

# BLACK NATIONAL ANTHEM

Lift every voice and sing 'til Earth and Heaven ring,

Ring with the harmonies of liberty:

Let our rejoicing rise, high as the listening skies,

Let it resound loud as the rolling sea.

Sing a song full of faith that the dark past has taught us,

Sing a song full of hope that the present has brought us,

Facing the rising sun of our new day begun,

Let us march on 'til victory is won.

Stony the road we trod, bitter the chastening rod,

Felt in the days when hope unborn had died.

Yet with a steady beat, have not our weary feet,

come to the place for which our Fathers sighed?

We have come over a way that with tears have been watered

We have come, treading our path through the blood of the slaughtered.

Out from the gloomy past, 'til now we stand at last,

Where the white gleam of our bright star is cast.

God of our weary years, God of our silent tears,

Thou who has brought us thus far on the way;

Thou who has by thy might, led us into the light,

Keep us forever in the path, we pray.

Lest our feet stray from the places, our God, where we meet thee

Lest our hearts, drunk with the wind of the world, we forget thee

Shadowed beneath thy hand, may we forever stand,

True to our God, True to our native land.

Closing

10 APR 08. Hail Michael! Many thanks for your two mailings dated 7 APR 08, with the pathetically perverse postmark quoting John Adams: "Let us dare to read, think, speak and write." Those words headed a large poster on display at my local post office. As I stood in line I dared to speak to an Ostensible White man behind me. I pointed out the words & said that our Zionist regime would find those words "terrorist statements." He nodded in agreement, "So why do they advertise them?" he asked. I replied: "Probably to persecute those who heed those words, as happened in Red China under Mao." As ZOG would have it, the poster vanished the following day. I wonder how much longer the words will appear on their cancellation stamps.

As to be expected, the anti-White struggle continues in the ZOG-gulags, the jewsmedia & the "affirmative action" job & school placements, while the dumb honkeys continue to volunteer for Iraq & Afghanistan, like good 'Christian soldiers.'

I shall hasten to mail the originals & copies of the documents you sent on the date indicated on the Declaration of Service.

I tried to send you the copy of WAZOGDOC's Cell Assignment Policy (DOC 420.140), but your zoggies may have stolen it. This is the danger I mentioned of sending items back & forth, for it exposes them to theft, not once, but twice.

"Bulawayo" is fine for me in all respects, for I require independence. You may recall that the destroyer of Pastor alias Shepherd Butler was a 'sheep' who got away from his flock & caused Butler to lose his property. Such sheeple are the last I'd ever wish to be associated with. Around that time, Covington wrote in his newsletter that Butler's place was "a dripping honeypot for ZOG informants," & that he should close it up forthwith. I appreciate your concern for my safety, but you should understand that I am 'savvy' in regard to civil disorders, raids, high crime rates, emergencies, &c. I am accustomed to bombings which I experienced in Colombia & Canada. I am also fluent in Spanish, which is a major asset in this part of Northern Mexico. I am a 'foreigner' here in this Empire of ZOG, as I have been in Africa & Latin America, so I know the proverbial 'ropes.' If, for some reason, ZOG wishes to 'whack' me, I'd rather they do it than some 'comrade' with a hidden agenda. My advice is that your acquaintances watch their own backs, for I'm capable of watching mine. Thanks anyway for your concern, but my worst experiences have always been at close quarters with alleged colleagues who claimed to support our mutual cause. Thrice burned is thrice shy, as some say. I've been through it with Covington, Dietz & Zündel, so I finally learned to keep 'comrades' at a safe distance. The last thing I'd want is to be dependent upon such critters. As you say, the trends are scary, but I'm not scared of my own destiny, for which I'm expendable, as always, as I know. To paraphrase Patrick Henry, life at any cost is not worth living, hence I've dared to "read, think, speak & write," ZOG willing.

Since we lack the means to replace the system under which we live, we have sought to achieve our ends within the system, as you have been doing. Congratulations! To do this with any success requires us to be knowledgeable & alert to opportunities as they occur, as you have done. We can hate our enemy, but we must also know him, for our ignorance can defeat us. The danger in any struggle is that we become like our enemy, as those who wish to fight jews by becoming jews. Nietzsche warned that "those who do battle with monsters must become monsters themselves." That would apply to those who would fight on a monster level or a jew level, but I believe we can be true to ourselves & still win, for if we are not true to ourselves, we lose.

Our choice of tactics must be wise, for the same tactic may win in one case & lose in another. Romans won with swords & spears by fighting in close formations, for instance, but modern weapons made close-order fighting suicidal, so soldiers learn to spread out, as The 3 Stooges always advised. Being able to spread out & achieve an objective requires efficient communication, but most of all, it requires prior agreement on what that objective is. So far, I see no agreement in the disparate mob known as the blightwing, which accounts for the relative ineffectiveness of its communications, assuming that any blighter wishes to communicate with other blighters, of course. During FDR's infamous Sedition Trials, the incarcerated defendants were accused of "conspiracy," but that charge was absurd, since those who knew one another hated one another, while the majority neither knew nor collaborated with their alleged "co-conspirators." The blightwing has not changed, ZOG love 'em.

We shall see how it reacts when its members suffer equally from the same events. Will such equality generate equal beliefs & equal response? Stay tuned, but don't hold your breath! All the best. DOWZ! ORION!
