

25 APR 07. Hail Chad! I hope you also had a good 20th, as I did. I celebrate by working on behalf of ORION! Many thanks for your letter of 17 APR 07 & the kooky enclosure from the so-called "American Anthropological Association." Race is a matter of biology, not geography, history, poetry, theology, &c. Every individual carries his racial identity at all times, as proven by forensic science & medicine. To claim that Phenotypes (physical characteristics) have no relationship to race nor behavior is to ignore the obvious. Zoggies may claim that a chimpanzee just looks different from a man, but that does not mean his behavior will differ in any way! ZOG also likes to deny gender differences, which are just as obvious. This studious insanity is summed up in the Nature versus Nurture controversy, or Heredity versus Environment. Evidence shows that both are influential on human behavior, but old commies take the extreme view that Nurture or Environment determines everything. This insanity was epitomized by the Soviet anti-biologist, Lysenko, who posited that all behavior is learned, rather than bred, even in regard to race horses! The Red Army killed purebred horses, not just to eat, but because horse-breeding was anti-Lysenko & therefore, anti-Soviet. Walt Disney made a film about the Nazi rescue of the Austrian Lippizaner horses of The Spanish Riding School, in which they were saved from the advancing Red Army. Needless to say, Soviet policy toward animals was the same as their policy toward humans: "Smooth-handed Goyim to the wall!" was their kosher commissar order, in which Gentiles who worked with their minds, not only their hands, were systematically exterminated. The Soviet lack of inventors, subsequent to the Khazar conquest of the Russian Empire, from 1917 onward showed that human breeding counts for something, after all. Your zoggies show that the commies have neither forgotten anything, nor learned anything, despite the exorbitant costs of the Soviet Experiment. What failed in the Soviet Jewnion will fail here, also, but Communism will not learn, for it is a religion, & no amount of proofs to the contrary will divert a religion from its chosen path of destruction.

The AAA paper reveals considerable confusion about the definition of race. This confusion has been purposely caused by people who have political &/or theological agendas which seek to profit from such confusion. Different words may be used to describe humanoids, such as genotype, phenotype, race, species et al. But, no matter what words are used to describe or obfuscate biological distinctions, the differences do exist. To argue that the differences are small does not mean they are unimportant.

The paper is truthful in regard to its historical observations, that "race" has been used on behalf of political pretexts for putting certain people in their supposed places in the political pecking-order. That statement is as true now as it was in the era of The White Man's Burden, but now, our kosher commissars of ZOG want to put Whites on the bottom of the political pecking-order. Certainly, they will succeed if we let them.

As I see it, zoggies may define Whites as "nonexistent," but they cannot & will not do likewise with non-Whites, including jews. ZOG's affirmative-action racism against Whites proves that they lie about the "nonexistence" of race. If all races exist but Whites, then are we no longer humans? If we no longer fit into the human scheme of things, are we supposed to leave Earth? On the contrary, the first step in genocide is to define a group or groups out of existence. Then they may be killed off, since they don't exist in the first place. This is what jews did when they invaded Palestine. Golda Meyer (sohn) declared that Zionist Occupied Palestine was "a land without a people for a people without a land." That meant that the Semites who lived there were "not people," so the non-Semitic Khazars or Ashkenazim were justified in invading the territory. Their 'logic' was, that if Germans could gas jews in Europe, then jews could shoot Arabs in Arabia.

