslem cleric correctly distinguishes jews as a 'nationality' by birth, rather than a religion freely-chosen. Converts are often 'over the top' in their zeal, as this jew exaggerates his Moslem militance. Is he doing it to convince himself & his supporters of his devotion to Islam, or is he advocating violence as an enemy of Islam, as well as Christinsanity? Is he sincere or shamming his allegiance to Islam? Of course, what really matters is "cui bono?" If Moslems can be made to fight Whites in their kosher guise as "crusaders," the jews can do their old trick of profiting in terms of power & wealth by getting Goyim to kill Goyim. Who also benefits from the success of a 'holy war' between Moslems & alleged Christians? CHINA! Throughout history, the Arabs have stood in the way of Mongoloid invaders seeking to conquer Europe. Tamerlane & Genghis Khan both served to bleed the Moslem world of its best fighters, who otherwise could have invaded Europe even more than they did. It is widely reported that Israel is selling China the military technology which jews are given or steal from their U.S. slaves. Jew immigration minister Caplan (sp?) & the Zionist Occupation Government of Canada alias China-duh have opened their doors to Chinese invasion, so much so that Mandarin is now Canada's second most-spoken language, not French. Jews always betray their Goy benefactors to their enemies, as did the jews of Babylon et al. So why would they not betray their North American milk-cows to the ever-hungry Chinese? As my old professor used to say, "There are no big secrets."

The apparent author of the inflammatory anti-Moslem cartoons in the Danish newspaper, Jyllands-Posten, was none other than the jew, Flemming Rose, who is allegedly hiding in the U.S.A. The jew Interior Minister of France, Nicolas Sarkozy, has also come out in favor of "freedom of expression," so long as it does not question the Holohoax, for that is against the law! Once again, we see jews' usual tactic of using touted universalism on behalf of tribalism: Some expressions are "more equal" than others.

Thanks for the download from Arthur Kemp, of whom I have not heard, except for your mention of him. My view is that race is scientific, not subjective. I can claim to be White, but the only proof of that is DNA analysis. Attitude & behavior do count, since Ostensible Whites who think & behave as non-Whites are at least as damaging to White interests as are fake Aryans to White biology. The Milch controversy about his alleged jewishness, as well as the identity of the one responsible for misdirecting German aircraft design continues. The Zionist bankster who interrogated Milch, whom he mentions in his sworn statement, which I translated, offers to free Milch immediately, if Milch would say he was jewish. Instead of gaining his immediate freedom from Allied detention, Milch said that his jewish status did not pertain to the matter in question! If I failed to send you a copy of his statement in the original German & my translation thereof, I enclose it with this letter. Was Milch the one who advised Goering to follow the dive-bomber specifications for German military aircraft? Goering admitted that he knew very little about modern aviation technology. In fact, one of his critics, perhaps Adolf Galland, said that Goering should have been in charge of German railways, not the Luftwaffe! I understand that Goering's favorite hobby was, yes, model railroads. Imagine Goering, the World War I air ace, preferring to think in two dimensions, rather than three! Compared to him, I was spoiled, for I got to play with real trains, as well as models. Well, I suppose Goering's other perks were a solace in his otherwise deprived existence. Someone asked me who'd I have dinner with, if it could only be one Third Reich leader. My reply was instant: "Goering, of course!" He knew how to eat.

It is a real eye-opener that the French Army is around 30% Moslem. The Empire has come home, indeed, so we can replay "The Battle of Algiers" without crossing the Mediterranean. Such a deal! Islam is North America's fastest-growing religion, according to jewsmedia, so one wonders how a renewal of the military draft would fare in the U.S.A. Black Muslims are a force to be reckoned with as civilians, so their militance might be damaging if the U.S.

