

27 OCT 06. Hail Kriss! Many thanks for your letter of 22 OCT 06. You are most wise to wonder about the legitimacy of some 'new kid on the block.' I have never heard of any group called "The White Power Liberation Front," so you & your comrades should stay away from it. I have joined groups which turned out to be phony &/or led by ZOG agents, weak characters, ego-trippers, incompetents, &c. But then, some groups are actually established by the ZOG in order to rope in good people with honest intentions. The John Birch Society & the Canadian Heritage Front come to mind. During the phony Cold War, the Communist Party, USA, whose jew head, Gus Hall, used to speak at Red Berkeley, was so thoroughly infiltrated by the FBI that some chapters were made up solely of FBI informants. The same applies to the Ku Klux Klan, as was revealed in the Greensboro, NC, Shoot Out, in which jew Trotskyists were trying to organize a Black labor union at a jew textile mill, & a ZOG agent led the Injuns of the KKK into an armed confrontation, in which the Injuns' marksmanship with hunting rifles proved superior to the hysterical jews' Saturday night specials. Oy veh!

During the so-called Cold War, people became leery of joining any organization & of signing any petition, for fear that it might be a Commie front. I still have a copy of The Attorney General's List of Organizations deemed "subversive," which I had to swear that I never belonged to, whenever I worked as a fire-fighter with the U.S. Forest Service during summer fire seasons, in the 1950s & 1960s. Former members of The Abraham Lincoln Brigade (Commies who fought for the Reds in the Spanish Civil War) were listed, as well as members of The Japanese Officers' Club. The Spanish Civil War ended in 1939, so I'd be a mite young for that, & I am not Japanese. The list was quite lengthy, as I recall, & if one were subsequently discovered to be a member or former member of any of the organizations on the list, he could be fired from a U.S. government job, as well as charged with perjury, for violating his oath, &c., maybe even treason.

It is said that the future resembles the past, so I can easily relate to this era of "Terrorism" under ZOG, after having experienced the terrors of the ZOG's "Cold War." Sheeple are pumped full of 1950s' Elvis b.s., but for those of us who lived through World War II on the homefront, & the subsequent "Cold War," which followed swiftly thereafter, the fifties were not very comfortable. There was the omnipresent prospect of nuclear annihilation. A U.S. Army officer spoke at my Civil Defense class that war with the Soviet Union was not "a matter of If, but When." There was the Korean War & the 1962 Cuban Missile Crisis. I recall President Kennedy's alarming, but lame speech on TV, when I was back in the USA. Basically, his message was, Gee, folks, it looks like we may be in a nuclear war with the Soviet Union real soon... Some interpreted that speech to mean, "we're all gonna die!" I saw a great change in the USA since the 1950s, which was one of World War II style solidarity. The early sixties revealed a disintegration of community & of the greater society. After hearing JFK's speech, I strode the streets of Berkeley in a state of numbness, for I knew I was in the crosshairs of a Soviet bombsight, & there was nothing I could do, but other Americans had lots to do: they built fallout shelters & bought weapons to defend them with, against their American neighbors. I passed a gunshop fairly often, & I noted that a Maxim machinegun had vanished from their display window. I knew the owner, so I asked him what happened to it. He said that a fellow had bought it, & 1000 rounds of appropriate ammo, to defend his family's fallout shelter. I said, "Aren't machineguns illegal?" He said, "Sure, but who cares?" This was the period in which the Catholic bishop of Los Angeles declared that it was 'right', in the eyes of Jesus, for one to defend his family against his neighbors. The Sheriff of Kern County, CA, declared that he'd post his forces "on the mountain passes, to stop the 'ravens hordes' from L.A." I concluded that if Americans could not kill a Soviet citizen, they could sure kill fellow Americans.

My reason for taking you down Memory Lane is to illustrate that a situation can become very serious, all of a sudden. My memories of the "Cold War" era in which I was involved, when I discovered it was a Zionist hoax, caused me to be kicked out of the USA by ZOG & simultaneously banned from all Soviet Bloc countries, including Castro Cuba, which I have no desire to visit! I just checked to see how extensive the Soviet ban applied to me in 1969. When the jew head of the East German Stasi, Markus Wolf, discovered I was in East Berlin, that year, he had me escorted to the train at Bahnhof Friedrichstrasse, by 2 polite gentlemen of the Interior Ministry. Then, the U.S. State Department deemed the

2) Stasi, the East German secret police, to be "a terrorist organization," but since the kosher Cold War was an Orwellian hoax, I was not surprised to learn that Markus Wolf & his former KGB counterpart, Primakov, now work for their kosher crony, Chertoff, in the U.S. Dept. of "Homeland Security."

