Hail Ron! Your "Revolution IN Thought" is precisely what we need in our abject apathy, & our civilized degeneracy, which has made us so weak & dependent that we have become cowards who can only quail & quiver before our mortal enemies. I suspect that most of the White sheeple of decadent Rome were similarly ailing in mind & body, before Rome fell, along with its bread & circuses. As the Hour of Decision approaches, we must return to our racial roots for our spiritual strength & nourishment, without which we are unworthy of rescue. We must tap into the remaining racial vigor of our DNA, to its utmost limits, & beyond, by means of our informed determination.

Your great thoughts reminded me of Hitler's great words: "When human hearts break & human souls despair, then from the twilight of the past the great conquerors of distress & care, of disgrace & misery, of spiritual slavery & physical compulsion, look down on them & hold out their eternal hands to the despairing mortals! Woe to the people that is ashamed to take them!" But the Goyim, especially Whites, are not even aware of their dire situation, for their minds are too weak, too full of nonsense & illusion, & too slow, it appears. Previously, they wished for better, but now they fear only that their material existence will become worse, for they are utterly dependent upon the will of their alien masters who wield the invisible chains of credit & the whip of unemployment. Tolkien's Mysterious Ring, "The one ring to rule them all & in the darkness bind them," was no less than usury alias interest alias credit alias debt.

I have observed in my lifetime that the White sheeple wander in a jew-daze, on a Talmudic Treadmill to kosher slaughter & oblivion. This is also known as the Judeo-American Ratrace. Other writers have hinted at our reality in "The Time Machine" & "They Live," but the sheeple are too dazed to catch on. They merely follow the sheep in front of them. Our existence corresponds to victims of an evil cabalistic spell. Those few able to 'see' can even smell its stench as we walk near its temples of spiritual slavery & physical compulsion: the banks, churches, schools & prisons. It is the stench of death & decay, combined with cheap perfume & the distractions of raucous kosher conmen, as ZOG's zombies go marching in, for fleecing & slaughtering.

A chat with a typical ZOG-zombie or sheep reveals that much of our inability to see & to comprehend reality is caused by "cognitive-dissonance," an old trick of jew-jitsu. Such destruction of meaning in the minds of Goyim is achieved by combining Old & New Testament gods, Marxism with Leninism, &c. Orwell described the reversal of meaning in the slogans of "1984," & Dr. Oliver mentioned perversions of meaning as in "gay," "prejudice," "racism," & "affirmative action," which are distorted euphemisms intended to befuddle Goyim. Orwell observed that "tyranny begins with the abuse of language," which is abundantly evident whenever we encounter the jewsmedia of 'edjewcation' entertainment & information. Sheeple are so very trusting & unthinking, which is, after all, the prerequisite for sheeplehood.

The fictional Wizard of Oz used 'show-biz' illusions to advertise his alleged powers, which were exposed as a sham. Our ZOG was doing likewise by touting its overwhelming invincibility, which proves to be a sham in Iraq & Afghanistan, when faced by primitive weapons & determination. This is not to say that ZOG weapons are lacking in power, for they can easily destroy large numbers of people & lots of property, in addition to a few "illegal combatants," but the resupply of "insurgent" forces seems to be infinite, as long as ZOG slave-thugs remain in their living space. East-ZOG (the former USSR) was used by feuding Afghan tribes as their hitmen, to no benefit of the USSR nor its occupation forces. Even the jewsmedia reveal the outlines of this pattern in The Middle East, as West-ZOG (probably soon to be former USA) has been doing. If you recall, the USA adopted the USSR's "Northern Alliance" to rule Afghanistan, against its former allies of the Taliban. Such flip-flops would make even Orwell pause to catch his breath, as we saw with Amerizog's switch of support from the USSR to Red China under Nixon/Kissinger, two Rockefeller rascals in the Annals of Infamy. All the Goyim were told was that "Tricky Dicky Nixon" had sought to bug the Democratic Convention at The Watergate Hotel, which must have been a worse crime than the 'holocausts' of history. Similarly, the jewsmedia gulled the Goyim by hiding Bernie Schwartz' Loral gift of U.S. missile guidance technology to Red China, under the salacious 'smokescreen' of jewess Monica Lewinsky. Apparently, Goyim prefer to know about alleged sex scandals, rather than High Treason, in ZOG's war against its governed. I suspect that sheeple may only wake up when they discover that their touted tunnel of safety was no air raid shelter, after all. I say, "Baaah" to that. ORION!

