Hail Jan! Thank you very much for your letter of 10-10-07, which included the great downloads. I never thought that I would achieve an Internet secretary, but this is the wonderful service you are doing, so we can publicize the message of Truth, Freedom & Justice, for Our Folk & Our Nation of Aryans. I do not do this for myself, but for Our Nation. Yes, you are wise in your choice of English as our 'lingua franca'.

As you know, I rely upon my correspondents, friend & foe, for inspiration, especially in regard to what is on people's minds. I could write a book, as some have suggested, but that may not address their interests & concerns. Maybe I could start a cult of personality by claiming that if everyone lived as I do, all problems would be solved. Ha! What I want is that we put Our Race ahead of our own selfish interests. Jews ask themselves, "Is this good for the jews?" We must do likewise, on behalf of our survival, as well as our evolution into a true nation, rather than a bunch of conflicting tribes. Our salvation lies within ourselves, no one else. Some are looking to Russia for racial rescue, but why can we not get our own act together? How would Russia 'save' us if we are unwilling to save ourselves? I agree with Prince Eugen who said, "Let us march first. Then we shall find allies."

I well recall the pathetic illusions of the Whites in Rhodesia who looked to the USA for 'rescue' from "Communism," which mostly included Black majority misrule. You can imagine their reaction to my truthful statement that "The USA is not our 'last bastion' against Communism, for they were the first bastards to make the world safe for Communism."

The Zündel Case is very informative in regard to group-fantasies. Those who praise him most know him least. Those who worked with him, or tried to do so, for decades are aware that the fantasy is quite different from the facts. The ZOG is doing us all a big favor by making him a 'martyr' of Zionism. Were he back on the loose, we'd hear nothing beyond his last message of "me-me-me" & "gimme-gimme-gimme." What he received was under false pretenses, based on what he claimed to believe. He revealed his true nature by grabbing donors' money intended for the cause of Truth, Freedom & Justice, & by running off to an illusion of 'safety' in the USA, in order to wind up in prison in Zionist Occupied Germany/Turkey. It was no difficulty for Zionist Occupied USA to send him to the land of Bundeszog. The role of his likely jewish wife, "Rimland", which I understand is her former husband's name, was that of the mythical Siren, who lured Zündel to his fate.

Myths are created from wishful-thinking, for they are what people like to believe, rather than what is. Hence, there is Zündel the man, Zündel the message & Zündel the myth. I know all 3 versions. Publicity generates the above, to greater or lesser extent, with everyone. Consider Hitler, who was also Man, Message & Myth, the latter being concocted by his enemies, for the most part. In my case, there is 'Eric the Awful,' 'Eric the Liar' & 'Eric the Internet Entity.' The latter being variously a committee; no, a pen name for Robert Frenz; no, a former CIA supervisor of Mossad Hit-Teams, &c. ad absurdum. Mark Twain wrote of the terrible 'persona' he acquired by running for public office. Amongst the many slanders attributed to him was that of "lewd-embracer." Twain said that after he'd run for public office, not even his mother would write to him.

I saw Zündel evolve, under the baleful influence of his jewish dominatrix, "Anne Burton," from representing the cause he espoused. At the end, he wound up declaring: "I am the cause." His former comrades became minions & milkcows, who existed solely for his benefit. When some comrades were detained by CANZOG at the border, with mail for Zündel, he told witnesses that "they were JUST volunteers." Would this insane egotist prefer them to be mercenaries? Short of a firing squad, Zündel is in the best place for Our Folk. He is a martyr to his own lust, ego & greed. That is a much better role for him than that of a leader whose main purpose is to waste the White Man's precious time. Had I known the power "Anne Burton" held over him, I'd not have wasted my time in helping to build a false idol. On the positive side, I gained lots of knowledge from those with whom I worked, & the research I was able to accomplish. As sailors say, "It's an ill wind that blows no good." As you can understand, The Zündel Case has much to teach us in regard to human folly. As the Chinese say, "The wrong man with the right program achieves little beyond disaster." Zündel was definitely the wrong man to champion Aryan Survival, which he did for a brief time. I understand that he had to renounce his pro-White sympathies in order to gain admittance into the USA. One wise man said that "a man without principles must be very clever," but poor Zündel only thought he was clever. E.Z., R.I.P., E.T.

Once again, many thanks for your great help! DOWZ! ORION! 88!
