

26 APR 08

Hail Brian! It was great to receive your letter of 17 APR 08 & the weird "true-jew" stickers enclosed. So this is what the Irish Folk need: "Christinsane Identity." I thought the anti-White Catholic Church was bad enough. It isn't as if we needed more divisive ecclesiastic excrement to distract us from the main issue: Our extinction via banksterism, war & race-mixing, which, when added together = Genocide of the White Race. Who can ask for anything more, unless one is a Jew, of course.

You are taking a big risk in relying upon hired lunatics, for ZOG can hire them as well, & turn them against you. Good luck!

Tom Nee seems a bit 'schizo,' since he can't seem to make up his mind to flee to the cannibal wogs in New Zealand or to engage in 'irrelevant' Irish Nationalism, as he chooses to address that issue. His Enemy #1 is White Nationalism, of course. Demographic trends toward a darkening population would seem to argue against his approach, methinks.

I have derived a 'theory' that ZOG rewards its own, so it is logical to understand that those with money are zoglings, as I tried to explain to Wayne, not that their zogbucks will do them any good in the end, for, as John Maynard Keynes observed: "In the long run, we're all dead." Those who have don't do & those who'd do don't have the money to do it. That's what I saw in Rhodesia, shortly before it sank in a sea of Black. It serves no purpose, as I see it, to be discouraged, for, as my friend Col. Rudel used to say: "He only loses who himself gives up." Life itself is struggle, so struggle is life. Our strength therefore comes from our joy in the struggle. Pardon me for Odinist attitudes. It's good you are keeping fit to fight the Red Vermin when necessary.

"Usreal" appears to continue its push for World War III in The Middle East, according to the jewsmedia. Israel accuses Syria of possessing a North Korean nuclear reactor, which it allegedly destroyed last year. "Israeli spy photos" are now extant which reveal that the "Syrian reactor" looks just like a North Korean reactor, obviously because we obtained pictures of the North Korean reactor during the nuclear non-proliferation talks with North Korea. Other 'incriminating' "Israeli spy photos" could easily be made up by modern digital photography, which could show the Taj Mahal et al. in downtown Yakima, & only eyewitnesses could prove they were fake photos. Adolf Hitler & Mahatma Gandhi could be shown shaking hands at the Taj in central Yakima, for good measure, &c. Nowadays, audio & visual 'evidence' is too easily faked to be trusted, no matter how clever the liar is who 'explains' it. Let the viewer/listener/reader beware, as always.

Apparently, economic crisis in regard to inflation has slopped outside the U.S.A., where our banksters originated the crisis in the "sub-prime mortgage market." The bankster-Zionist Empire of ZOG has allocated tax-payers' funds to bail out the rich rascals, as usual, leaving the truly needy Goyim to whistle Dixie or whichever tune suits them. Financial newsletters are declaring "R.I.P." for the USS Titanic.

It also appears that the Jews & Israel are now supporting China as their next 'promised land' in their quest for The Jew World Ordure, while their U.S. host peoples are being dumped into the toilet of history. Canada & Africa are receiving huge Chinese influxes, as I gather from the jewsmedia & Internet sources.

In Brownest Yakima, the major developments are Mexican Nationalism, Mexican gangs & Mexican druglords. One 19 year old named Ramirez, who lived in my neighborhood, was raided by zoggies who seized over \$100,000 in cash + a greater value of marijuana & cocaine. The ZOG is itself in the drug trade, so it is likely that the seized drugs will be recycled in due course. If you recall the old movie, "The French Connection," the large shipment was seized by heroic cops in Jew Yawk Shitty, as some pronounce it. In reality, that seized heroin, depicted in the movie, was removed from the NYPD Evidence Vault & put on the streets, at a profit for whomsoever. This merely confirms that we have "the best government money can buy," which is a very old saying here in Judeo-America.

I think it was Marx who declared that "Tragedy repeated becomes comedy," so we should be laughing ourselves silly.

Strength through Joy to you. ORION!
