

EXPLANATORY NOTE ON THE HOLOHOAX: During the siege of Bar Koziba, the jews report in their 'holy' Talmud that "the Romans slew 400 million or 'as some say', four billion jews." The Talmud claims that the blood from the jewish victims burst forth in such a torrent that it rolled boulders from the hills, and stained the sea four miles from the shore. In 1919, The American Hebrew of October 31 alleged "the holocaust" of "six million jews", but no one believed the jew-liars and reparations-gougers at The Versailles Conference. All that had changed in 1945, because the Allies had libelled the defeated Germans with their own Holohoax, to cover up the real atrocities of their 'gallant Soviet allies'. The Allied liars made specific claims which alleged that the Germans hauled jews and other victims to "death camps" and 'gassed' them with hydrogen cyanide (HCN) which was used as a delousing agent, before and after DDT. HCN was also used to execute convicts in U.S. prisons, before, during and after World War II. No European country has adopted lethal gas chambers for executions. The alleged 'gassing facilities' in all the German labor and internment camps dubbed "death camps" were Ellis Island-style delousing facilities, and they were just as inappropriate for "gassing" anybody.

The original figure for jewish gasees was 45 million, which the Allies rejected, since it was outrageously absurd. For the same reason, the Allies also rejected the figures of 25 and 12 million. Finally, the victors of World War II agreed that "six million jews" were put to death in German camps, along with "5 million non-jews". German records show that most inmates of concentration camps were non-jews, so the number of jew inmates and 'victims' has been grossly inflated by the liars. No matter how many jews 'survived' "The Holocaust", German tribute or 'reparations' payments are based on the fictitious figure of "6 million". In the 1980s, The Canadian Jewish News reported over 5 million "Holocaust Survivors" were receiving 'reparations payments' from the German government. This means that at least 16 million jews and non-jews had been 'processed' in German "death camps". This figure is also preposterous.

The definition of "The Holocaust" is kept purposely vague by its proponents, but we can agree that people were put into "concentration camps" for labor and internment, owing to war time emergencies and dislocations. Most camp inmates were not jews. German jews who chose not to emigrate during the Third Reich era remained where they were, like the jews of Berlin, who helped defend their city against the Red Army, along with French SS men. Since no order has been found for "the extermination" of camp inmates for ethnic, political or religious reasons, the burden of 'proof' that "death camps" existed remains with the Allies. German camps were established to confine enemy aliens, for the protection of the civilian population. They also supplied the German war effort with valuable labor, for which the inmates were paid!

Deaths at camps such as Auschwitz, Dachau, Bergen-Belsen et al. were due to typhus epidemics and not executions, with very few exceptions. German camp commanders who stole the inmates Red Cross parcels, for example, were executed in front of the inmates, by the Germans! Typhus-infected lice and water made delousing facilities and crematoria absolutely necessary. HCN was used to save lives, not to kill people, in German camps. Deaths occurred when there was no HCN.

In the Nuremberg Trial transcripts of the International Military Tribunal and the Nuremberg Military Tribunal, the Allies allege that "lethal chambers" existed in all the German camps, which used hydrogen cyanide, carbon monoxide, steam, vacuum and electricity, apparently according to the whim of the commander, in addition to fleets of "gas-vans" (no numbers given) which took "millions" for lethal last rides. The Germans "recorded everything", the Allies claim, but they seem to have omitted the tons of records necessary to perpetrate mass-murder on such an allegedly gigantic scale!

In August 1943, The British Foreign Office invented the gas chamber hoax as part of a propaganda scheme against the Poles, to diminish the impact of the 15,000 murdered Polish officers by the Soviets at Katyn. Sir Cavendish-Bentinck, head of British Intelligence, objected to the inclusion of 'gas-libel' in the official British statement because there was no proof, and it seemed on par with British lies of World War I. Hence, the "gas chambers" were deleted. In 1944, they reappeared in the U.S. "War Refugee Board Report", with no further evidence.

With the occupation of Germany in 1945, jew film director, George Stevens, featured Dachau in an official Allied propaganda movie. Since Dachau lacked the 'required' gas chamber, Stevens had one built, complete with fake showerheads, then claimed that "200,000 to 400,000" people were gassed there. Germans were hanged for gassing inmates in Dachau, Bergen-Belsen, Buchenwald and Mauthausen, which were in Germany and Austria. But, in 1960, the Allies changed their lies. They claimed that NO ONE was gassed outside of six camps in Poland: Auschwitz, Balzec, Majdanek (Lublin), Sobibor, Chelmno and Treblinka! As for Hollywood's "gas chamber" at Dachau: the sign now says "it was never used." The Six Million had magically jumped from Germany and Austria, all the way into Poland! But even there, the Holohoax is not safe, for the Auschwitz death figure has dropped from "4.2 million" to 74,000. We should not be fooled any longer.