Dear Tom: Many thanks for your latest mailing of observations on current events! I hadn't heard that the Japanese have refused to refuel U.S. Navy ships. This would indicate the ongoing craze for privatization under global capitalism. Why can't the ZOG hire the Iranian armed forces & put them on paid vacation, instead of bombing them?

A few local Yakimorons seem to be aware of the coming political/demographic/economic crisis, of which Bush's "North American Union" will be one symptom. The jewsmedia attempt to dodge the issues of inflation & unemployment/falling wages, but if one pays attention to the bafflegab, one deduces that, yes, inflation is here & it is worsening. One fellow even admitted that the price of oil has to affect all items made from oil & transported with oil fuel. Last year, I heard that steel prices had gone up 33%, as I recall. I mentioned to some with ears that all things made with & from steel must go up, as well. When key or strategic materials go up in price, all items dependent on those materials must also increase in price. When we pay more zogbucks to obtain the same things, that's inflation, folks. Inflation is theft. One can steal your money by removing it from your pocket, but bankster-theft leaves the money in your pocket & reduces its value, so we must pay more for less.

To compound the inflationary forces, our banksters of the "Federal Reserve" are putting many more worthless zogbucks into circulation to rescue the mortgage merchants. A nice jew named Cutner was interviewed on NPR jewsradio on this subject, which his book addresses. Cutner's book is entitled "The Squandering of America." What I heard about it is correct: He said that The Depression (caused by the Federal Reserve) led to federal regulations, much like repairing the lock on the barndoor after the horse was stolen. He mentioned one important regulation which forbade banks from issuing bonds for sale to the public. Abolition of that regulation led to the mortgagebust, since banks would lend zogbucks to borrowers unlikely to pay, but instead of holding the bad debts themselves, banksters would repackage these debts as bonds & sell the bad debts to unsuspecting investors. Cutner pointed out the unethical practices & conflicts of interest, such as lending money to people who couldn't pay it back, as the lenders had good reason to know. In addition to deregulation, the crooks also took advantage of many ways of "monetizing debt" into a huge structure of speculation, with lots of overseas suckers, er, investors. All advantage went to the insiders, who knew quite well what was going on behind their smokescreen. Cutner compared the bankster bailout of criminalized institutions with the previous bailout of the savings & loans. What he described was the abuse of our entire financial system for the profits of a very few, at tremendous cost to the system & the majority of honest participants therein. In other words, a handful of racketeers succeeded in holding the world financial system to ransom, but the central banks' funding of institutions to prevent major financial collapse will cost everyone in the form of inflation. Why can't the ZOG identify the crooks & make them return their ill-gotten gains? ZOG only knows. The big crooks must enjoy ZOG protection, for smaller crooks have indeed been tracked to the ends of the earth & apprehended. But some crooks are "more equal" than others, as we know. It's not what one did, but who he is which matters.

I recently received some 1960 National Geographic magazines. How White our society appeared! A recent article in our local Yakima Harlot-Repulsive features a DAR welcome for immigrants. Why not? The USA was never a nation, always an empire. The Founding Felons were NOT pro-White. They merely made use of Whiteslaves & victims for their Zionist-bankster purposes. Now they figure they can use non-Whites for consumers & their eternal, infernal myth of "cheap labor." The dumb Goyim seemed to believe that the scum which rose to the top of North American society had their interests at heart, on behalf of the USA, but empires are global, so no country can be expected to benefit from their rulers' policies. I think Palmerston's chilling credo applies, & always has: As I recall, he stated, in effect, "We have no eternal friends, nor eternal enemies; only eternal interests." This explains why our ZOGs so willingly sacrificed their White populations for profit, not patriotism, & why they continue to do so, with our willing assistance. The truth is in plain sight, but the Goy sheeple are too scared to see it, as were most Whites before Smith's sellout to Black Marxist Misrule in Rhodesia. What I see in the Jewnited States is a bigger, longer rerun of dysfunctional White behavior, based on jewsmedia illusions. In Brownest Yakima, a very few Ostensible Whites advise us to spend our zogbucks while they can still buy things. All the best! DCWZ! ORION!
