

27 SEP 06. Hail Chad! It was great to receive your letter of 24 SEP 06, with the news that you received my mailing of 9-9-06. Nice zoggies! As always, I hope they learned something from my enclosures. It would be interesting to know if "La Raza" were deemed to be a Security Threat Group in prisons, for they receive ample support from FEDZOGUSA. Their full name may be "La Raza Unida," as an official organization, which means "The United Race." Would Whites be able to call themselves the same, albeit in English? Stay tuned! Mexican racists like to call us "racists," so they would probably sue Whites for copyright infringement, with ZOG's help. Let me know what you find out.

Thanks for the news that FEDZOGUSA is extending its definition of "illegal combatants" to armed gangs, who are indeed terrorists, for that is what they do: terrorize law-abiding people, including U.S. citizens. I have long told people that cops love tattoos, but if demographic trends continue, there will be so few Whites that they won't need any tattoo in order to be deemed STG. As Rockwell wrote: Your skin will be your uniform in the coming race war. As you observe, the USA is becoming an extension of the prison system, especially as the definition of "terrorist" is so flexible under ZOG.

Congratulations on your palacial residence! Now you have a gulag equivalent of an apartment on Jew York's Fifth Avenue. It seems nicer than most places I had to pay to live in. I recall renting a "convenience apartment." It was convenient because one could open the door, close the window, take a handkerchief from a dresser drawer & wash one's hands in the sink, without getting out of bed! Such a deal! One could also turn out the light without sitting up in bed. But I never had a TV.

"Nicholas & Alexandra" was an excellent movie, much more accurate than "Dr. Zhivago," which was more like "Gone with the Wind": a romance, rather than a history. Russia risked revolution every time it engaged in wars which lasted longer than the harvest seasons. What is wrong with reporting in your papers what is on your mind? If you are concerned with matters beyond your digestive processes, that should be in your favor, rather than against. If you were a fan of hunting & fishing or a sport, would those interests be deemed 'abstract' & 'impersonal'? Try telling that to Tiger Woods! If I were to avoid recording my thoughts & experiences, I'd have nothing more to report than basic bodily functions. But if I were a Jew, I might parlay those items into a good racket, like Sigmund Freud! I could relate my desire to eat as symbolizing my desire "to devour the world!" In addition, how are your zoggies NOT your captors? If they were anything other than captors, they would let you come & go as you please, even if you might not come back. Ho Chi Minh likened his prison guards to royal retainers. Maybe you could call your zoggies "my lackeys" & they could address you as "Your Royal Highness." You might suggest that to your would be mind-manipulators.

You obviously caused your Jewess to flip out in rage & hate. She projects her own mental illness & hostilities when she accuses you as wanting to kill anyone who isn't White. If I love my own kind, does that mean I hate all other critters & races? If I love my wife, does this mean I hate all other women? If I prefer to live by myself, does this mean I want to kill everyone else? Wow! She really needs 'help'. Maybe she went off her meds. Her religion is the only one I know of which preaches that "The best of the Goyim should be killed." Hitler never said that about the Jews, otherwise he'd have kicked them out of the Nazi Party. Remember: it was not a crime to be a Jew in the Third Reich. It was a crime to be a criminal &/or enemy agent. From a Jewish source I read that 150,000 Jews fought for Germany in the Wehrmacht. A 1944 Berlin telephone directory I read through listed at least 12 Jewish organizations in "the Nazi capital." A French SS man told me of helping to dig anti-tank ditches in Berlin in 1945, to stop the Red Army. His fellow ditch-diggers included civilians who wore big yellow stars on their suits. He was told that they were Berlin Jews who were helping to defend their city from the Reds. Can any facts cure your Jewess of her maniacal anti-White hatred? Stay tuned! One can only question why anyone would want to believe that Gentiles had killed "4 billion" Jews in their "holy talmud" or that they had killed "over 6 million" in their holy holohoax, when neither event was possible. I have met several Jews who served in the Wehrmacht, & several who lived in Germany during World War II, who provided me with a lot of useful information on the Zionists' Holohoax. The Zionists who founded the present state of Israel collaborated with the Nazis, so they had to hide that collaboration by inventing the Holohoax. Why would over 5 million Jew 'survivors' be alive to collect 'reparations payments', according to The Canadian Jewish News, after spending time in "death camps"? Were they working for the Nazis? Otherwise, how would they survive an alleged 'extermination program'? There are no Polish survivors from The Soviets' Katyn Forest Massacre, because it was a massacre, so why would Jews survive a death camp, if it really was a death camp?

