To: Pastor Williams <conquerwemust@gmail.com >

I didn't see the broadcast about David Lane. Nor do I want to. Beverly told me about it. Wise choice to have excluded me from that particular mailing. Why do you join in with the enemies of our race, especially judeo christians who have embraced race treason under the guise of religion, in condemning a fallen hero to your religion's "hell?" If you didn't like his religion, fine & well. You needn't have indulged in your religious myopia, but could have, as would have the late Richard Butler, who you & your colleagues once claimed to have been a successor, eulogized David Lane's sacrifice for our cause, refraining from your difference of opinion over religion. To condemn one of our own like you have is inexcusable. Far from my "feelings being hurt," as you so smugly put it with your usurped moral righteousness, I am totally outraged. Using your logic—or lack thereof—Jerry Falwell is in your heaven along with a host of other race traitors, while heroes of our race are condemned to your hell. Perhaps, as an Odinist, David Lane is in a much better place—Valhalla. LibRA's position is one either supports the political prisoner or one supports ZOG. I would say this is even moreso when one of our own has fallen? Post mortem condemnations & defamations we can get from ADL & SPLC. We don't need them from someone feigning racial loyalty. One should not get them from those supposedly of our own. Also, I think I knew Richard Butler well enough that if he were still alive & at the helm, he would be among those who commemorate David Lane. You ask what did David Lane do to advance Christian Identity? What have you done to advance the 14 Words?

Greetings Kindred,

Well it seems we hurt some feelings with the recent Broadcast we did on David Lane's death, what with calling him a pagan (something he called himself) and saying that he is in Hell (which he is).

The truth always hurts, and I am sure this one was very hurtful for non-believers.

But the fact is that the Bible tells us that we will "know a man by the fruits of his labor", and Lane's labors toward the end were certainly NOT to glorify YHWH, they actually went against the principles of Scripture. What did he ever do in support of Identity?

Oh well, some folks will "choose to be blind."

Could you unify with Williams? E.T.

Luggage? GPS? Comic books?

9 NOV 07

Dear Phil: Many thanks for your letter of 2 NOV 07 & the cogent enclosures! The privatization of public infrastructure prepares the way for Chinese purchase of North America. Now, everything will be for sale, so the Chinese can spend their otherwise worthless ZOG bucks. I anticipate a period of intense chaos, plus "the inoculation of diseases" as mentioned in Protocol #10 to clear the land of Goyim, so the Chinese can simply move in & takeover. Bush serves China, as well as Israel, by bleeding U.S. forces to death in The Middle East & bankrupting the country into the unforeseeable future.

This letter was delayed because I had one major errand to run, which occupied most of a day, & one visitor who got into the building without my knowledge. At this time, I cannot have visitors & maintain my correspondence, so we should definitely put your visit on hold. I have no way to plan for much of anything, for I am frequently interrupted by such things as building inspections, required document-filing with ZOG, subpoenas for my witness testimony in a pending home-invasion/robbery trial, all of which are beyond my ken & control. Now that I'm retired, I wonder where all my time goes, for I'm busy as soon as I jump out of bed, every day. If my flood of correspondence diminishes, I'll let you know. For now, we must rely upon 'snail-mail' communication.

NPR jewsradio is beating the drums for war, with all its World War II 'nostalgia' & just now, a World War I propaganda song, which I quickly switched off. The Zionists & their Armageddonist Christians are all in favor of World War III, & they say so publicly. The sheeple just graze, oblivious to the increasing activity in the nearby kosher slaughterhouse. The jewsmedia work to distract us with all sorts of silly things. In a Christ-insane population, with its sex-obsessions, sexual antics serve to bemuse the Goyim, just as The Protocols recommend. During the Monica Lewinsky Scandal, Bernie Schwartz of Loral, the satellite company, handed over to the Chinese our latest missile guidance technology. When I learned of that, I remarked that this was the first time, to my knowledge, that a blow-job was used to hide treason. Most Goyim haven't a clue, of course. They don't even know what treason means. Should such sheeple continue to live in their mindless manner? I no longer worry about them, since they can't even worry about themselves. This gives me a feeling of peace, for whatever happens, very little of value will be lost. I'm reminded of the joke of dropping a nuclear bomb on Haiti: the ZOG decided not to, since the bomb would cost much more than any damage it could do. Ha!

Aside from the social aspects, I think the worry about Idaho native plants is a case of misplaced concern. Now, I believe that Goyim should study The Protocols of the Learned Elders of Zion to see what's intended for them. Then it's up to the sheeple to figure out what to do. Uuh, maybe we should find a leader. DUUH!

After the sub-prime mortgage scandal, the little loan-sharks, or loan-piranha are extending credit to all & sundry, with lots & lots of 'fees' thereon, as with so-called payday loans. The latest credit card scam advertise one credit limit, but the true limit is a few thousand zogbucks less, because the lender's fees are tacked on before the sucker receives any money. If the sucker pays off the loan immediately, he'll find out that he's paid a very steep price for the brief use of the credit company's money. If he has trouble paying, the fees will increase many times over his expenditure, & he will lose everything he has, what little there is. His minimum wages will be garnisheed & he will become a real debt-slave. Once again, are such stupid sheeple worth worrying about? Dr. Cliver wrote an essay entitled "When We Were Sane," the gist of which was that people believed that those who would destroy themselves by stupid behavior should be destroyed, to preserve society. The problem is that such self-destructive people can destroy others' lives as they destroy themselves, like drunk drivers. That's why I believe in legalizing suicide. One who craves drugs should be allowed to take all the drugs he wants, but segregated from society. If he decides to back away from the abyss, he can call for assistance & possibly recuperate, but I see no reason why people should not be allowed to die happy, if they wish. Bush really has a death-wish in his Armageddonism, but he endangers everyone because he lives amongst us. That should not be, so we must abolish Christinsanity on behalf of survival.

One writer described the USA as an open air insane asylum run by the inmates. That description seems most applicable to The Unthinking Sheeple of America.

All the best. DOWZ! & ORION!
