Hail Chris! Many thanks for your letter of recent vintage & the historical photos of the USS Liberty. Further evidence reveals that Zoggie Johnson & Company in The District of Corruption sent the Liberty to be attacked & sunk by Israel as a pretext to get USA into war in The Middle East, but the jews' failure to sink The Liberty prevented U.S. Goyim from getting sucked into the 1967 War. They finally succeeded on 9-11. The USS Pueblo was another such 'sacrifice,' on behalf of obtaining military appropriations which were hung up in CONgress. As soon as North Korea captured the Pueblo, the Pentagon got their money from CONgress. I monitored the incident which occurred in 1968*. Lots of things happened in that brief time I was in the USA: The 6-Day War; the jew attack on the Liberty; the assassination of Commander Rockwell; the assassination of Robert Kennedy; student riots in San Francisco, &c., & in France, led by campus jews; the decay of the hippie movement, as drugs derailed their revolutionary activism; CIA's MK-Ultra mind-manipulation experiments; my research in Peru, which led to my exile from the USA in 1969, with ZOG's theft at gunpoint of my doctoral dissertation; my being banned from all Soviet Bloc countries, & my leaving Peru under a Soviet warning in regard to my "health;" my discovery of The Cold War Hoax; getting kicked out of 4 countries; winding up in the rebel colony of Rhodesia. Not bad for a year's work, in which I learned about the international existence of the ZOG. *Or, possibly in 1967.

Perhaps you'd consider obtaining documents about the "gas chamber" at Dachau, which was featured in an official Allied propaganda film about the "holocaust," which I've seen several times. The "All-Lies" claimed that "hundreds of thousands" of jews were "gassed" in the Dachau 'gas chamber,' but the film was directed by jew director George Stevens, & the "gas chamber" was built to order for the film. We Goyim were told that ALL German camps for labor, internment & refugees were "death camps," but in 1960 a 'miracle' occurred: We were told by the "All-Lied" regimes that NOBODY was gassed in Germany nor Austria, but only in 6 camps located in then Communist Poland. Over "6 million" gassees jumped from those former "death camps" into Poland! Now, wasn't that a miracle?

I have attempted to convince U.S. historians that we have to look for the origins of The Holohoax in Allied archives, rather than seek the fable's origins in the beerhalls of Germany. Yes, Dachau has a "gas chamber," but only because the U.S. invaders had it built! If you can do your FOIA magic in regard to Dachau, you'd also be doing a great service on behalf of Truth, Freedom & Justice. You might check out "Holocaust," "The War Refugee Board Report," which was the U.S. basis for the Holohokum. The Brits invented "gas chambers" in August 1943, & their head of intelligence, Sir Cavendish-Bentinck, told them to can the crap, so the "gas chambers" were deleted from the official British statement about alleged German atrocities in Poland. Roosevelt revived them in 1944, as I understand. In 1943, the "Nazi victims" were allegedly Poles, but in 1945 they became jews. This switch was typical for the Brit-liars. I have two British newspaper reports, one from World War I & the other from World War II. Both reports are the same, except that the first claimed the Germans had "gassed 700,000 Serbs," & the next claimed that they had "gassed 700,000 jews." This is what Bentinck objected to: the rehash of World War I propaganda, "which no one believed," in his words, mainly because it was admittedly fake, as former Prime Minister Lloyd-George declared in his apology to the post-WW I German government. You might also try "1944" as a field for information. I forget the year in which the Dachau film was fabricated, but it could have been in 1946 or 1947, as the kosher kangaroo courts were being readied for their Nuremberg victims. Germany surrendered on May 8th, 1945, so the Allies could kill Germans more easily. Poor Germans! Fortunately, I sat out the war in San Fernando, California.

Sorry, I don't have David Lane's "*** Lines," & I don't know how you could get them over the objections of your zoggies.

In my experience, information pops up in the strangest places, if we keep looking for it. Like gold, facts are where we find them. Shortly before I was kicked out of Berlin by the jew head of East German Security alias The Stasi, I was able to walk around East & West Berlin. The feeling of history was powerful, as you could imagine, as well as my admiration & sorrow for the Great German People. One German Nationalist wrote: "On the road to the salvation of the White Race, there can be no detour around our crucifixion of the German people." I know that writer: Manfred Roeder, & I certainly agree with that statement. All the best! ORION!
