## Issues › No Taxes on Tips

**Congressman Ron Paul** (R-Texas) is the leading advocate for freedom in our nation's capital. As a member of the U.S. House of Representatives, Dr. Paul tirelessly works for limited constitutional government, low taxes, free markets, and a return to sound monetary policies. He is known among his congressional colleagues and his constituents for his consistent voting record. Dr. Paul never votes for legislation unless the proposed measure is expressly authorized by the Constitution.

### No Taxes on Tips

It is an outrage that waiters, waitresses, and other service-sector employees have to pay taxes on the tips they earn. The IRS makes an estimate of how much service-sector workers will make in tips, and taxes them on it even if the taxpayer did not actually earn as much as the IRS' estimate!

Tips provide a substantial portion of the income of many service-sector employees, many of whom are young people just trying to make a few extra dollars to get through school, or single parents often balancing two jobs while trying to make enough to raise a family. This tax amounts to nothing more than the federal government punishing these employees for working hard and doing their jobs well.

I have introduced H.R. 3664 in Congress to end this problem. The Tax Free Tips Act of 2007 will exempt tips from federal income and payroll taxes. Ending taxes on tips will give workers an immediate pay raise, letting them keep more money to put toward things like a house or car payment, their retirement, or their own and/or their children's education.

When you give someone a tip, you should not have to simultaneously tip the federal government.

17 JAN 08

Dear Phil: Many thanks for your letter of 14 JAN 08 & the great enclosures! Poor Ron Paul, the candidate spurned by the jewsmedia, but, not on the Internet. We have never had so much freedom in all of history, for inquiry & expression, thanks to White Man's Magic, as usual, but what we will do with this freedom is very much open to question. As I see it, the messages on the Internet are 99% blather, including lies & slander, which reduces the worthwhile content of the Internet to less than 1%. I think that the Internet is a generational matter, since the print media are dying out, along with the geezers who can read English. That's no loss, since they were in the kosher corral of the jewsmedia since birth. The Internet is an Orwellian dream, for information about past, present & future can be altered &/or erased in a click of a mouse, rather than the previous requirement of hauling books to the furnaces. The generation gaps are likely to widen under ZOG, so there won't be much continuity in "knowledge." One Yakimoron who is not actually stupid, just ignorant, had no idea of who Hitler was, nor Charlie Chaplin. She is about my age, was born & lived in the USA her entire life, but comes from an Indian reservation. I've known young Ostensible Whites here, who are just as ignorant. An example of Orwellian presentation of 'edjucation' is Martin Luther King, who was a notorious Communist agitator, but is now deemed a saint & martyr, as well as a patriot, for Whites as well as Blacks. Whites see Black Nationalism as 'patriotic,' but never White Nationalism. As for mestizo 'nationalism', the non-Spanish speakers do not comprehend anything. At least La Voz de Aztlan (their name for the former USA) carries The Protocols of Zion on their website in English & Spanish. The mestizos equate Whites with jews, so as long as Whites want to be jews, & obey jew orders, the mestizos are correct. A Zionist need not be jewish to serve jew-supremacism, & jew servants are just as guilty as the jews whom they serve. White race-traitors are the worst, of course. Dr. Oliver pointed out that a mestizo Marine who sold U.S. secrets to the USSR was not a 'traitor,' since he was loyal only to his people & himself. If a jew occupies a position of power in the ZOG, he is no traitor, but the Goyim who put him in that position are!

ZOG's Social Security "Totalization" scheme has been previously mentioned on the 'net. I take this to be another sign that The North American Union is well underway.

The so-called "National I.D. card" is the equivalent of the Soviet internal passports, which one had to carry at all times, just as the Fascist I.D. cards in Franco Spain, which I still retain. The terms & conditions were THE SAME as my current WAZOG state I.D.: All resident Goyim must carry such I.D.; it must be renewed every 5 years; if one even moves down the hall in the same building, he must get a new I.D. It also constitutes a tax. Why should our encroaching jewish tyranny be any different than the tyranny of the former Soviet Jewnion? Same tribe, same tactics. Should we be surprised?

Goy sheeple cannot, apparently, appreciate the absurdity of a Surveillance Society under ZOG which permits millions of illegal alien residents who have no I.D. or fake ones. How can anyone control a population with open borders? Time for us to hear the Goy cheer: DUUH!

I wish Ron Paul 'rots of ruck' in destabilizing the ZOG, but I see no solution in his alleged libertarian approach to government, unless he plans to slaughter the welfare population & the corporate criminals who have their hands in the tax-payers pockets. If everyone must pay as he goes, with his own earnings, in the middle of a bankster-globalist depression, I can anticipate a violent civil war of haves versus have-nots. As one observer noted: "How can we make any meaningful reforms in a society as corrupt as ours?" We are a Mafia society, ruled by the Monetary Mafia of the jew-banksters. Stay tuned (as we must), whether we like it or not.

As you say, the most likely winner of our electoral circus show will be one who most serves the ZOG. McCain, "The Manchurian Candidate," is indeed scary. I'd guess that the unelectable candidate will be anyone opposing the continuation of our support for Israel's wars in The Middle East. Who knows? We might be surprised at the outcome.

All the best. DCWZ! ORION!