2) military increases its kosher crusade in The Middle East. This pro-Israel policy could hasten race war on this continent, especially since the Blacks are learning that their status as THE U.S. minority is fast slipping. Race riots in Los Angeles County's jails, between Blacks & mestizos, has been ongoing for 10 days straight, according to jewsradio reports, & the score seems to favor the mestizos who've killed at least 3 Blacks, the former bullies of the ZOG-gulags. Poor babies! There are so few Whites in L.A. jails that they receive no mention, although I am in contact with incarcerated Whites who say they are targets for Black & mestizo gangs, as always. Remember: FEDZOGUSA deems mestizos as "White" when they commit crimes, but as "Hispanic" when they receive tax-payers' handouts & government privileges. Since U.S. census lies are based on this "White Eurasian" fiction, there is no doubt that Whites will soon be America's minority, if we aren't already. Then ZOG will switch from its majority servitude & minority privilege to a policy of 'putting Whitey in his place' as a minority without privileges. That would be real democracy, of the sort Whites experienced in former Rhodesia. As I see it, the kosher-Freemasonic fictions leading to the creation of the USA & French governments under Zion are now becoming obvious, even to those who don't want to see. As Dr. Oliver described White behavior: We are like a flock of White rabbits who just want to hide ourselves in the weeds, hoping that the foxes will eat someone else.

Christinsanity is truly what one makes it, as Nietzsche opined. Being based on a book, its words are subject always to interpretation & altered emphasis. Since the body of belief is basically Pagan, as you observe, it could be made more Pagan & less Judaistic or Zionist-ic, as it now is. The Christ-eating cult can be pro-war or anti-war, & its opportunities for casuistry are in the Realm of the Infinite. I recall a journal of a member of Francis Drake's pirate expedition in Cuba who piously wrote that the sooner they could bring death to the "papist" Spaniards, the better they would fare in hell! Now, isn't that an example of 'true Christian love'? Bless our cannons, padre. The Marxist credo of this cult, "So as ye do unto the least of these ye do also unto me," is virtually the same as "from each, according to his ability, to each, according to his need." This can & does lead to dysgenic practices in a society, which seeks to thwart Nature, & hurt^s the society which practices such policies. This is why I don't bother much with the abortion issue, for unless abortion is done for eugenic purposes, it has no benefit to society. My recommendation is that all those who want to stop abortions should be required to raise the offspring unwanted by the parents thereof. That would solve the problem, in my opinion, so Christ-eaters could remain as such & those who don't want their offspring can also be satisfied. Claude's letter to Wayne refers, also enclosed. Christ-eaters import unwanted Chinese & Black brats to assist the invaders & the genocide of Whites. Those who go out of their way to please our enemies are also our enemies. China's official one-child policy is one more excuse to speed up the Chinese invasion of North America. I know such enemies firsthand, for they openly brag about it.

It appears that denizens of formerly White countries, even Ireland, are beginning to realize that race is THE major issue. I remember my friend, Manfred Roeder, writing to me that "White Power is nonsense, since he saw no niggers in Germany." I guess he came down, literally, from the clouds. When he began taking trains in Germany, he soon discovered lots of niggers & even more non-Whites from Asia & The Middle East, but "White Power!" was already thought-crime in Zionist-Ruled Germany, so Manfred found another way of getting into trouble & into the ZOG-gulag: inciting attacks on refugee residences. The prosecution used his diary as their foremost witness against him, for it was a written confession!

So are net-nerds still proposing an Aryan State in Iran? Islam is anti-racial, just as Christinsanity, so such a racial state would first require the extermination of all Moslems in Iran, just as the U.S. motto, NOVUS ORDO SECLORUM (New World Order), requires the conquest of the world before it can be established. Aryans who become Christian or Moslem have no way of remaining Aryans, neither psychologically nor physically. I can give the Iranian revisionist conference a wide miss, for I do not relish the prospect of speaking in the cross-hairs of a Zionist bombsight. Besides, all I'd have to say is already in writing. It reminds me of my Peruvian editor who urged me to go to Allende's Marxist Chile to do a story, just before the bloody coup d'etat of bankster-stooge Pinochet in The Bonfire of the Idiots, who were no longer useful to their kosher-commie-capitalist commissars. From what I already knew about USA-USSR collusion, I could see that coming, but I got kicked out of Peru with a Soviet warning before I had any more time to consider my editor's kind offer. All the best, as always. CRION!
