

24 FEB 06. Dear Brian! Many thanks for your letter of 20 January & the 5 CDs! Your letter was most informative, as always. As you say, there is lots of work to do, just in chasing our knowledge which is being perverted &/or obliterated, much as the Morlocks did to the Eloi library in "The Time Machine." It would be a great pleasure to hear a "Christian" pope announce, gradually, that Yahweh wasn't Jesus' dad, after all, but Odin! Then we could really enjoy our Yule festivities, as well as Easter, in their true spirit. It is obvious that the clever hebes & their frontman, Paul alias Saul of Tarsus, concocted Christianity to enslave the Goyim. My essays on that subject refer.

I appreciate your descriptions of the torturous gyrations & contortions of so-called Pagans who fear to be called "racists," "Nazis," &c. It is said that politics is the art of the possible, but the attempt to be all things to all men, so as to gain approval from all men, is like attempting to walk a tightrope which is not tethered at either end. It appears like an exercise in self-delusion, or, as one Monty Python character said in "The Life of Brian," "It's more like one man's struggle against reality!" I also enjoyed "Penguin Island," by Anatole France, whose Jewish mistress influenced him to take a pro-Dreyfuss stand. As is wisely stated: There's no fool like an old fool, in Anatole's case.

Irish people sound to me, from your descriptions, to be dwellers in La La Land, for all their lack of understanding about ongoing demographic changes in Ireland. Their beer must be strong, indeed! I can only wish them a timely awakening, in a sober state.

By now, you have probably heard of David "Waffle" Irving's re-re-revision of the Holohoax, in which he avows the existence of "gas chambers". I imagine he uses a flower to decide, by plucking its petals while incanting: "They gassed them; they gassed them not..." Now, I await Zündel's trial. To my knowledge, he has said nothing on his current Holohoax position. The jewsmedia have called him all sorts of things he was not & is not, like "White supremacist." Since they are loading him with so many false accusations, they may as well call him a "giraffe", too, since he is not that, either!

You now know why I call allegedly pro-White groups "the blightwing." They see all others as competitors for shekels, rather than as racial comrades. The reason they don't uplift Our Race is that they are too intent on the bottom line, & live OFF their touted cause, not FOR it. A gaggle of blighters, including Stormfront, Jared Taylor (married to a Jewess) et al, are promoting the lie that Jews are "White." One critic argued that the Jews are co-opting the blightwing on behalf of a 'crusade' against Moslems in Moslem homelands, rather than in our soon-to-be former homelands in Europe & North America, plus Australia, as I mentioned in my essay, "Let's You & Him Fight!"

Yes, it's disgusting to see how successfully swindlers can snatch shekels intended for White Nationalism, & divert them to their selfish lifestyles. My most avid readers are convicts in the ZOG-gulags. It seems obvious that they only find time to read if they are locked up, with little else to do. Prisons are therefore The Universities of the People, & I try to inform & educate my prison pen-pals, ZOG willing. If ZOG does not will my letters to arrive, my efforts are in vain. But, at least the zoggies read my material! Thus, a letter to an inmate has at least two readers, if it is allowed to reach its intended recipient. "Double good!" as we Orwellians would say. Those who show the most interest & appreciation for my Holohoax Debunking Material are prisoners in U.S. ZOG-gulags, for most sheeple are not curious, no matter how important this issue is in their own lives, since it gives Israel a blank cheque on their tax dollars, & their lives in military service. As you say, denizens of America are really dumbed down when they can't see that the truth or falsehood of the Holohoax is important, for them!

Your alleged friend sure sounds cynical to me. He appears to believe that political activism has no goal beyond self-promotion. He seems prepared to sink into the mud of race-mixing & multi-culturalism (non-White imperialism), BECAUSE he has children! That seems like a real oxymoron. It seems to me with such 'friends' you don't need enemies.

The Mossad seems to have no trouble obtaining genuine passports from other countries. I understand they had a New Zealand passport racket going, but were found out. Previously, they had lots of valid Canadian passports, & now German ones. I'm sure there are other ZOGs which supply them. I knew a Jew in Rhodesia who showed me his 5 legitimate passports: South African, Rhodesian, British, Israeli & U.S. He explained that he was born in South Africa, when it was part of the British Empire; his family had moved to live in Rhodesia before it had become a republic under Ian Smith; he was a Jew who qualified for Israeli citizenship; &, Jews could easily get U.S. citizenship, as one could buy a shirt in Hong Kong! No problem! The USA would never refuse a Jew citizenship or passport. I knew several Jews like that fellow, when I lived in Rhodesia.

