

Mr. Thomson,

I have been instructed by our learned "elder of Zion" to give you updates from W.S.P. closed custody on administrative trends and conditions of confinement. I will also report specific situations which affect White Nationalist prisoners. This information is provided to pool intelligence and prevent duplication of effort, both with regard to obtaining equitable redress (please forward to Libra). At your convenience, could you please forward me news which informs and educates us on prison issues, and how to conduct activism?

Our mutual friend recommended you send me copies of his "Cult of Victimhood," "Racial And Religious Favoritism," "Forced Intergracion," "T.C.O.V.," results of his public disclosures and steps he took, the "Brush Fire" mags. #2 & 6, and RIP updates.

Thank you for your time,

Justin Laks #750696

2 DEC 06. W.N. Greetings, Mr. Laks! Many thanks for your letter of 29 NOV 06. As you are aware, we on the outside have no way of receiving news from the inside via your gulag authorities, who are supposedly our tax-paid employees. For this reason, all of us rely upon you & others to keep us up to date. Many thanks!

Many otherwise loyal zoglings have complained about the lack of transparency of our present Zionist (jew-supremacist) regime. Even high school civics teachers used to tell us that secrecy is the enemy of democracy, since people have to know if they are to make informed decisions at the polls, &c. Of course, we never have been a democracy, so our teachers may as well have discussed how many commissars can dance on the head of a subject. In the military, we were taught that our purpose or mission was to know about the enemy, while preventing the enemy from knowing about us. You can imagine how I feel when I see 'our' government treating U.S. citizens like "the enemy." If the Zionist regime in The District of Corruption behaves with such disloyalty to us, then what loyalty do we owe it? This ZOG policy has trickled down to all levels of government: federal, state, county & local. We are not supposed to know what is being done, & we are usually discouraged from asking. This is indeed revolutionary, for U.S. citizens were deemed to be allies of government. A policeman expected citizens to come to his aid, to help him cope with an emergency beyond his control. But now, the police are militarized. In the military, sentries are told not to let anyone get close, until they have put their I.D. into the light & backed away, so the sentry can inspect it. People who refuse to identify themselves may be shot. Police are or were otherwise. They were members of the community, not occupiers, as they have become, complete with Darth Vader-style uniforms. With the largest prison population in the world (7 million +, according to the jewsmedia) the USA empire is destined to go the way of the former USSR, where ½ guarded the other ½. That is no way to run a viable economy. Hence, there are big changes in store for all of us, including civil war amongst the unassimilated occupiers of U.S. territory, who are here because of ZOG policies. ZOG has intended to impose its jew world ordure via globalism, but jews usually produce the opposite of their stated intentions, so we will likely experience a 'new world disorder', rather than the opposite.

It is within this context that we may view the kosher RIP course under its jewess kosher commissar: The former 'courses' (mind-manipulation programs) labelled "Cultural Diversity" & "Victim Awareness" were overtly anti-White, attacking Whites as a group, but RIP appears to be individually-targetted, using mind-games & semantic jew-jitsu to undermine White male prisoners' personalities. Such programs are not new. The military uses the tactics on their recruits: Now, you are nothing; you are worms, maggots, &c. Your only hope is to become soldiers, sailors, marines, &c., or West Point graduates instead of "plebes." Christians preach that we are condemned sinners whose highest aspiration must be as sheep, ruled by a 'good shepherd.' I've known several good shepherds in real life. What they do is feed & protect their flocks, so they may be most profitably fleeced & slaughtered for market. The good shepherds in Spain produced the best mutton I've ever eaten. Christians produce the best cannon-fodder in history, as proved in the U.S. Civil War, World War I & World War II.

As an aside, I wonder why the ZOG chooses female 'instructors' for manipulating the minds of male prisoners, who are deprived of any normal female contact. There is an obviously salacious ingredient in this kosher mind-manipulation concoction. I'll let you know more as I find out. It appears right now to be a way of instilling self-hatred on behalf of racial hatred, so we shall see if it works. Our ZOG gets its jollies by attempting to feminize men & masculinize women, which we pay to accomplish in 'our' public media of education, information & entertainment. Your female zoggies fill the roles of Tokyo Rose & Axis Sally: seductive vehicles of enemy propaganda back in World War II.

In regard to activism, we know the limitations in a gulag, so my best advice is education. The Chinese have a wise saying: "There is the leader who coerces, & the leader who inspires, but the best leader is one who teaches, so his followers can say, 'See, we did it ourselves!'" All the best & ORION!

Eric
