WHITES CANNOT EARMARK FUNDS FOR WHITES!

True to the memory of Chinese-Canadian trailblazer Jean Lumb, the four young recipients of the awards named in her honour are motivated, focused, and inspired.

Those winners of the ninth annual Jean Lumb Awards were slightly overwhelmed by the gala dinner last night in Scarborough celebrating their outstanding high school achievements.

Excellence

Each year since 1998, the Jean Lumb Awards have rewarded high school students of Chinese descent for excellence in four areas: the arts, academics, athletics, and community service. The winners, who receive \$500 each, were feted in a packed dinner last night at a north Scarborough restaurant.

Last night's winners were Curtis Wang, 18, in arts, Pamela Lam, 18, for community service, Iain Kew Lee, 18, for athletics, and Jane Chui, 18, for academics. Wang, an accomplished pianist

now studying life sciences at the University of Toronto after graduating from Upper Canada College this year, plans to go to medical school and continue his musical interests on the side.

Wang said the Jean Lumb

Awards are an inspiration for young Chinese Canadians.

"Generally, these kinds of awards serve to inspire and motivate young minds, and the entrepreneurs of tomorrow," he said.

Jean Lumb, the first Chinese-

Canadian woman to receive the Order of Canada, became known as the unofficial spokesman for the Chinese-Canadian community until her death in her 80s in 2002.

Legislation

Lumb was instrumental in changing the Chinese Exclusion Act, which heavily restricted Chinese immigration to Canada, as helping to preserve Chinatowns across the country. Along with her husband Doyle, she co-owned the Kwong Chow Chop Suey House at Dundas and Elizabeth Sts. from 1959 until 1981, her daughter Arlene Chan said last night.

Lumb accomplished all this after being forced to quit school at 16, while growing up in B.C. during the depression.

"She was a very, very positive person, and despite that setback, she went forward and never looked back. That was not her style — she was just very optimistic," said Chan, co-chairman of the awards' planning committee.

7 NOV 06. Dear Günter! Many thanks for your letter of 29 OCT 06, with the \$5 & the very informative enclosures. I am recently rereading a book by Russian Count Cherep-Spiridovich entitled "The Secret World Government or The Hidden Hand," which is right out in the open, as I have noted. He wrote about it in 1926, & I learned about it from current events in my lifetime, so his analysis is still valid, as to the workings of the Zionist (jew-supremacist) Occupation Governments which use Goy frontmen, as they have for at least 2000 years. Jew control of money gives jews control over our governments. What is obvious is that jew-supremacists (Zionists) have marked the White Race for extinction. If "Germans" are to be non-Whites, as Zündel-Kalergi appears to wish, can we still call them Germans? I would not. Presently, the foremost enemy of the White Race is the Judeo-American Empire, based currently in the USA, which may not last much longer. It looks as if the jews have chosen their Chinese jewish brothers to take over from the dying U.S. Empire, on behalf of the JEW WORLD ORDURE. As you stated in your letter, Whites, under our plutocratic scum, have been their own worst enemies, & most efficient at killing Whites. The jew, John D. "Wreckefeller," said that "Every man has his price." Unfortunately, he was never disappointed. If a competitor would not sell his refinery, Rockefeller would hire an employee to blow it up. A recent jewspaper article announced that the U.S. rich are becoming ever richer & fewer, as more & more sheeple become ever poorer. Obviously, the rich are our worst enemies, above whom are the Rothschild bankster-gangsters. How simple it all is! Goyim just cannot understand or will not understand. The Goyim who do understand, work for Zionist banksters, so they say nothing. As my professor used to say: "There are no BIG secrets." As you say, no filthy rich scum would like to 'enjoy' the Turd World Diversity they inflict upon us. They all deserve to be drowned in the mud they allow to invade our former countries, but we may drown first. Jew groups in America, like The American Jewish World Service & Hebrew Immigrant Aid Society are busy importing lots of new niggers into North America, & salting them in small towns, in which fleeing Whites may seek refuge.

I understand how much reading you have to do, so I'll try to reduce the amount of reading material I send, so you receive only the most important items.

Thanks for W.'s letter which somewhat clears up Nugent's mysterious disappearance. I did not know that David Duke is in Russia. Brian thinks Russia is our "Great White Hopeland." Certainly, North America is not such a place! As I wrote to an Australian correspondent, my destiny may be to atone, in some respects, for the sins of my Freemasonic ancestors against Our Race, by assisting in winding up the USA-racket, which merely continued the rule of Rothschilds' Bank of England under a different name, without the King of England, who was also a slave of the Rothschilds. As you say, they knew full well what they did: "Our Race we slew for the inner jew." As you say, war with Iran looks very likely, & soon. All the Best & ORION!
