

Israeli diplomat  
Scher, wanted by  
Interpol & Brazilian  
police for child  
prostitution and porn  
ring

from Soviet  
domination  
must be  
extradited as  
"war criminals",  
yet we would  
not suspect that  
Israel is a safe  
haven for

sociopathic  
torturers and  
murderers of  
the Stalinist  
secret police  
whom Israel  
refuses to

extradite for trial despite requests. We  
hear of Israel as the Promised Land  
for God's Chosen People, but do not  
realise that it is also the Promised  
Land for old time US crime bosses  
and the new wave of the so-called  
"mafya" from the former USSR. That  
Israel is the Promised Land for pimps  
who enslave unsuspecting Russian  
girls. We look with curiosity at the odd  
attire and hair and beards of the  
Orthodox Hassidim Jews oblivious to  
their involvement with drug and  
diamond smuggling and money  
laundering for mobsters. And at the  
back of it all stands a dual moral code  
that allows pious Jews to pursue their  
crimes against Gentile societies.

## The KOSHER CONNECTION :

## Drugs, Israel, Gangsters & Zionists

24 MAY 08

Hail Daniel! Thanks for yours of 13 MAY 08. I guessed you were very busy, so there's no need to feel obligated to write me according to schedule, just when you find it convenient. I appreciate your words when I receive them, but I'll survive, somehow, until I do. Ha!

I congratulate you on your courses. You have followed the advice of making your time serve you. That is outstanding, thanks be to ZOG.

My question as to why ZOG would permit you to publish Separate Living remains: What does ZOG get out of it? We know ZOG's motives are not intended to favor Whites, so is ZOG using us all for its amusement? I don't give a damn, as long as we can do some good by way of information, so keep up your good work, as long as possible. My hearty thanks go to you for your heroic efforts on behalf of Truth, Freedom & Justice.

No propagandist can be covert, since his propaganda itself is public. No mailing list can be secret, despite Covington's craziness, as long as ZOG runs the post office. Duh! I am a journalist, so I have no secrets, nor do I want any. A Freemason Felon wanted me to join his judeophilic coven by tempting me with "knowledge," "Secret Knowledge." I retorted that no knowledge should be secret, & that the pursuit of knowledge was why I attended the university in which he was trying to recruit me into his judeo-satanic sect in the first place. I also said to this hebraic hypocrite that teachers find it hard enough to teach knowledge to their students, let alone keep it secret! Hence, there is no justification in keeping any knowledge secret. End of my Freemasonic Adventure. Would you sign over your conscience to a covert group with hidden agendas? If not, then you'd never be a Freemason, either. As I reflect on my education & my edjewcation, I can see that my learning facilities were also charged with learning about me, as they do about all who attend them. This fact was confirmed when I received my background security check in the U.S. Army, toward the assignment of my Army Security Clearance. I also noted that Goyim attended school to study their subjects, while jews attended school to study 'their' Goyim, as student shepherds study their flocks of Goyim, er, sheep.

As you observe, many sheeple fit into gulag life so well that they crave it. One former gulagnik in the USA told me how he valued his prison status more than any status he'd obtained on the Outside, where he felt himself a 'nobody.' In prison he had status, direction & structure, as well as the companions he felt most comfortable with. If he hadn't told me that himself, I couldn't imagine it. 'Martyrdom' is a ready-made mantle of identity for a prisoner who wishes to blame the world for his own misfortunes. Jews notoriously blame their victims for the jews' crimes against them, as in the classic jew film, "M," in which a child-murderer played by jew actor Peter Lorre 'explains' how the child-victims 'made' him do it. Yiddish was also the criminal dialect in Germany, where the action was set. Do jews become criminals or do criminals become jews?

You are no doubt aware of your responsibilities in editing SL, for you select articles you feel most appropriate for your readers, as any editor should. Any article you deem pertinent to your editorial policy would be welcome, but there are certain subjects & treatments thereof which must be avoided, such as those which may be construed to advocate illegalities. A nutcase & irresponsible agitator named James N. Mason was writing such illegal advocacy for George Dietz in 1976 to publish. Dietz wondered if it was legal to advocate killing certain people. I said it was not, for such advocacy constitutes incitement. I thus replaced Mason as editor of White Power Report, & Dietz stayed out of jail. Mason babbled his alcoholic way out of readers by claiming that Charles Manson was "the reincarnation of Adolf Hitler."

ZOG may use your readership as a pretext for a "Liberty City 7" stunt. ZOG is capable of accusing passengers on a bus of being "bank robbers & co-conspirators" if a bank robber boards the bus they are on. So it may be with mailinglists: If I correspond with someone who corresponds with a designated "terrorist," whom I do not know & with whom I do not correspond myself, I could be roped in as a "terrorist co-conspirator." The matter is entirely in the hands of ZOG, for the same would apply to such a person who subscribed to SLIME or JEWSWEEK magazines. Certainly the post office which delivered such "terrorist" mail would be a "terrorist co-conspirator," also, ZOG willing. Imagine how many people one designated "terrorist" could be in contact with, all of whom ZOG could implicate, further filling Zionist torture chambers & gulags. Such a deal! We sure live in exciting times.

All the best, as always. ORION!
