

Extract from Victor Yeates' *Winged Victory*

During World War I Yeates had been, in Henry Williamson's words, an "experienced and valiant pilot" with the Royal Flying Corps. His novel is based on those experiences, although to call it a novel fails even to hint at the qualities that led T. E. Lawrence to call it "one of the most distinguished histories of the War".

In Chapter VII one of the leading characters, a Royal Flying Corps pilot, is asked why America entered the war. This is his answer:

"Inevitable sooner or later. The immediate cause was the Russian collapse putting the Allies in danger of defeat. You see, this war is being financed for the Allies by an international gang that works London, Paris, and New York. It was getting hold of Berlin as well. It dominated St. Petersburg completely, pensioning the government. Roughly it ruled the roost in the whole of so-called western civilization and its dependencies, except the central European block against which we are fighting. It was getting a grip on these, and that is the fundamental cause of the war. For there's one thing financiers cannot or will not see. They have visions of a frontierless world in which their operations will proceed without hindrance and make all human activities dependent on them; but their world state is impossible because finance is sterile, and a state living by finance must always have neighbours from which to suck blood, or it is like a dog eating its own tail. And as the financiers widen their influence it is the ever-lessening group of nations to which they are fastening tentacles that bears the ever-increasing brunt. In a sense, then, this war is a Germanic revolt against the international Jew. In another sense it is a clash of financial despotism with industrial despotism. In another it is a conflict of incompatible imperialisms. In another, a struggle for land for national expansion. But the side on which America has been brought in is the side of international finance. Enormous sums have been invested in this war, and an Allied victory is essential to preserve them as capital. You must understand that all this money that is being lavished on war supplies is not wiped out as it is spent; not a bit of it; it's mounting up as national debt, huge blocks of debt which are held by members and nominees of the gang. When the Associated Powers have been defeated at the cost of a few million more lives, including ours, and peace has been dictated to them, the gang will own a further hold over the Allies in the form of millions of pounds of gilt-edge security. And you may be sure Germany will be held down in the mud and kicked. There'll be a famous orgy of money-snatching over our bones.

"To return to America, the danger of an Allied defeat, that is to say, of the collapse of all that gilt-edge security, had to be averted. Those awful Russians! They let down their masters as much as their masters let them down. So the American politicians were told to be ready for a change of popular feeling, and an intense war-fever inoculation was carried out by the press. It took rather less than three months, I believe, to make the popular demand for war irresistible. That is the reason for the entry of America into our wonderful war. You asked me."

Dear Claude: Many thanks for your letter of 13 FEB 08 & the great enclosures! Yes, I have no doubt that the jews are systematically killing Iraqi leaders & intelligentsia, as they did in Russia. "Smooth-handed Goyim to the wall!" was their order for Cheka death squads.

In his outstanding book, "The Empire of the City," Knuth (sp?) describes the jew nexus from China to the City of London, via India & The Middle East. Jews work their rackets up & down the ancient Silk Road on behalf of jew power & profit, by controlling goods & Goyim. As Werner Sombart observed: "Wars are the jews' harvests," & so are economic crises which are instigated & fomented by jews & their Goy stooges. The results are fewer & poorer Goyim & richer, more numerous jews. Such a deal!

In my view of history, the jews divide the world into compartments or 'theaters', as used in show-biz & war. When war comes to one theater, the jews are usually to be found making money in another. When crisis hits one region, the jews are to be found making profits in another. We must understand that jews can & do exploit their "lesser brethren!" Jews, like the Freemasons & the Assassins, have their hierarchy, in which some jews are treated like Goyim. In Zionist Occupied Palestine alias Israel, we learn of Cabalist jews boasting of their exploitation of 'secular jews' as their "donkey," upon which their Messiah shall ride into Jerusalem. Since Cabalist jews need not serve in the Israeli military, their exploitation of fellow jews is evident.

As we know from history, jews have their favorite host peoples, which they change in due course. In biblical mythology, it was the Egyptians, then the Babylonians. In recent times, it has been the British, the Germans, &, of course, the Americans. Throughout history, the jews have exploited & plundered their hosts. As with the Babylonians & Germany, they also inflicted war for their hosts' further ruination & the jews' increased depredations. We see how they raped & robbed Russia, while killing the best of its people.

The jews wreck their host peoples, & plunder their lands, but they never abandon them. If we look at Europe & Africa, we see how jews & their Zionist stooges built up the continents, damaged them & rebuilt them, making profits & acquiring power all along. Jews are now abundant in Europe, I understand, & the Germans, French & Austrians are welcoming them to occupy White living space at White expense. After encouraging Whites to build up Africa, the jews removed the Whites from power, so the continent south of the Sahara may be swept clear of the Black Burden, thereby opening its land & natural resources to the jews' latest ally, the Chinese.

With the jew track record in mind, it is logical that Britain & the USA are marked for the Old Jew Screw. The ZOG is not the USA, for the ZOG is global, being jewish. That's why I urge wishful-thinkers to investigate the jew presence in present-day Russia, which, in my opinion, may be another 'theater' of Zionist operation, with a new, jew play.

Consider jew money-manipulation, especially when they are given the power to create it out of **nothing**. The jews created the U.S. dollar & the British pound, just as they created the euro. Can we say that they actually 'suffer' when one currency loses value in relation to another? No way, Jose! The jews created The European Union, just as they want to see The North American Union, so the U.S. dollar crisis not only enriches them, but drives the Goyim to accept their jew regional 'order.' The USA is indeed ZOG, but it is a minion & a part thereof. Whatever happens in the USA will be planned for the jews' advantage, at Goy expense, of course. Our job, everywhere, is to hurl a sabot into the jews' machinery, on behalf of Mankind, & Our Race. Hence, a change of behavior can only be achieved with a change of thinking.

I therefore wish you & our comrades Strength through Joy. ORION!
