

16 Jewlie 06. Hail Chad! It was great to receive your letter of 13 Jewlie 06, with the enclosed news item on banksterism & taxation. As I recall, the U.S. CON-gress passed The Federal Reserve Act & the Income Tax Act the same evening, perhaps on December 24th 1913, when the majority of congressional turkeys were home for their Christmas dinners. In other words, both acts were passed by a minority of Congress. At first, nothing much happened, as planned, so brave & wise congressmen like Charles Lindbergh, Sr., who had warned that The Federal Reserve would destroy U.S. sovereignty, were largely ignored by the sheeple. In effect, the Federal Reserve & the Income Tax Acts were like knives put into the hands of killers by their intended victims. The fact that the knives were not used immediately did not mean that the killers would never use them. They sure did when they CAUSED The Great Depression of the 1930s, during which their stooge, FDR, demonetized gold, so all people in the USA had to turn their gold into The Federal Reserve, in exchange for Federal Reserve Notes. In 1964, after JFK's assassination, ALL U.S. currency, except coin token money, became Federal Reserve Notes. As Charley Reese stated, the banksters create money out of nothing, & charge interest on it! What a racket. In the Protocols of Zion, it is stated simply that money lent at 5% interest over a 20 year period, on a house, for example, requires the borrower to pay a sum equal to the value of 2 houses, although he only has one house. If the foolish borrower pays only the interest & not the principal of the loan, in 40 years he would be paying double the price of the house, without owning the house! Such a deal. This is why the USA has its monstrous "national debt." Another term for "interest" is tribute or slavery. No government of any sort is sovereign (self-governing) if it does not control its money. As Meyer Amschel Rothschild declared: "Give me the power to issue money & I care not who makes the laws." In the 20th century, 3 political leaders issued interest-free money, as did Lincoln in the 19th century: Tsar Nicholas II, Adolf Hitler & John F. Kennedy. Communist Romania was the only country without a national debt, & its leader, Ceausescu, was the only Communist dictator killed when they became kosher capitalist. The jew, Landau, took over Romania, & he adopted the new name, "Roman." Now, it is likely that little Romania has a big national debt! Inflation is theft. Deflation is sabotage & usury (interest) is slavery.

As to your commissars' views on racial separation for your social improvement group, why should they pick on Whites? Black Muslims preach social improvement for Blacks, since they are not Asians nor Whites. Why should they be forced to admit non-Blacks into their group? Freedom of association means that people are free to choose their associates. If non-Whites, such as Blacks, jews, mestizos, et al. can exclude others from their groups, why should Whites be different? Races & their cultures differ. They even conflict, as do social groups, like rich, poor & middleclass (soon to become extinct). Imagine a rich social group HAVING to admit a quota of street bums, or a jew social group having to admit a number of Nazis, for the sake of--what? Why must any identifiable group include other members of identifiable groups? Non-Whites have freedom to associate with their own kind, so why can't Whites?

Let's consider improvement: If I, as an individual, wish to improve my physical & intellectual components, why would I need to associate with a lazy, ignorant druggie? If I want my family to improve in such areas, why would I have to admit others' family members into my family group? All churches, political parties, social clubs, sports teams, Indian tribes, countries like Israel, & even regional economic groups have the right to exclude others who do not conform to their criteria for admission. So why must an exception be made for Whites who wish to do likewise? Would the jewess demand that MENSA, a group for high I.Q.s, be forced to admit morons & idiots on a quota basis? Ha! Standards of behavior exclude as well as include, as well as standards of being, like being Black, jewish, Indian or (gasp!) White. Loving one's family, tribe, nation & race does not mean that one hates all others' families, tribes, nations & races. If I love one woman, it does not mean that I hate all other women! Your jewess is using the old, discredited argument known as "special pleading," in which all others have rights, but not Whites. I enclose two jews' views who claim that Whites don't exist, except as a matter of "convention" or custom, so why seek to destroy a group which does not exist? Can Ms. Jew answer that one? In fact, Whites are "an identifiable group," in terms of The Genocide Convention, but jews are not, since they comprise all races, religions & countries of origin. That is why I do not capitalize "jew," for the same reason I do not capitalize "criminal," "bankster" or "usuror". Gentile or Goy is someone who is not a jew, & who is therefore a member of an identifiable