Hail Chris! Thanks for your letter & the USS Liberty enclosures. The War Refugee Board Report was, apparently, the kosher version of the Holohoax. The British concocted their Polish version in August 1943 to counter the Soviet massacre of 15,000 Polish officers at Katyn Forest. The Britliars alleged that Poles were being taken to "death camps" in Poland, so as to keep them scared of the Germans, when the Poles should have been scared of "our gallant Soviet Allies." The Brits dropped the "gas chamber" hokum from their official statement accusing the Germans of "death camps" for the Poles on 28 AUG 1943, according to their Foreign Office memos. In 1944, as I understand, a jew using the names Rudolf Rosenberg alias Vrba allegedly escaped from a German "death camp" in Poland, so he could tell the Roosevelt regime that the Poles of Brit-fantasy were now jews, & the jews were being "gassed." In jewish parlance, that was not one, but two 'miracles.'

Apparently, the jew Rosenberg/Vrba was an author of The War Refugee Board Report which was, apparently, adopted by the USA for its propaganda campaign against the Germans. This report was later incorporated into the Nuremberg Show Trials in post-surrender Germany. The Allies' war of genocide continued long after the German surrender of 8 MAY 1945, as we know. It continues today. As Sun Tzu & Clausewitz observed, war is carried on by "other means," even when the side being attacked is not fighting in self-defense. The genocide goes on, unopposed, as it pleases ZOG.

I suggest 1944 as the date for The War Refugee Board Report. Allied archives are most revealing, since they show how they changed their lies. Before 1960, all German labor, prison & internment camps were "death camps." Jew film director George Stevens even built a "gas chamber" at Dachau for his lie-film. But in 1960-61 a 'miracle' occurred: The Allies declared that no "death camps" existed outside of six so designated in Poland! The Goyim accepted the new story without question, just as they had the early fiction that all German camps "gassed" inmates. Dumb, cowardly, corrupt Goyim! We are all too often as despicable as the jews say we are in their Babylonian Talmud.

There are two talmuds, a Jerusalem Talmud & The Babylonian Talmud, which is the bigger of the two: 63 books in the English Soncino Edition. It includes rabbinical commentaries, allegedly on The Torah or Old Testament. The Old Testament is a tribal myth, but The Law of Judaism is contained in The Talmud. Jews say that The Talmud is so respected that Yahweh himself stands when he reads it! The chief crime of the Christ-eaters is their concealment of The Talmud & its anti-Gentile, anti-Christian teachings.

The Babylonian Talmud, so called because of its alleged place of origin, includes advice on cheating, murder, theft, torture & black magic, such as enslavement by usury or interest. It teaches lying under oath, & anything you can imagine for bad citizenship. It constitutes a handbook for vampires. Every 'devout' jew must study it.

Goyim (two-legged cattle without souls, as defined in The Talmud) are usually kept in ignorance because they want to be ignorant. If they inquire, they are lied to by teachers, preachers & jewsmedia. Our job is to be 'edjewcated,' not educated. We are even taught that Ignorance is Strength. That is certainly true for oxen, but not humans. According to devout jews, Gentiles aren't humans. I see most behaving like oxen, so we deserve, in the main, the jews' disdain. We have earned it!

Jews learn to be evil, but they are not original, for their evil is derived from others, along with their former gods, goddesses & demons. The unique thing about the jews is that they pass on their evil tricks. Goyim are slow to learn, quick to forget & never pass on survival knowledge to their offspring. We are taught to be 'sheep,' not men, so why should we be surprised that jews deem us to be sheep? My parents were such 'good' Goyim, so it is a miracle that I became a man, despite their examples, because I had help from a surprising quarter: The ZOG, whose lies taught me that we live in a world of lies. I learned that manhood is not "the pursuit of happiness," but the pursuit of Truth. A man is responsible to himself & to others, like the captain of a ship. He cannot afford to get drunk, like the captain of the Exxon Valdez, so he can't have that kind of 'happiness.' His happiness comes in seeing his ship safely in port, with its cargo, crew & passengers intact. A man's happiness comes from the fulfillment of his obligations. Such happiness is not fleeting, but sustaining. A man is not, therefore, the sum of his possessions, but the outcome of his deeds, which he must strive to make worthy. This is why men command respect & Goy sheeple do not. Strength through Joy to you. ORION!
