

8 APR 07. Hail Chad! It appears that your zoggies are concentrating on content in regard to suppressing White self-respect, while promoting White inferiority. This Zionist selectivity clearly violates the principle of "equal treatment under the law," as well as The Genocide Convention, in terms of which it is "genocide" to single out any group for defamation, &c. As such, Whites are an "identifiable group" which is protected under The Convention. Jews are not so identifiable, unless they say they are, like mafiosi.

Thanks for offering to send me David Lane's banned book. I'll give you my evaluation thereof, ZOG willing.

So the zoggie commissar blames you for 'bad behavior' on the part of the other RIP victims. As they say, the truth hurts, & zoggies can't take it. I am also perplexed by the apparent discrepancy between the kosher commissar's written report & her verbal statements to you, in which you have been threatened with further solitary confinement in IMU. I guess you are expected to lie about your beliefs & even about your race, which "is just a social construct," unlike Blacks & Yellows, alias non-Whites. The jews would have a stronger argument if non-Whites would stop referring to others as "Whites." So who is imposing the "social construct", Whites or non-Whites? The new-jew joke about Whites being "a social construct" is indeed novel, for my birth certificate says "Race: White." If White is just a word for "exploiter," as jews like Ignatiev claim, why am I not accepted by Blacks as a Black, or by Yellows (Asians) as one of them? If I do not exploit them, shouldn't my race be ignored, so I can be any race I might wish? Orwell described tyranny quite well in his novels, "1984," & "Animal Farm," which were critiques of the USSR under Stalin alias Djughashvili (Jewson). Orwell alias Eric Blair was a Socialist who not only wrote about it, but fought in The Spanish Civil War (1936-1939) on the side of the Republic, which soon fell under Soviet domination. Orwell was a member of POUM, which was deemed a Trotskyist party by Stalin, who had Trotsky alias Lev Davidovich Bronstein murdered in Mexico in 1940. I read Trotsky's biography of Stalin, which he'd barely finished writing. In the Foreword, as I recall, the publisher stated that the original manuscript had Trotsky's blood on it, when the assassin bashed his brains out with a climber's iceaxe. Stalin would deem Trotsky, whom he hated, to be "a social construct." Orwell wrote of "thought-criminals" who became "unpersons," under Big Brother's regime. Whites are obviously "unpersons" according to your kosher version of Stalin's commies. Rabbi Stephen Wise was quoted in Jew York's commie newspaper, "Forward!" as saying, "I don't call it Communism. I call it Judaism," after his return from a visit to the Soviet Union in the 1930s. Wise was good buddies with Franklin Roosevelt, who referred to Stalin as "Uncle Joe." The Stalin/Kaganovich genocide of Russia's Gentile slaves began in the beginning of Stalin's rule, after Lenin alias Vladimir Illych Ulyanov died of syphilis in 1924. From 1917 onward, the militant Ashkenazim who converted to Judaism in 700 A.D. were bidding for power in Russia, as well as Eastern & Western Europe. Trotsky would link up with kosher commie regimes in Germany, Austria & Hungary, & The Red Army would have done so, had it not been for national resistance in Latvia & Poland, backed by German forces. Soon, the Red Invasion sputtered to a halt & jew-bolshevik regimes were overthrown in Germany, Hungary & other parts of Europe. Trotsky had failed, so he had to go. Stalin was planning to do the same thing to Europe in 1941, but Hitler hit the Reds first, & so saved Western Europe from Communist genocide. Of course, Hitler couldn't save Europe from herself after World War II. Perhaps your kosher commissar would let you read "The Icebreaker" by former Soviet Military Intelligence officer "Suvorov," who confirmed what I had learned from a German high altitude aerial reconnaissance observer about Stalin's preparations to invade Europe in 1941. I may have a portion of the Suvorov book, which I'll copy & send you, ZOG willing. So guess who was promoting Communism when I went to school in CA? Same people, same message. Your zoggess is no different.

Eysenck & Jensen wrote a big racial I.Q. study, & I have a copy of "The Bell Curve" by Herrnstein (jew) somewhere. This is another current work on racial intelligence. Medical as well as forensic science makes great use of DNA for diagnostic work & criminal identification. The more we learn, the more race becomes relevant in our lives. Your zoggie needs to catch up on reality, as reported in the mainstream jewsmedia. Racial differences are not secret, wishful-thinking to the contrary. One case which was reported widely before Hurricane Katrina was that of a serial rapist/murderer, who had been identified as a "White" according to an alleged eyewitness, but when DNA was found at a crime scene, the police knew what sort of suspect they were looking for: a sambo or Afro-Asian. The DNA sample revealed

2) the exact percentage of the suspect's racial composition. Once the police knew who they were looking for, they caught him, in time to prevent further rapes & murders of women. By DNA analysis, the police were able to identify his rape victims, & many of his murder victims. I'll be on the lookout for current academic texts on race, & I'll let you know in due course.

