

28 Jewlie 07. Nail Ryan! Many thanks for your letter of 26 Jewlie 07 & the great enclosures. The outstanding fact which was missing from all the interesting details is simple: If a government does not own its bank, then that government is not sovereign, for it is dominated by alien control over its economy. The King of England lost his sovereignty, that is, the power to make political decisions, when the Bank of England was created to take over the creation of money in England.

According to my research, the Rothschilds & Rockefellers are jews, but they obtain much of their power by using "shabez Goyim," or Gentile frontmen, as the British Rothschild used J.P. Morgan. Morgan was the bankster who gained notoriety by declaring to reporters that, if the poor came to do him justice, he'd just "hire 1/2 to shoot the other 1/2."

In regard to our sellout to China, under our Zionist Occupation Government, I don't know what you mean by "our existing might," unless you mean that power which is in the hands of the jews & their Zionist stooges. That is the power which is selling out to Chinese takeover, on behalf of the Jew World Ordure under Capitalist Globalism. In other words, THE USA is the White Man's foremost & most immediate enemy.

I'm glad you read Sun Tzu, for he identifies 'war' as a totality, rather than a series of battles. He advocated winning a war before the first battle. Sun Tzu also identifies what war is: the gaining or losing of territory by one side or the other. If Whites are losing territory to non-Whites, then a war is going on, regardless of what it is called, & Whites are losing that war, thanks to our enemy government in The District of Corruption. We are literally paying our enemies to fight their war against us. The Whites in North America were anti-White from the start, for they obeyed Bank of England jews against White interests. Unless we understand this, we can fight as hard as we like, only so we can lose. It was likely that the "Scotsman" who founded The Bank of England was a shabez Goy or even a 'convert' to Christinsanity, which Christ-eaters think can change jewish nationality by changing one's religion. As Cardinal Lustiger declared: "I am a Christian, but I remain a jew." This is as true as one who says: "I'm a Buddhist, but I remain a Zulu." One is religion, the other is nationality.

You are right to see how the enemies' imposition of 'guilt' on Whites works against us, just as they intended. The guilt racket begins for most of us with Christinsanity which says "we are born in sin," & that our 'only hope' is to become like sheep, children or dogs in the eyes of "Our Lord Jesus." The jews who invented Christinsanity for us teach the opposite: That gulling & gutting Goyim is pleasing to Yahweh & that jews are to be "men," not sheep, who 'need' a shepherd & a kosher slaughterhouse. Most sheeple do not heed the words which bind them, because they are in a hypnotic trance of acceptance, even before the damning words are spoken. The fact that they do not rise & smite the speaker proves that they are under hypnosis. Why do our parents want us to be sheep, not men? It's an Aryan mystery, & it certainly is an Aryan defect. Many parents don't even want their children to be Aryan.

Napoleon was set up by the Rothschilds, & he was destroyed by them, for "wars are the jews' harvests," as jew economist Werner Sombart wrote. His little book on jews & capitalism is most informative. In it he wrote: "America is the distilled essence of Judaism." How true! Those who most want to be jews fall victim, quite easily, to jews & their lies. Martin Luther discovered that too late to help the Whites of Europe, who righteously slaughtered one another in the 30 Years' War of Protestants versus Catholics.

The banksters don't print their own money. Their shabez Goyim do that, in exchange for which, the banksters charge interest on the money they allow us to print for ourselves. Such a deal!

I return some mysterious wee forms to you, entitled Indigent Postage. Yes, I am indigent, but I can pay for postage, just barely!

If you want more info on banksterism, the world's biggest racket, I'm happy to send you all I can. The Federal Reserve, for example, was incorporated by an act of CONgress in 1913, & is a privately-owned corporation which deprives the U.S. Government of its sovereignty in terms of the U.S. CONstitution, Article I, Section 8. (5) which gives Congress "Power to coin money, regulate the value thereof, & of foreign coin..." No branch of government has the power to give up any of its constitutional rights, for those powers & rights are also DUTIES. By 'contracting out' its power under (5) Congress has alienated its decision-making power, & thus, committed treason in terms of The Constitution. Apparently, our ZOG has given up all its decision-making power to Israel & the jew-banksters. That's why the USA is called "Usrael" by its cogent critics. The Federal Reserve Racketeers did exactly what they were supposed to prevent: The Great Depression. Jew economist Milton Freedman admits this fact.

All the best & ORION!
