

Adjusting to my new environment is about complete. Its odd to experience being in a totally isolated environment for just about a years time and then to be released into semi-freedom like a caged bird who managed to be granted a nugget of kindness from his master when he left the door open. Regardless of how many times I have been through it, it never seems to get any less intense. Its strange. I believe it was Nietzsche who said; "That which does not kill me only makes me stronger" So I thank the Zoggies for constantly keeping their boot on my neck!

11 MAR 07. Hail Chad! Many thanks for your RIP course update. I was very happy to read about your anti-Zionist solidarity, across racial lines. Your Indian ally was very good, in regard to revealing the zoggies' anti-White slant. If we are going to punish any race for "past wrongs," then no race should be exempt.

Whites' 'past wrongs' included the imposition of White civilization & the infrastructure of production & distribution which makes that civilization possible. White civilization, which zoggies include as "past wrongs," is what supplies everybody on this continent with their means of living. Therefore, if Whites are responsible for this culture & civilization, our ZOG should logically destroy White civilization along with all Whites. No more farms, no more roads, no more electricity, no more stores, &c. If zoggies wish to eliminate Whites, why not go ahead & eliminate their 'evil' material artifacts as well? No more transportation outside of walking & canoeing. Horses would have to go back to the Whites who brought them to this continent. Of course, most of the non-Whites would have to leave or perish without a White civilization to maintain them. If America should return to 1400, even the zoggies would have to go.

Who fought Hitler, but American Whites? If Hitler is 'evil', how are Whites who fought him also 'evil'? That is Jewish logic, for the Jewish religion preaches that all Gentiles are 'evil': "Only Jews are good & only Jews are human." What would zoggies say to that?

Your zoggies should understand that any singling out of any one race, including Whites, for special blame violates U.S. law, to wit: The Genocide Convention, as I've stated before. If they continue to blame Whitey for our ills, they have broken U.S. law, & their statements should be a matter of record for possible federal prosecution.

As I gather from your letter, the zoggies may be learning much more about their chosen subject than you are. We know that ZOG wants to destroy all distinct cultures, on behalf of global slavery & consumerism. If ZOG were truly "multi-cultural," as it claims, then each culture should be left alone, not adulterated & destroyed. But cramming diversity into any country will cause cultural collisions, for when values & beliefs differ, so does behavior. That's why the USA has the biggest prison population in the world. In the U.S. hypocrisy, we lock up diversity when it becomes "too diverse." Non-diverse societies are pretty much crime-free, as others have noted, for there is a general agreement on beliefs & behavior. With diversity, there is no such agreement, & conformity comes by coercion, rather than consensus. When I lived in San Francisco in the 1960s, law enforcement differed within the city, despite the fact that there was only one law. All U.S. citizens were forbidden to set off firecrackers, but not Chinese in Chinatown. Public drunkenness was illegal, unless one passed out in the Irish district. Pot-smoking was illegal, unless one did it in the "Hashbury" District. The cops' behavior revealed their selective law enforcement, for I was there. In colonial Africa, where I lived, Whites were treated differently from Blacks, for the benefit of both. Justice was not one-sided. Whites could not have more than one wife; Blacks could have as many as they could afford. Blacks could go into White areas without permission, but Whites needed permission to go into Black areas, where the Whites would cause trouble, usually by interfering with Blacks' women who were deemed their property, as in the Jews' Old Testament. I have had long multi-cultural experience, so I know that our Zionist Occupation Government is inflicting a demographic disaster on its imperial subjects. It would seem that your fellow RIP students are well aware of ZOG policy, & I suspect your would-be indoctrinators are also aware of it. The Jews in your group should read up on The Tower of Babel Fable, which wound up, as I recall, as a multi-lingual, multi-cultural ZOG 'paradise.' Is this what your zoggies want to create? You should ask them.

Re Nietzsche's credo, "That which does not kill me makes me stronger;" I recall an old Norse tale about a young man who is enslaved by 3 strong warriors. As their servant, he does all the drudgery, the hewing of wood, the drawing of water, &c. The warriors boss him around, until one day, when the young slave discovers his strength from all his hard labors. The slave trounces his erstwhile masters & goes his way as a free man. Henry David Thoreau said that, as long as one's mind is free, "stone walls do not a prison make, nor iron bars a cage." Ho Chi Minh likened his French prison to a castle, with his own retinue of guards, who were in constant attendance, as if he were a king. If one considers freedom as freedom of movement, can we say that el presidente, George Bush II, is free to come & go as he pleases, wherever he pleases? He is under constant guard & must be escorted everywhere. I do not feel sorry for him, but I prefer my freedom to his. Keep up the great work. DOWZ! ORION! 88! *EJC*