2) It seems to me that the methane produced by forests could be collected & burned as a fuel, & that the products of combustion, H_2O & CO_2 , could be consumed by the same forest. I don't think the truth of the matter will affect people's pollution & depletion of natural resources one bit. It never has in the past, as proven by all the man-made deserts of Africa & Asia produced by over-logging, over-grazing & over-population, the 3 Os, as I saw in Africa. It now seems as if the deforesters have an environmental argument in their favor, as if rapists needed justification for what they would do, anyway!

Re the "Reply to Dr. Pierce," I certainly agree that there are righteous, anti-Zionist Jews & other non-Whites, who I classify as members of AZA, the Anti-Zionist Alliance. Dr. Israel Shahak, who I heard speak in Toronto, & the journalist Israel Shamir, would be two examples of AZA colleagues, whose work is valuable to the defeat of Zionism. After decades of striving to get Moslems to pay attention to the Holohoax, because of its use by Israel, it is gratifying to see that Moslems are boycotting official Holohoax memorial days in lands ruled by ZOGs. Yes, Holohoax commemorations are vital to all peoples, which would include the Zionist liars & their victims. It is like U.S. commemorations of The Battle of the Alamo: Both Gringos & Mexicans commemorate the battle with the slogan, "Remember the Alamo!" for that is when the Gringos fought the Mexicans & also the time in which the Mexicans killed all the Gringo defenders. Would that be a 'win-win' celebration? It sounds like the reason for another battle.

Thanks for the latest moves in high-tech warfare possibilities for China, through its participation in The Galileo global navigation system. Even if U.S. pressure precludes China's direct participation, the Chinese have many other ways of acquiring this technology. Israel has been one reliable source of supply.

Re the story of U.S. child-rape atrocities in Iraq: After the publicity about U.S. torture of prisoners at Abu Ghraib, child-rapes are credible, whether they happened or not. U.S. participation in the invasion & occupation of Iraq has been a disaster for its military & its public relations image.

The report on "Blood Diamonds" is additional justification for the diamond boycott advocated in the USA by the Mexican Nationalists of La Voz de Aztlan.

I read Dr. Oliver's allegation that John F. Kennedy's executive order to print debt-free money was a "myth." Dr. Oliver was badly misinformed, for I spent United States Notes of high denominations in 1963, which I commented upon at the time. These notes were known as greenbacks, issued interest-free by the U.S. Treasury, as had been done under Abraham Lincoln. When I left the USA for Colombia, U.S. currency consisted of silver dollars, paper Silver Certificates, Federal Reserve Notes & United States Notes. When I returned, all currency was Federal Reserve Notes, under President Johnson. It was obvious who benefitted from JFK's assassination: The private Jew bank known as The Federal Reserve, Dr. Oliver to the contrary.

Telegony is a known factor in animal breeding, as with dogs & livestock. In Africa, a cattle rancher told me that wildebeests were dangerous to his cows, for they would mate with the cows & render them sterile, as he learned from experience. Humans are also mammals, so why would this fact not apply to humans, also?

Before Kennedy's presidency, the only U.S. Notes in circulation were \$2 bills. Jews claimed that they were "bad luck" (for Jews, since no interest was paid to the Jew-banksters). In order to make them kosher, it was necessary to 'circumcise' the bill by tearing off one corner, each time the bill was exchanged. This caused the bills to be taken out of circulation & destroyed, much sooner than the interest-free money would normally wear out. In 1964 \$2 United States Notes were replaced by \$2 Federal Reserve Notes with a depiction of Congress meeting to sign The Declaration of Independence, with one member engraved to show up as a Black! There were no Black members of Congress, nor signers of The Declaration of Independence, where my relative presided as secretary, Charles Thomson, & he wasn't Black, either! TIME Magazine ran a small article about this Black face on the new, Jew \$2 bill under the headline: "Is someone rewriting our history?" Since this engraving would be an error, one would think the new \$2 bills would have been withdrawn, but they are all in circulation. Since the engraving is based on an official portrait, the members depicted are named, including the member with the blackened face, who was not Black! An engraving is a matter of intent, not accident, so the Black face was engraved on purpose. Money is sovereignty. Who is empowered to create money is sovereign over the people who use it. As Meyer Amschel (Rothschild) declared: "Give me the power to issue money & I care not who makes the laws!" All the best & ORION!