You ask about which countries jews were kicked out of & when, including biblical Egypt. This will take some looking up, but right off, I recall they were kicked out of England by Edward I alias Longshanks in the 1200s. If I recall correctly, the jews were expelled for usury & their ritual murder of a little boy who is called Saint Hugh of Lincoln, whose body was found where it could easily be discovered, according to talmudic ritual. The jews did not return (officially) until Cromwell overthrew the monarchy by beheading Charles I. In 1492, Ferdinand & Isabel^{la} defeated the last Moorish kingdom & demanded that all non-Christians convert or leave. Most jews 'converted,' but many continued to practice Judaism in secret. These false converts were called "marranos," a word for "pigs." I've met a few of them when I lived in Spain from 1964 to 1966, which was still under Franco, himself descended from jew converts to Christianity. Many former Spanish jews (Sephardim) went to Holland, including the Roosevelts & the Rockefellers, where they changed their names from Arabic or Spanish, into Dutch. Jews remain in Holland to this day, where they run the diamond-cutting industry. Jews have lived in every country of Europe, The Middle East, Africa, Asia & Latin America. Hence, there are Chinese jews, Indian jews, Black jews (Falashim), Arabic jews (Sephardim) & Afro-Eurasian jews who are converts: the Khazars or Ashkenazim who come from Russia & the Black Sea region, including Odessa. In general, jews flock along major trade routs, such as the ancient Silk Road from China to Europe. "The Empire of the City" describes the kosher connection from London via India to Hong Kong, with jews such as the Rothschilds, the Sassoons & the Soongs involved in banking & trading. We should look for jews in strategic parts of the world, such as Palestine, which is on the land-bridge between Europe, Africa & Asia. The former Khazar Empire straddled trade routes on a NS-EW axis: NS, from the Baltic to the Black Sea, & EW, from Asia to Europe, including The Middle East. A good book in scientific terms was written by various jew hematologists: A.E. Mourant et al: its title is "The Genetics of the Jews," published by Oxford University Press in 1978. It states that "the blondest jews have varying percentages of negro marker genes from the slave trade & concubinage." The Ashkenazim got their White genes from the Viking traders who slaved & whored their way up & down the Volga, the Dnieper & the Dniester Rivers. The Ashkenazim have adopted a Semitic religion (Judaism), but they are not Semites (Arabs). Christianity & Islam are also Semitic religions, but most adherents to those cults are not Arabs, either. A Semitic religion gives no one the right to invade Arabia & kill Arabs!

Since jews comprise all races & places of origin, they are not A RACE, nor an ETHNIC GROUP. They tend to resemble their Gentile host peoples wherever they live. Jews do not see themselves as members of a religion, per se, otherwise it would be absurd to state, as jews do, that two thirds of Israel's jews are "secular," not religious. In practice, "jew" is taken to mean a nationality, based on one's having a jewish mother. That's how Cardinal Lustiger could state: "I am a Christian, but I remain a jew." Goyim are confused, but if we consider that a person could be a Christian & still remain Chinese, we understand how jews use the term, "jew." The USA considers jews to be a nationality for visa purposes, regardless of their country of birth. I have the download about that, if you wish to see it, ZOG willing. Of course, jews live abundantly in North America & Australia.

When I lived in Colombia, South America, there were large jewish communities in Cali & Medellin. One Christian assured me that the jews of Medellin were "marranos." I lived in Colombia in the 1960s, before the terrorists became narco-terrorists. How 'coincidental' it was that Cali & Medellin became the foremost centers for the drug cartels! Nearby Panama is the money-laundry, for Panama uses the U.S. \$ as its currency. The banks are jew-owned. According to former Mossadnik, Victor Ostrovsky, Panama's former drug-dictator, Noriega, had a jew handler from Israel, Mike Harari, who skedaddled before George Bush Sr. abducted Noriega to shut him up about CIA/Mossad drug-trafficking & money-laundering. As far as I know, Noriega still sits in a Florida prison.

One country which did not kick out many jews was Nazi Germany. Over 150,000 German jews served in Hitler's Wehrmacht in World War II. Several high-ranking NSDAP members were jews: Ley, Funk, Heydrich, Eichmann et al. Jews served as officers in the military: Milch, Canaris, Manstein et al. I saw a 1944 Berlin telephone book with a Swastika (naturally!) on the cover. As I recall, around 15 jewish organizations were listed therein. According to a French member of the Waffen SS, Berlin jews helped defend the city from the Red Army in 1945. ORION! Eric