Hebrew Holohoax math is 'magical', to say the least. Try getting an "A" in a math class by writing $2 + 2 = 5$. The 'official' figure for The Holohoax is "11 million" gasees, of whom "6 million" were jews & "5 million" were mere Goyim. The Canadian Jewish News reported that over "5 million" jews had survived the "Nazi Extermination Program" to collect 'reparations' from Zionist Occupied Germany. This would mean that the number of 'victims' who were 'processed' in the six 'death-camps' (as of 1961 the only death-camps) in Poland amounted to "16 million"! All were allegedly brought to the six camps by train. According to Raul Hilberg, the train records still exist, so it would be easy to prove that such massive rail traffic had done such a herculean task within the two years alleged by Holohoaxers, including Hilberg, who wrote "The Destruction of the European Jews." One cannot claim that "no records were kept," since railroads cannot accommodate "secret trains" without suffering public wrecks. Jewish claims of 'miraculous' exterminations, cremations & escapes, multi-

2) plied by millions, serve to stretch our imaginations, insult our intelligence & pick our pockets on behalf of the ZOG. Beware of those who cry as they lie! Even the jews' Talmud says that "a lie kills 3 persons: the one who tells the lie; the one who is lied about & the one who believes the lie."

So far, I've been too busy to crack open David Lane's book. Brownest Yakima is preparing for the Maxi-Mexi-March on May first, which will pass by my window, so I'll feel like a banana republic presidente, like George Bush II. Last year, the parade lasted 2 hours. A major contingent is La Raza (The Race) or Mexican Nazi Party, whose motto is "Everything for the Race; nothing outside the Race!" Ms. Toiletson should wave her magic wand over the crowd & tell them that their Race does not exist! I would not wish to sell her any life insurance on that occasion. As for the 'skills' you allegedly lack, I'm sure you can lie & smile at appropriate times, provided you practice, as Orwell suggested. If a person's race does not exist, does the person exist? Or do we only exist in the theater of Ms. Toiletson's mind? Obviously, your zoggies are addressing semantics, rather than substance. How does truth depend on who is holding the cell keys & the gun? The jew, Teddy Roosevelt, said that "Might makes right," so if you were holding the keys & the gun, Ms. Toiletson et al. would be 'wrong'. That's not how Whites define the difference between truth & falsehood, since we believe that truth is not necessarily what we like; truth is what is, like it or not. But I digress. Another contingent of the May Maxi-Mex-March is La MEChA (Movimiento Estudiantil Chicano de Aztlan, The Mexican Student Movement of Aztlan, their name for former U.S. territory). La MEChA is Spanish for The Fuse, in regard to bombs. Both these groups are funded & supported by FEDZOGUSA, as your zoggies should know. That's where our money goes! Hence, the parade will reveal if we are getting our money's worth of trouble. I'll let you & your zoggies know, in due course.

The argument that humans are all mongrels because they share DNA is invalid, since we share most of our DNA with chimps, whom even jews do not consider humans, just as they deem Gentiles to be non-humans, also. Since jews apparently share most of their DNA with chimps, as we do, humans conform to ZOG's definition of "a social construct," so humans do not exist any more than do races. Next: do chimpanzees exist? Stay tuned!

With your insight, your kosher-commie brainwashing course has been very educational. As I observed when I was in university: Goyim study their courses; jews study 'their' Goyim. You have studied your RIP course material, as you studied your zoggies, so you have learned about both critters. Such knowledge will serve you well. You are now a qualified Bullshit Detector. Congratulations! I hope you go onto your 'glorious' gulag under ZOG, rather than remaining in your notorious accommodations, ZOG willing, of course.

The jews have an interesting trick they call the Kol Nidre or All-vows Oath, which they recite every year. This is also called The Jew's Oath, which is really an anti-oath, in which they declare, before their god, that all vows, oaths, &c. which they swear in the coming year are hereby null & void, as if they were never made. As children, we used to say that a promise made with our fingers crossed wasn't a binding promise, but we did not make a religion out of promise-breaking. In other words, Goyim feel guilty about lying, but jews deem it a virtue, when the lying is done to Goyim. This is called a double standard, which is what your zoggies apply to Whites in general & to you in particular. Thus, you should feel honored when ZOG shows you such respect.

It would be great to videotape your 'graduation' ceremony, but I can guess what will take place, since I've already seen "The Manchurian Candidate." Just be nice to your zoggies, for they need you as much as you DO NOT need them.

DOWZ! ORION! 88!
