JOHANNESBURG

9th September, 2007

Mr. Royson James,
City Columnist
C/o Toronto Star
Toronto Canada

Dear Mr. James,

Someone posted me your interesting article of 30th June about slavery and the need for compensation.

Indeed the story of slavery is not a pretty one, however the entire story of the British Empire is not nice at all. It must be remembered that Blacks were not the only victims of slavery but all races shared their fate one way or the other. The first slaves in the plantations of the West Indies were White, kidnapped from the streets of Britain and Ireland and sold into slavery. The problem with White slaves was that they could not stand the climate and were dying like flies, so the power-that -be decided that Black people who were more used to hot and humid climate would make better labour. Another interesting feature of the slave trade was that those great hypocrites in the Church of England had their own plantations which gave them the income to finance their so-called missionary work. But they had a problem in the fact that they could not convert their own slaves as they would have to free them once they became Christian. So they spent their efforts on other plantations and kept their own slaves pagan. They have recently (on my prodding) apologised for their evil deed and even offered some compensation, but do not rejoice too soon. No church likes to disburse money. If it took them over 300 years to apologise, you can bet it will take them the same number of years to pay up.

The entire British Empire was the playground of mainly Jewish bankers and traders, chiefs among them were the Rothschild, who benefited from the mass murder and enslavement of million of people throughout the world, from Ireland to India to Africa and beyond. The Christian soldiers supplied the cannon fodder as they are doing today in Iraq and Afghanistan for the reformed Zionist Anglo American Empire. It is said that the national anthem of Israel is "Onward Christian Soldiers"!

Slavery had to be financed and those finances came mostly from Jewish source. Therefore these are the people who should be held responsible. At the same time they were operating ships and "fattening" stations to bring up slaves to strength after their voyage from Africa. Today the same people pretend that they are on the side of the Black people and are suffering from amnesia for their past. It must be realised that for them, the enslaving of other human being was absolutely acceptable, since those people were GOYIM, which in Hebrew means "human cattle". That human cattle can be bought, sold, enslaved, slaughtered, murdered, raped, tortured. For them, they are not human at all. In today Israel, slavery is perfectly legal as long as no Jews are victims. That is why women are kidnapped all over the world and must prostitute themselves in the brothels of Israel. If they escape and go to the police, they are returned to their "owners".

I enclose an article from the Washington Post, sometimes in 1994 as well as a letter from a Ghanaian friend to Robert Mugabe, both of which clearly state the extant of the Jewish involvement in the slave trade. These are the people you should ask for compensation! I do not think you will have much luck though, but it is worth a try.

Wishing you all the best, I am,

Yours truly,

HISTORICUS

28 OCT 07.

Hail David! Thanks for your letter of 24 OCT 07. I was afraid your zoggies had swiped it. According to The World Postal Union, undeliverable 1st Class Mail must be returned to sender, since that's what the sender paid for. Failure to return such mail is deemed theft. My letter to the Monroe Police Dept. refers.

ZOG's power rests on its control of our money, which it creates out of nothing, for which we are charged interest, as our "national debt." A country which does not issue its own money is not sovereign, but under alien management & direction. The money issue was the main reason for the so-called American Revolution, which flopped as soon as the Rothschild agent Hamilton incorporated the 1st U.S. Bank. That got us back under The Bank of England's empire, under which all kings of Britain since Charles I have served. Our ZOG is ruled by Gentile frontmen as well as jew supremacists, so ZOG=Zionist Occupation Government & ORION! = Our Race Is Our Nation! Zionists need not be jews. They obey jews on behalf of perceived jewish interests, like the so-called Freemasons. The best way to fight the ZOG is to stay out of debt & avoid jewsmedia propaganda: Stay debt-free & shun TV are anti-ZOG slogans, along with avoiding booze & drugs. We are ruled by ZOG, so we are in no 'danger' of being ruled by ZOG. Our job is to get the ZOG off our backs.

I agree that informed leaders are needed to keep the sheeple from wandering into ZOG debt & drug slavery, as well as ZOG's gulags. But there is no way to heed such leaders if sheeple prefer to go deaf on noise touted as 'music', while under the influence of mind-numbing drugs. ZOG's job is described in The Protocols of the Learned Elders of Zion: "Be-muse & distract the Goyim." Most of those ruled by ZOG don't know it.

Skinheads began in Britain when White workingclass youth lost their jobs to non-Whites who were imported as 'cheap labor,' which is part of ZOG's anti-White Genocide Program. At first, the skinheads beat up those who stole their jobs, but Britzog also exported British industry overseas, just as our ZOG has been doing, so as to create job-loss by labor-import & job-loss by job-export. These policies drive down wages & the standard of living for the majority of legal U.S. citizens, as in Canada, & as in Britain. To make matters worse, our young, fit sheeple are herded into ZOG's current wars on behalf of Israel. Such a deal!

Lacking leadership, the British skinheads lost their reason for existence, so they fell into the booze & drug scene. Their chosen image was toughness, that they feared for nothing & cared for nothing, aside from their immediate pleasures. Since they could find no work, they found instead their places in detox centers, prisons & early graves. My Scottish grandmother said that "The British Empire had a place for everybody" in her day: "The trades, the Navy, the Army, the prisons & lastly, the gallows." Everyone had his slot, even after The Empire vanished. Of the skinheads, the hippies would say, "They're on a death-trip, man." Unfortunately, the U.S. skinheads were not workingclass, & to my knowledge, they live off their parents, just as most hippies did in the 1960s. The important question is not how one should dress, but how one can earn his living, on behalf of the 14 Words. Prison is an artificial environment, where it is possible, as I understand, to look weird & still obtain food & shelter. This is not so on the outside, where there is a growth industry in tattoo-removal. It is hard enough to find work if one is White, & it is doubly difficult to find work if one is a skinhead. I became unemployed when my job left for India. I could have obtained a fine SS uniform to impress my prospective employers, but they'd probably call the cops when I entered their premises. Since most jobs are now in the 'service industries', in which one serves the public, one's appearance is important, especially if one is White. I know too many skinheads who have fallen into the cycle of prison-crime-prison. They don't need to worry about their appearance, which allows the ZOG to identify them easily, since they'll be back in the gulag again. If one does not believe that such behavior is smart, then he should wise up, fast.

Isn't it odd that so few sheeple can be concerned with knowledge when they are outside the ZOG-gulags, & they want knowledge when it is most difficult to obtain, inside? I call it one more example of The Law of the Contrary: Those who can don't want, & those who want can't. Col. Rudel, the German air ace who knew Otto Skorzeny, told me: "You lose, only if you, yourself, give up." He never gave up, nor will I & nor should you. All the best. ORION!

Eid
