

31 MAY 08

Hail Gregory! Many thanks for your letter of 21 MAY 08 & the interesting enclosure, which seems to come from Norman Mailer, who seems to have been sober when he wrote it. He is correct to criticise the "trickle-down theory" of supposedly aiding the poor by making the richest people richer. When that policy was tried in Mexico, it led to the revolution of 1910, for insufficient wealth trickled from the pockets of the rich. Hitler produced prosperity in Germany, in the middle of the Depression, by creating useful jobs for the poor, who spent what they earned on things they needed, thus stimulating the whole economy. The rich banksters had already looted Germany, so making them even richer would not have ended poverty in Germany. One critic said that the USA has socialism for the rich & capitalism for the poor. This is true when our ZOG bails out the fatcats & leaves their victims out in the street.

I'm sorry you got ripped off by your gulag's postage stamp stunt. I guess you were not offered "Forever Stamps," for which you'd pay 41¢, but which are now worth 42¢. I started buying those last year, so I have no 41¢ stamps left. It seems nasty of your zoggies to prepare you for a move, only to tell you it's been deferred for so long.

In regard to Judaism in its various forms, the meaning of "Elohim" is "Gods," for the im ending in Hebrew is plural, as in 1 Goy, 2 Goyim. Jews make much of their Yahweh being a man, a bachelor, in fact. Judaism has changed in form & in content. According to one archeological find in Egypt, I seem to recall, on the Elephant Isle of the Nile River, the ruins of a synagogue were found with mosaics showing gods & goddesses. I understand that Yahweh had a goddess called Astarte, but she got demoted, & now works as a demon. Jews can be remarkably catholic <sup>only</sup> in their adoption of foreign gods & practices. I understand that Moloch or Molech was not a god, but the jewish practice of sacrificing firstborn, according to an ancient stella found in their unholy land. Pigs are taboo, since the patron demon of Jerusalem incarnates in the body of a pig. This is why old woodcuts show jews performing obscene rituals with a great boar, who is Ninip, Jerusalem's demon, incarnate.

Most of Judaism derives from Babylon: Only 5 books of Moses, but 63 books of The Babylonian Talmud! There is a book called The Jerusalem Talmud, but it seems much less important than the two previously-mentioned titles.

The Rothschild-funded propaganda that Whites were "the true Israelites" is still being peddled to gullible Goyim. Jefferson observed that, in order to believe in such nonsense, one had either to be a fool or a fraud. There is far more African influence in Judaism & Christianity than White hypocrites would dare to acknowledge. I understand that The Ark of the Covenant resides in an Ethiopian shrine run by Coptic priests. Ooga booga! A local Black preacher claims, according to his reading of the jewbook, that King Solomon is described as a Black man, so his affair with the Queen of Sheba was not adultery, that is, race-mixing.

Hebrew & other Semitic tongues are not branches of the Indo-European languages spoken by ancient & modern Europeans, so if Europeans were Israelites, why would they adopt non-Semitic tongues? My Webster's New Collegiate Dictionary lists Semitic languages as : Phoenician, Hebrew, Aramaic, Arabic & Ethiopic (!). Among his royal titles, the 20<sup>th</sup> century Emperor of Ethiopia, Haile Selassie, <sup>was</sup> The Lion of Judah. Hence, the Black preacher has a lot going for his thesis that Black traits went farther north than Ethiopia. This Black influence may also explain the many similarities between Cabalism & Voodoo, the god-eating of Christianity, &c. As you observe, these are not gods for White people. No wonder I felt alienated & disgusted early in my contact with Christianity. My blood was speaking to my mind. In my studies of anthropology, every tribe is 'chosen' by its particular god or gods, so the jews are no different than the Navajos in regard to being 'chosen.' Why would a non-jew want to choose a jew god? Why not a Zulu god, or the ancient gods of one's own people? Carl Jung called it "racial memory," & it is something no race should seek to suppress nor neglect. We should stop making ourselves sick by seeking to impose alien values on ourselves & on others. I have lived for years with other peoples, so I can appreciate their differences. As a White man in Black Africa, I knew who I was, & I learned to appreciate my values. Racial & cultural integration is the key to conflict & chaos, & diversity produces no harmony; only Babel. The jews know this, for they wrote the story. That's why they want to inflict diversity upon us while maintaining exclusivity for themselves. We are fools &/or cowards to let them get away with it. If diversity is so good, then it must be good for Israel. Oy veh! Now we know why jews call Christianity "Judaism for Goyim," since it enslaves us to the jews. Such a deal! Thanks for sharing your knowledge. Strength through Joy. ORION!