2) I used to believe the Holohoax until the jewsmedia overdid it, just as they overdid their denunciations of Hitler with contradictory accusations, even that "Hitler was a jew." One jew 'authority' on the Holohoax, Raul Hilberg, testified under oath that the so-called Nazi extermination of "5.1 million jews" occurred "without orders, plans & budgets," but as "the meeting of minds of a farflung bureaucracy!" Yet, he claimed that this immense program was amply recorded on paper by the 'meticulous Nazis.' As a former bureaucrat, soldier & railway employee, I find that such allegations are absurd, for no real world bureaucracy, army nor railroad could function in such a way! Verbal orders must have written orders, unless one is willing to get into real trouble, & no trains nor military units can be in two places at once; nor can bodies be burned under water, as would be the case if "burning-pits" were dug at Auschwitz, where the land is swampy. Cremations under ideal circumstances take over 1 hour, so they can't be done in seconds, as would be necessary if the existing cremation facilities were to 'process' the numbers alleged by jew-liars & their Allied stooges. The enclosures refer.

You guessed the gist of Metzger's denunciation of Duke; however, if he writes good books, I recommend them, especially his book entitled "Jewish Supremacism." Unlike Jared Taylor, Duke does not include jews as Whites, nor do I, for they say they are NOT White to themselves, regardless of what they may say to Gentiles. I saw them 'switch' from "White" to non-White in Africa, when they decided to hand over Rhodesia & South Africa to Black Marxist misrule. I was there! Genetically, jews are Afro-Eurasians in varying degrees, ranging from the Black Falashim to the Chinese jews, with partial Whites in between, like the Ashkenazim. Jews tend to resemble their host peoples, but they behave as a separate & distinct nationality, wherever they live. As I understand, Stormfront accepts jewish money & censors pro-White information on that website.

As the jew Prime Minister of Britain, Benjamin Disraeli, once said: "Those who do not understand race can never understand history!" It is appropriate that I studied International Relations, so I could better understand the make up & workings of our Judeo-American empire, alias the USA. Since we never were a nation, nor a democracy, but a jew-dominated plutocracy (rich rascals) governed by hypocrisy, I can easily predict certain general behavior on the part of our Zionist rulers, Zionists being jew-supremacists, including their Gentile stooges. Our ruling scum have promoted the annexation of Mexico for centuries: before The Civil War, & during the Woodrow Wilson regime, in which his jew handler, Mandel House, wrote a novel entitled "Philip Dru, Administrator," which described a fictional annexation of Mexico. Now, the likelihood is that Mexico will annex the USA, especially if civil war breaks out in Mexico, due to the controversial presidential election. If that happens, FEDZOGUSA WILL ASSIST the invaders who will pour into the USA as "refugees." If our ZOG can do it with Cubans, it can do it with Mexicans. Stay tuned! Politics is people-power, so one must know who he is, if he is to make correct decisions. If one does not know who he is, he cannot make wise decisions. If you know who you are, you will know what's good or bad for you. White sheeple don't know!

Re crime: I explained to a zoggie why crime must increase with diversity, for each ethnic group has its own set of rules, but ZOG tries to enforce one set of rules on everyone. ZOG also wants us to believe that diversity of beliefs will not lead to diversity of behavior. The Pope wants us all to get along, regardless of different values, within the same living-space. The only way in which that can occur is if we all behave the same. This would mean that we don't believe in our own values! When I lived in San Francisco during the hippie era, there was supposedly ONE law for everyone, but it was enforced selectively. Cops permitted pot-smoking in the "Hashbury District," as I witnessed daily. Public drunkenness was permitted in the Irish district, as I saw, & firecrackers were permitted in Chinatown. But such behavior was punished outside the 'zones of tolerance.' This remind^{ed} me of colonial law enforcement in Africa, in which Black behavior was permitted for Blacks, but punished if Whites did it. Blacks were polygamous, but if a White took more than one wife, he was guilty of bigamy. Voodoo spells were taken seriously, & if a Black suspected he'd been 'hexed', he could kill the alleged wizard, & he could argue that it was "self-defense," but not so with Whites. Blacks could enter White areas, but Whites needed permission in writing to enter Black areas, & this was all under White rule! Memory is the enemy of tyranny, & I have witnessed major changes in my own lifetime, as we will continue to see.

Keep up the good work, in good spirits. All the best, as always! DCWZ! ORION! & 88!

Eric
