

5-5-07. Dear Tom: It was great to receive your letters of 28, 29 & 30 APR 07. Thanks for the theocratic insights on the jewsmedia & their "graven images" alias advertisements to gull the Goyim. Apparently, cash overrides the jews' Old Testament commandments. Jews are the foremost sellers of Nazi emblems, which are made in Israel from the original Nazi dies. Zionist victim Frank Walus told me that was what Simon Wiesenthal was selling. When Walus refused to become his shabbez Goy, Wiesenthal, the former Gestapo agent, sicked FEDZOGUSA on him. Walus was stripped of his U.S. citizenship & tried for "war crimes." Walus could prove where he'd been during World War II, so the jews' jewdicial screw fell through. His 11 perjured 'witnesses' fled to Israel, to avoid extradition for perjury, as usual. Then, I understand that pigs are raised on an Israeli kibbutz for "secular jews". The pork is not 'kosher', but if it sells, it may as well be!

I'm sure that prolonged contact with printers' ink, solvents & the vapors thereof is not healthy.

The jews depict Whites as mental 14 year olds. If you let them tinker under the hood, they don't care who's in the driver's seat, nor where the driver is going. Whites can be made to feel guilty, but they appear to lack the intelligence of a conscience to avoid the commission of real crimes, usually against their own kind, as we learned from history. To my knowledge, no Whites feel guilty for killing Whites, since they never thought about it. They are skilled aviators, but they don't care whom they bomb. Many behave like mindless robots or Golem alias Goyim, who are programmed to obey jews' orders, with no attempt to reason why. Such creatures are extremely hard to love, one might say. Their loss would be no cause for grief, as they are now, but my hope is that they may become men instead of sheeple &/or selfish brats.

You mentioned the grabby zoggies who want to squeeze donations from those least able to spare any zogbucks. I get such solicitations regularly on the phone. One female was shekel-grubbing for some vet outfit with the slogan, "Support our troops!" I told her (1) I am unemployed because this criminal regime exported my job, so I have no shekels to spare. That took her time to understand, but after a few descriptions of how broke I am, it finally did sink in. (2) I said that we were in an unjust war, under an evil regime. I explained: Imagine that we were in Nazi Germany. Suppose we both agreed that Hitler was evil & so was his war. Would you agree to "support his troops?" That idea was beyond her grasp, so she hung up. I told her that I'd met numerous German WW II vets, & they were great guys, so they'd probably merit her support, no matter what she may have thought about Hitler! I think she hung up quickly to take her meds.

Let's imagine that Bushy were to kick out all the illegal aliens. Using our Iraqi euphemisms, we could capture a thousand or so & line them up in front of machineguns. Their televised execution would serve to "encourage the rest" to depart, pronto. Bush could call the bodies "collateral damage." Isn't it the thought that counts? After all, we do live in a hypocrisy, not a democracy.

I'd suspect a kosher connection with a store called Circle K, since kosher symbols are ubiquitous on food & food-related items in all stores. Few Goyim know about the kosher tax on goods in interstate commerce, & that's how hebes like it. Boy, are we dumb!

I agree that the collapse of U.S. infrastructure would signal the race war against Whitey, who is fat, soft meat on the hoof; dumb sheeple with wealth & no will to defend it. Whites are all assumed to be rich & 'guilty' of exploiting non-Whites, so the muds occupy the moral high ground in their minds, as well as many Whites' minds. I understand that such defeatism was the order of the day amongst the French aristocracy on the eve of the jews' 'French' Revolution. Sun Tzu advised the superior general to defeat his enemy before the first battle, just as the jews had done with the Aryan aristocrats.

Yes, one's perception of God comes from his perception of Nature. Those who can see should strive to raise the eyes of the herd to appreciate the view, rather than lead their gaze lower & lower, as do the jewsmedia & preachers for profit. Hitler said that the jews' idea of 'paradise' is so hellish that even the jews must flee. The latest news is that jews are leaving Israel to swarm into Berlin! Well, as Benjamin Franklin said: "Vampires cannot live off vampires," so no wonder. Thanks for the news on the newest, jewest vending machines which do not give change under \$1. As kosher inflation proceeds, our coins will vanish, as the metal will be worth more as scrap than its face value. In a Brazilian inflation, all coins disappeared; sold for scrap. China will buy them. No, we can't get it right until we get White. As you say, the worst place for a deep water navy would be in the Persian Gulf & the Strait of Hormuz. The storm is indeed brewing. DOWZ & ORION!
