

2 SEP 06. Dear Wayne: It was great to receive your letter of 29 AUG & the always informative enclosures. No doubt about it: Blightwing = Bickering. My letter to "KKK" refers. He is the writer of "WHAM" (White American Man) alias Thorz Hammer alias KarlstHdt, who lives on a ranch in Texas. He & David Mock recently had a nasty written confrontation, much nastier than yours with that strange critter, Paul Vogel. What is wrong with him? It strikes me as "Ego Uber Alles," ("My Way or the Highway" as I wrote to KKK).

As I see it, your Mars Initiative may function in the way our Samisdat UFO series did: it attracted original, unconventional thinkers, plus numerous kooks. We had a whole category of "ray-victims." As I recall, there were 3 classes: (1) Zappees from electrical powerlines & household outlets. (2) Zappees from UFOs. (3) Zappees from earthling spy agencies. Several of the "victims" were jews. One jew in Texas was in his own category: He'd read Shaver's science fiction on "Inner Earth's Rainbow City" which featured Teros & Deros (Technical Robots & Deranged Robots). The correspondent claimed that the Deros were zapping him incessantly, causing him severe headaches, & making his ballpoint pen skip & blot. Talk about a holocaust! Another "ray-victim" in Finland sent us fuzzy photocopies of what purported to be his cranial X-Rays, which allegedly revealed the presence of a "Nazi mind-control device," for receiving radio-transmitted orders. With your M.I., you are likely to encounter "just plain folks" like these!

Undoubtedly, our champion "ray-victim" was the jew, Kaufmann, of Munich, Germany, who had fled from Israel, according to his book, "Cherem." He slept in a coffin lined with copper, & covered with glass. When he mentioned this, I warned him to avoid suffocation by "Selbstvergassung" or "self-gassing." He claimed that he was being zapped by the Mossad, which had installed "millions of dollars worth of zapping equipment in nearby buildings," for which he was the target. He said that the police 'claimed' to be unable to find such equipment. "They were lying, of course." I asked him what the rays did to him. He replied that they gave him "the dreaded ear-croak," & produced "the parlor bang." Since he lived above an intersection, I wondered if cars backfiring might not be the cause of that. As for "the dreaded ear-croak," he might do well having his blood-pressure checked. Of course, he could not be swayed, since he deemed himself too important for the Mossad NOT to be "raying" him! I've known many such 'important' people! All because of my Samisdat UFO connection. When we publicised our Antarctic Expedition to fly over the South Pole in search of Hitler's UFO base & the entrance to The Hollow Earth, the U.N. banned polar overflights, alleging that such overflights were "too dangerous." That saved us money & it also caused our readers to be convinced (1) That Hitler was in Antarctica with his Last Battalion &/or (2) That the entrance to Hollow Earth was plainly visible to aircraft. Imagine what such people will say about Mars!

If nothing else, your M.I. discussions will inform readers of all sorts of ideas & concepts which they should, at least, consider.

As you mentioned, Australia is clearly a major target of Asian conquest, & the Whites are mindlessly opening up the continent to a flood of mud-people.

Covington continues to write like an agent-provocateur, oblivious to the demographic & political changes engulfing this continent. Mexico is on the verge of a civil war, which will certainly have repercussions in the USA, due to the multitudes of Mexican invaders & occupiers here. Moslems continue to pour in, so U.S. borders are open to all comers & the U.S. military is dying in the sands of Iraq, without defending anything. So far, Bush has done everything Israel & China want. The radio announces that The American Jewish World Service is importing lots of Blacks from The Sudan & Somalia. It's called "Death by Diversity." In the U.S. prisons, Blacks & mestizo ("Hispanic") prisoners fight so often that they must be segregated, but not so for Whites, who get raped & murdered, especially when the prison authorities choose colored cellmates for them.

I don't think the status quo will last much longer, so if words have no effect on behavior, events will do the job.

All the best & CRION!

*Eric*
