

5 NOV 06. Hail Jason! Many thanks for your letter of 30 OCT 06 & your enclosures, which I shall try to promote amongst pro-White publishers. Thanks, also, for the SASE, which is a great convenience, as I dig away at my mountain of correspondence. Hey, if I had no such 'mountain', I would not have a mine of interesting & informative thoughts, so I'd probably occupy my time with drive-bys, graffiti & other gang activities. Brownest Yakima has bilingual signs in Spanish & that other language allegedly spoken by Gringos which proclaim "Drug-free Zones." Some denizens wonder if this means "free drugs," so one often sees crowds of eager people wandering around such areas. Neither English nor Spanish are spoken or written very well here. But we can all say: "Dare to keep our cops off drugs!" I read in our local jewspaper, The Yakima Harlot-Repulsive, that our cops have refused to take drug tests. I can say from experience that there is nothing scarier than a 'stereo-cop' who is already hostile & aggressive.

Sorry, I don't have books for sale, but some of them may be on the Internet. I've done a fair few, so I may omit a title: Secret Nazi Polar Expeditions, The Hitler We Loved & Why, China, the jews & World War III, The Devil's Disciples & The Chosen One come to mind, although there may be a few more. Most of my writing consists of essays, plus a few short stories, all of which are on the Internet sites of VNN & www.FAEM.com. Any computer-savvy type can find VNN, without its www.org. or com., as I understand, or by searching Eric Thomson. I have no computer, for I lack the time, money & expertise to keep my system updated every week, as well as my software & hardware, purge viruses & spyware, &c. I'd rather spend my time writing, reading &, yes, thinking. Power surges & power outages are also factors to take into account. A manual typewriter works quite well with candlelight, & it never crashes, unless it falls on the floor.

The Toms River publication moved to Butte, MT, so I'll forward your letter to them. I never heard of Stormbird Press. Are they an Indian outfit? Your Resource List is a great idea, & I'd enjoy making copies thereof & passing them on.

I don't know if George Dietz is alive, for we've had no contact since Liberty Bell shut down through lack of financial support. I was out of the country when Ben Klassen died, allegedly of a drug overdose. That's all I know, & I can't be sure of that, nor do I know the year. I heard he was depressed, but this is all from his #1 enemy, Harold Covington, who had nothing good to say about him.

FAEM stands for: First Amendment Exercise Machine. Robert Frens ran the site, so much of its content is his, as well as from others. He must have written the rant on The Tailhook Scandal, for I knew very little about it.

I collaborated with Ernst Zündel for 16 years, on behalf of White Nationalism & anti-Zionism (jew-supremacy). Many items for which he is charged in Zionist Occupied Germany I wrote & he signed as author. When he decided to drop pro-White activism & all activism in favor of shekel-grubbing from 'golden-geezers', he alienated his organisation, especially after he received The Cotter Bequest of over \$100,000, in addition to other sizable donations for work he claimed credit for. In order to reside in the USA with his jewish wife, he told the FBI that he was not pro-White & that I had written all such material. I received this news from other sources, such as Insight, a pro-Zündel publication, as well as from German publications. Zündel was my frontman in Canada, since I am a U.S. citizen. Not only was he rewarded for my work, but he is now being punished, because jews figure: he got the money for it, even if he did not write it. The Zündels are of two notes: "Me-me-me" & "Gimme, gimme, gimme." They are for nobody but themselves. My reason for living in Canada was that FEDZOGUSA exiled me in 1969, after they confiscated my doctoral dissertation on USA-USSR Involvement in Latin America. That's why I wound up in White-ruled Africa, "for reasons of health." Zündel is not a leader. He is a conman with a lust for jewish mama type women. Whatever good he may do the cause of White Nationalism will be as a martyr, not as a leader. The ZOG & his current wife have him just where they want him: in the ZOG-gulag. The ZOG has the Zud & she has his shekels, as long as he stays inside. Such a deal! I can think of no better place for one who betrayed his race, so there is justice after all, even in our life times. All the best. As a W.N. I sign off with ORION!

Eric
