

## ***The Prophetic Words from Benjamin Franklin 1787***

***(This prophesy by Benjamin Franklin was made in a "chit chat around a table" at the Philadelphia Constitutional Convention of 1787. This statement was recorded in the diary of Charles Coatsworth Pinckney, a delegate from South Carolina.)***

*"I fully agree with General Washington that we must protect this young nation from an insidious influence and impenetration. The menace, gentlemen, is the Jews.*

*In whatever country Jews have settled in any great number, they have lowered its moral tone; depreciated its commercial integrity; have segregated themselves and have not been assimilated; have sneered at and tried to undermine the Christian religion upon which that nation is founded, by objecting to its restrictions; have built up a state within the state; and when opposed have tried to strangle that country to death financially, as in the case of Spain and Portugal.*

*For over 1,700 years, the Jews have been bewailing their sad fate in that they have been exiled from their homeland, as they call Palestine. But gentlemen, did the world give it to them in fee simple, they would at once find some reason for not returning. Why? Because they are vampires, and vampires do not live on vampires. They cannot live only among themselves. They must subsist on Christians and other people not of their race.*

*If you do not exclude them from these United states, in their Constitution, in less than 200 years they will have swarmed here in such great numbers that they will dominate and devour the land and change our form of government, for which we Americans have shed our blood, given our lives our substance and jeopardized our liberty.*

*If you do not exclude them, in less than 200 years our descendants will be working in the fields to furnish them substance, while they will be in the counting houses rubbing their hands. I warn you, gentlemen, if you do not exclude Jews for all time your children will curse you in your graves.*

*Jews, gentlemen, are Asiatics, let them be born where they will. No matter how many generations they are away from Asia, they will never be otherwise. Their ideas do not conform to an American's, and will not assimilate even though they live among us for ten generations. A leopard cannot change its spots. Jews are Asiatics, are a menace to this country if permitted entrance, and should be excluded by this Constitutional Convention."*

*Benjamin Franklin*

27 MAR 06. Hail Jeff! Many thanks for your letter of 21 MAR 06. I'm sorry you cannot contact Ernst Zündel for a booklist on World War II matters, because he is now in prison for questioning World War II propaganda about the Holohoax, as are several other historical research writers. If I were to visit Europe, Canada, Australia, Israel, &c., I could also be jailed & tried for thought-crime, so I have illustrious company as a 'word-criminal' in such "free & democratic" countries. That's why I do not travel, for the latest Israeli-promoted thought-crime law passed in the U.N. would make me subject to arrest, as it now would the president of Iran, who likewise questioned the Holohoax. We all have lots of learning to do, & the sooner we start, the better. As the old saying goes: "We grow too soon old & too late smart." I'll send you some booklists which advertise books that are true, to the best of my knowledge. The Barnes Review historical magazine to which I subscribe is a good source of truthful books on World War II.

We are all, to some extent, soldiers of World War II, because the lies which caused it are still put forth in our media of information, education & entertainment, & the injustices which resulted from it still go on. As soldiers of Truth, Freedom & Justice, we must fight these evils of World War II, on behalf of the present & the future of White Folk everywhere. As people say, "It isn't over 'til it's over," & it is by no means over!

For a very good account of World War II in Europe, I especially recommend Leon Degrelle. He began the Struggle for White Survival as a political leader in his native Belgium. During the war, he fought for Europe against Red Army hordes as a general in the Waffen SS. It is our great good fortune that he lived to write about his experiences after the war. General Degrelle fought battles as a soldier, & as a politician (politics = people-power) he knew where those battles fit into the Big Picture of World Events, which he not only wrote about, but which he witnessed, along with other makers of history. Everything Degrelle has written has been published by The Barnes Review, to my knowledge, & every word he had to say is well worth reading. I enclose a copy of a fairly recent Barnes Review booklist. If you request a complete list of books by Degrelle, they may be able to send you one.

By all means, please continue your correspondence with me, for I may be able to assist you in your quest for knowledge. One lecture I attended when I first began college was very memorable, even though it was a routine orientation speech: The professor immediately debunked the supposed 'magic of higher learning,' by declaring that there was no magic to be had by attending a college or university, despite what people may think, who have never attended such 'institutions of higher learning.' "Why are we here?" I thought. He explained: A college or university is like a supermarket of ideas & information, as well as skills & training. The job of the teachers & professors in such a place is to show the students around, so they can find the branches of knowledge & discipline which most suit their aptitudes & interests. That's all they can do, because it is up to us to do the learning! He was absolutely right, so I think it worthwhile to pass on what he told us college freshmen. He concluded by saying: "We are all self-educated." I can certainly agree with him.

Since I attended college & university, Zionist indoctrination, the cult of "Political Correctness," has overshadowed such places. Anti-White courses are openly taught, in order to infect Whites with false 'guilt' for existing in the first place. It is genocide by propaganda, disguised as 'education.' I am disgusted with self-righteous Blacks whose own people sold their ancestors into slavery, for starters. Jew professors frequently lie to their students & threaten them with bad grades if they do not accept jew-lies with uncritical reverence, that "what comes from a jew must be true!" One jew professor of American History told us outright that "If any of you even suggest that Franklin Roosevelt had prior knowledge of the Japanese attack on Pearl Harbor, he will receive an 'F' in this course! I was careful to avoid the subject of World War II in my papers for the course, so I got an 'A', but the Forbidden Zone of Pearl Harbor sparked my interest, so I was on the lookout for information on that topic. It turned out that FDR not only knew in advance of the Jap-attack, he instigated it by embargoing oil to Japan! Japanese fleet messages were decoded & intercepted from Midway, Hawaii & Corregidor, in the Philippines, so the Jap fleet was triangulated, located & their intentions were well-known in Washington, DC, well before the Pearl Harbor attack. Some, but not all, battleships were left as bait, & the U.S. Pacific Fleet went out to sea before the attack. A lot of U.S. personnel were killed, for General Short & Admiral Kimmel, in charge of Pearl Harbor, were NOT informed by Washington that the attack was on its way! This was treason on FDR's part, as well as murder.

Take care. All the best & ORION!

*Eric*
