

23 AUG 06. Hail Chad! Many thanks for your letter of 20 AUG 06! Jesus accused jews as being children of Satan, The Father of Lies. Dr. Israel Shahak said in a lecture which I attended in Toronto that a jew will tell you five lies before he even approaches the truth. Shahak attributed jewish character as the product of tradition, values & upbringing. Former Mossad agent, Victor Ostrovsky, wrote in "By Way of Deception" that a Mossadnik must have a credible cover story if he gets caught, in addition to as many other cover stories he can think up! The Mossad, jew equivalent of the CIA & then some! tells its agents to talk their interrogators' ears off, instead of being silent: pretend to co-operate & lie, lie, lie! It is best to start off with a Big Lie, like starting with a big price in an oriental bazaar. The Big Price may then be haggled down by the buyer, until some reasonable mid-price is agreed upon. So, too, with a Big Lie. I have bargained in Arab markets, which is customary, as in Latin America. Only a dumb Gringo or a foreign infidel would accept the first price. Whites do not know this oriental custom, so we tend to fall for the Big Lie, as Hitler attempted to warn us in "Mein Kampf." The jews accused him of "advocating" The Big Lie, as a 'jew-wise' person would expect, but a typical dumb Goy (Gentile) would not. Lying & gross exaggerations are popular oriental traditions. A Greek real estate agent in Canada told me she quickly learned not to believe anything her Chinese clients said about their houses. When she asked them if their house had a basement, they would **usually** tell her, enthusiastically, that it did. But she would discover it had no basement at all! Lying is not deemed a virtue in White societies, but in asiatic societies, it is. Good liars are appreciated by others who would like to be so clever, themselves.

Numbers are used for emphasis in Asian societies. In China, it is a compliment to say that a person is #1, just as it is an insult to say that a person is #10,000. Zeroes are used like drum-rolls by asiatic mentalities, such as jews. There was haggling over the alleged number of jew Holohoax 'victims'. After World War I, The American Hebrew of October 31, 1919, stated that a "holocaust" threatened the lives of "six million jews!" After the German surrender in 1945, jews claimed that "25 million" jews were "gassed" or otherwise killed by the Germans. When Allied investigators refused to believe that figure, the jews tried "12 million?" When they refused to believe that figure, the jews offered "6 million." That 1919 figure was accepted, although it had not been believed in 1919. There is as little evidence for "6 million" in 1945 as there was for "6 million" in 1919, just more lies!

A lie repeated often enough can be believed by the liar, as well as his victims. If you are confused by jewish identity, that is just how jews want you to be, but that does not mean that they are ^{not} also confused. The difference between the jews & the Gentiles is that jews know how to benefit from confusion, & Goyim do not. "Jewishness" is not about Semites, but about semantics (words & their meanings). If we can speak of "a jewish people," then it would be possible to speak of a "Moslem people" or "a Christian people." We would be right in asking: "What people? Since when is race equivalent to religion?" Obviously, it is **not**. Different peoples can be of any religion or non-religion, so jews are not "a people," even if they ^{lie} that they are. Biologically, that is, racially, jews comprise all 3 races & mixtures thereof. Jews resemble their host peoples, as you say about jews who look White, but they are genetically different, & behaviorally different from their hosts. To us, a Chinese jew would look Chinese, but his DNA would reveal alien, non-Yellow genes. If a person looks White, but has Yellow &/or Black genes, that person is not White but mixed, a mongrel. Mongrels are not a race, so jews are not a race. The only thing jews have in common, since they are so different in their biology & even their religious worship, is a shared racket, with ancient ties to criminal tribes throughout the world, wherever trade takes place. The mafia was defined by Peare's Encyclopedia as "an Italian-jewish criminal organization." Criminal dialects in Germany, Spain & England are jewish corruptions of German, Spanish & English: Yiddish, Ladino & Cockney are examples. The "Russian" mafia is fairly new on the western crime scene, but those jews are making up for lost time, as vicious promoters of rackets & plain, brutal banditry, compared to which, the mafia of Meyer Lansky were softies! But they are all jews, wherever they come from. One might ask of Lansky, what a Polish jew is doing running an "Italian" criminal outfit. Once one understands that it is jewish, not Italian, a Polish jew fits right in, as would a jew from Russia. The enclosed pages reveal the jew-bankster-mafia network which runs from Britain, via India, to China, including the names of various Chinese jews who have been top-kick kikes in finance & politics. What else keeps jews together?