2) group! Although Yahweh fans would like to be "the true-jews," it is certain that jews would not accept them as such. Whiggers want to be "the true Blacks," by adopting Black behavior, music & lifestyles, but they do not succeed, either. Would a man who thought of himself as a woman gain admission into a women's group, club or university? Since gender is a biological fact, as is race, the women, like Whites, have justification for exclusion. Racial groups do exist, & they do exclude, so why should White groups be different? Yes, jewish propaganda claims that "only Whites can be racist," but non-White racists, including jews, know that's a lie, another big lie, which is what Hitler warned against in "Mein Kampf." Naturally, the jews lie that Hitler approved of The Big Lie Tactic. He did not. That's why he addressed the topic in the first place!

Social groups can be of any size. Who has the right to determine what size others' social groups should be? Why can't others determine that for themselves? What is "pro-social?" If I am a Gypsy thief, I am pro-social toward my group, but I am anti-social toward my host society, from which I steal. If I am a jew, I am likewise, for jews are Gypsies who go into the banking racket, big time. If I am rich, I belong to a minority, toward which I am 'social', but toward the majority poor, I am 'anti-social', since I thrive at their expense. If my society is anti-White, must I therefore admit that which is intended to destroy me, culturally & biologically? Exclusion is another word for self-defence. I have lived always amongst non-Whites, including jews, so I have learned from them who I am & what my interests are, as an individual. That's how I learned to survive. It would have been great if I'd been able to live amongst pro-White Whites, but life is not what we always want. Life is what is, not what if. I've had an easy time of things, as compared to most people & most Whites. This does not mean we should not strive for improvement, physically, mentally, racially, socially, in groups & as individuals. I believe it was the Black, George Washington Carver, who advised Blacks to solve their own problems & not rely upon Whites for bounty or for blame. Jews teach us that we should blame our parents, our environment, our society & anyone else for our problems, but ourselves. We do not suffer or thrive, except as individuals, so the key to our salvation, our survival & our self-defence lie within ourselves as individuals, also. Collective action is the sum of individual decisions, within the minds of those who make up the collectivity. If people are taught that they are "not responsible" for that which afflicts them, then they are also disempowered, & are incapable of solving their own problems, individually & collectively. Those who do not believe the liars who are empowered to teach such kosher crap are not victimized by it, for we are too busy solving our own problems, rather than waiting for our masters to solve them for us. Enslavement begins in the mind, as does freedom.

"Blame Whitey" was the gist of the former "Victim Awareness Education Program" in your ZOG-gulag, so I am looking forward to the new "RIP Course," in terms of The Genocide Convention, to see if Whites are again singled out, in clear violation thereof. In my opinion, every race should strive to improve its members in every respect, even Whites! Blaming another race for one's own misfortunes, as well as the misfortunes of his race, is counter-productive, to say the least. Adults do not persist in such childish behavior if they ever wish to become adults. Those of our own race who sell us out to our racial enemies must be brought to justice. If someone lets vermin into our house, it is not the vermin who are blame-worthy, but the one who let them in! Whites must decide to mobilize for their protection as Whites, if they wish to survive as Whites, by means of justice. If racism is the basis of all crimes, then members of all races would be considered 'criminals', which would include all members of any identifiable group. Oy veh! It used to be that Satan was the basis for all criminal activity & many have said, "The Devil made me do it." Now criminals are supposed to say "My race made me do it!" Of course, rapists already say that their sex made them do it, with good reason. Your zoggies make a good argument in favor of racial separation, whether they know it or not. Arrogance often reveals ignorance. I know they are paid to prate their anti-White propaganda, but one day they may not be liars-for-hire who fly in the face of biological, historical, cultural & behavioral facts, like flunkies who are paid to keep oil & water mixed by shaking the bottle. Nature is Nazi & races naturally separate biologically. That is why they are called races, in the plant & animal worlds. The Tower of Babel Fable illustrates the mixing of races & cultures, so your zoggies should study that part of the jew-book to see their possible future, if biology in the form of demography does not shatter their illusions & stop their paychecks first. All the best & ORION!