Now that "Terrorism" has replaced the "Cold War," FEDZOGUSA is fomenting & seeking "terrorists" wherever they can be found. FBI Director Mueller said in a recent radio interview on NPR jewsradio that The Liberty City (FL) Seven are being tried as terrorists & co-conspirators because they failed to report a ZOG-agent provocateur to the ZOG. Yes, folks, failure to denounce a person who utters 'subversive' thoughts can get the listeners into ZOG's gulag. This is not a new law, for Rockwell, Stoner & Pastor Miles were found guilty of failing to report statements by ZOG-agents. Rockwell & Stoner had listened to a ZOG agent who said he'd burn a Black church, & they thought he wasn't serious, so they said nothing to the ZOG. When the church burned, they went to jail, for remaining silent. Pastor Miles was victimized by a ZOG agent who set fire to some old school buses during a forced school integration by busing in Michigan. In such cases, the zoggie plays & Whitey pays with prison time.

The Liberty City 7 are Blacks & purported Moslems who got set up by a ZOG agent posing as an "Al Qaeda" member. The zoggie proposed the blowing up of this & that, which the Black groupies thought to be 'cool.' By not denouncing the zoggie's statements to the ZOG, they had fulfilled the first of Mueller's criteria as "terrorists" & as "co-conspirators." The second criterion was achieved when the Blacks asked the zoggie for money: "Hey, man, since you be Al Qaeda, you gots any spare change?" This constitutes "solicitation of funds for terrorism," according to Mueller. Mueller also raised a third criterion for his case against the Liberty City 7: "providing accommodation to anyone involved in 'terrorism'." I eagerly await the outcome of the trial, which is ongoing, to my knowledge.

You will note that the defendants did nothing illegal, themselves, except to listen & applaud the zoggie's statements. Asking anyone for money is not illegal, & there is no proof that the Blacks were not attempting to fleece the ostensible Al Qaeda agent for their own enjoyment, but in these days, under ZOG, merely overhearing wild words is sufficient grounds for prosecution. "Terrorism" is conveniently undefined, so it is whatever the ZOG says it is. Since the ZOG is jewish, it is not surprising that it would adopt a Soviet trick of NOT defining "counter-revolutionary," under which millions of Soviet Goyim were rounded up, starved to death, worked to death in slave labor camps or given a Lubyanka Breakfast: a bullet in the back of the head. Thus, hearing or reading words deemed to "advocate terrorism" can, on the part of a zoggie, put you in jail on that charge alone, ZOG willing. This is why I advise everyone not to affiliate with any group or person whom you do not know well. You may be getting set up by the ZOG Squad. I have said to the sleeping members of the blightwing that it is now possible, once again, to be 'guilty' of remaining passive when a zoggie mouths or prints 'subversive' statements, AND, what the ZOG needs now are "White Terrorists," to show the sheeple that it is not "racially-profiling." At least one blighter is playing ZOG's agent provocateur game, to my knowledge, so there are likely more such creeps crawling out of the woodwork.

As a journalist, I know that we tread an increasingly narrow path, in which we still can discuss major events, without being deemed "terrorists," as sheeple used to allege of people who studied Communism. "You read about Communism, so you must be a Commie." My reply is that "I also read books about The Common Cold, but that does not mean I read about it to spread it around! Nor am I a cold germ if I read about them!" But now, under ZOG, reading about subversion may be deemed "subversive" at any moment, so we should be very careful. We can be sure that our ZOG can put the worst possible interpretation on our words, & the words we receive from others, so beware! Being in a ZOG gulag does not preclude the ZOG from setting one up for additional charges under the so-called Patriot Act, so prisoners are not 'home free,' by any means, from ZOG conspiracies. American sheeple blabber like the proverbial "Kraal niggers." I have lived in countries which take one's words very seriously, so I tend to be more careful in what I say & write. I advise others to do so, as well. Words are no substitute for deeds, but words can get one into the same trouble as actions which they describe, if ZOG construes them to be "advocacy."

All the best & ORION!