2) Gypsies (Roma & Sinti) originated in India & moved NW into Europe & The Western Hemisphere, where they practice their ancient scams. They move around in search of opportunity as do jews. One anti-Zionist jew referred to jews & Gypsies as "jewpsies." The difference is that Gypsies engage in small scams for quick profits. Locally, Gypsies were caught with lots of stolen property from this area. The cops knew where to look for stolen goods, so they raided some Gypsy houses & got most of the loot. The Gypsies sued the state for "racial-profiling," & the state had to pay them a sizable indemnity, at tax-payers' expense, with an apology! The difference between jew-crooks & Gypsy crooks is that jews establish banks, & they have an intense will-to-power. George Lincoln Rockwell said that "jews use people as people use land." For jews, Gentiles are a natural resource which they use for their power & profit; the weaker the host, the weaker are the jews who live off them. Jews have been leaving Africa for Australia, where there are fatter Goyim to fleece. Never have jews prospered more than they have in fat, dumb America, with its skilled labor force & abundant natural resources, but jew behavior is parasitic & rapacious, for they always want "More!" as the jew union leader Samuel Gompers told reporters, when they asked him what he wanted. This is why jews always screw their hosts, as they brag in their Old Testament. The jews' 'religion' as revealed in history is to sneak in, under false pretenses, screw their hosts & skedaddle. That's why jews have been so unpopular throughout history. The Romans called them "the enemy of mankind." What I noticed in college & university was that Goyim studied their subjects & jews studied 'their' Goyim as a student shepherd would study the ways of sheep. Christians are indoctrinated to behave like good sheep & to follow their shepherd. What does a "good shepherd" do with his sheep? Well, he fattens them, herds them, protects them from other predators, not for the sheep's sake, but for HIS sake! Then, he fleeces them all & slaughters some for HIS livelihood. A 'bad' shepherd would not do that, so the sheep would have to fend for themselves. Jews have no desire to be sheep! The Christian message is clear: We Gentiles are a bunch of 'sinful' sheep, in need of a jew shepherd! Such a deal!

Unlike Goyim, jews & Gypsies bring their leaders & their governments with them. They have a collective mentality, which some compare to termites, which are harmless, compared to jews. Jewish government is manifest in jewish organizations which direct jewish activities toward the increase of jewish wealth & power. Jewish power is much like a corporation, all of which exist, in terms of their charters, for profit. Some synagogues are "more equal" than others, just as The New York Stock Exchange is greater than a local chamber of commerce.

A noted jew professor, Dr. Howard F. Stein, of The Institute for Psychohistory at the University of Oklahoma, described "Judaism as a Group Fantasy," much to the outrage of his Zionist colleagues! Well, as we are taught in school: "If it comes from a jew, it must be true." Ha! If there were no advantages to being "jewish," I'd doubt that many or any would care to admit that they had considered themselves jews in the past. As long as "jewish" wealth, & power via "jewish" communities & organizations exist, persons who deem themselves to be jews &/or who are deemed by such organizations to be jews are subject to jewish privileges, such as financial support, just as they are subject to brutal sanctions if they violate jew rules. Such jew mavericks, some of whom I know, tell me how they disobeyed a rabbi, which means "teacher" & also, "judge". For that, the jew was expelled from the jewish community, & a ceremony for the dead was performed for him, called "Cherem." No jew, not even a close family member, could have anything to do with the "dead" jew: no visits, no phonecalls, no letters, &c. As we often see in jewish plays & films, a parent will say that he or she "has no son" or daughter, because the child had so greatly offended the parent. Even when Goyim disinherit their children, I have not heard a parent claim that he has no child. Jews also believe that a change of name erases the person's past crimes & sins: new name, new person. Such a deal! Jews also use name-changing to infiltrate their hosts' countries, by disguising their origins, just as comen use aliases.

The Dracula Legend originated in Romania's Transylvania region, also claimed by Hungary. Vlad the Impaler was a fierce king, who actually scared the Turkish invaders away. Some say he was actually a patriot who strove to protect the country from invasion & exploitation, so he was defamed by nobles who were not patriots, but sellouts & selfish little men, like some I've known. The "vampire" myth seems to be popular, despite the fact that there are no vampire bats, to my knowledge, just many, many jews, who have been accused, with reason, of blood-rituals & usury, in which the victim is financially drained. There is good evidence to show that this vampire-behavior on the part of jews is not a "mass-hallucination" for it occurs wherever jews migrate. All the best. DOWZ! ORION! & 88!