However, it is also prophesied that the good guys will defeat the minions of evil, and the children of the Gods will live to rebuild Valhalla.

How silly it is to **wade** through a morass of contradictory words in search of a god. My God has no need for written words. Whenever I am on the right path, I **feel** His presence. He smooths the way ahead for me and puts the wind at my back. He bends the trees which wave to me in greeting, while His ravens circle above. My God **speaks** in these ways to me, because I am an Aryan. Black men's gods speak to them in different ways, as do those of Asians. Their gods demand fear. My God demands bravery. I stand before my God. I do not kneel or kow-tow, for my God despises slaves, cowards and weaklings. That is why I receive no message from your Afro-Asiatic deity and that is why your 'paradise' is alien and disgusting to me.

Even the jew-book 'quotes' Yahweh as commanding "Thou shalt have no other gods but me!" Please look up the passage in which Yahweh has a brawl with Dagon, the half-man, half-fish god. If I remember correctly, Yahweh cheats, just as David cheated when he fought Goliath. Using a sling & stone against a swordsman is as vile as using a pistol. Spare me your Jewish god! After reading the jew-book, I feel in need of a hot shower, with plenty of soap.

I prophesy that your intellectual journey is not **over**. A person who is sedated with opiates wakens eventually and opens his eyes. As one who is still alive, I predict that you can also come to. I welcome you in advance, as a fellow member of The Universe. ORION!

# Rabbi's remarks about Holocaust upset Israelis

JERUSALEM — A prominent rabbi who heads Israel's third biggest political party sparked an uproar in Israel on Sunday for saying that 6 million Jews perished in the Holocaust because they were reincarnations of sinners.

Rabbi Ovadia Yosef, spiritual leader of the Shas party, also declared that Prime Minister Ehud Barak has "no sense" because he is trying to make peace with the Palestinians, whom Yosef called "snakes."

Yosef was speaking in his weekly Saturday night sermon, which is broadcast over the party's radio stations and is beamed overseas.

He said that the 6 million Holocaust victims "were reincarnations of the souls of sinners, people who transgressed and did all sorts of things that should not be done. They had been reincarnated in order to atone."

All sectors of Jerusalem condemned his remarks.

"His words are liable to harm the memory of those who perished in the Holocaust and are liable to hurt the feelings of their families and the feelings of the entire nation," Barak said.

Helen Kaminsky, whose relatives were buried alive at Babi Yar in Ukraine, where Nazis killed about 100,000 people during World War II, demanded an apology and said she wanted to spit in Yosef's face.

"This senile guy and lowlife, he should step down," Kaminsky, 61, said sobbing. "How could he say such a thing? You don't imagine how many people have been hurt today. They should silence him."

Legislator Yosef Lapid, a Holocaust survivor who heads the secularist Shinui party, said Rabbi Yosef "is in effect confirming what Hitler said, that the Jews are sinners."

Israel's two main radio stations and Holocaust organizations said they were inundated with phone calls and fax messages, most of them criticizing Yosef's statement.

Officials from the Yad Vashem Holocaust memorial museum labeled his remarks "miserable" and said they "seriously harm the

memory of the victims."

"It's hard to understand where Rabbi Yosef gets the courage to explain the intentions and ways of the supreme authority," they said.

Shas Chairman Eli Ishai said criticism of the rabbi is unjustified. "Rabbi Ovadia weeps for every Jew who is killed ... but nobody, not even a saint, has not sinned. Everyone dies in a state of sin."

Reincarnation is not a concept central to Jewish thinking, although it appears in the Zohar, the book that is the basis for Jewish mysticism, or cabala.

Yosef, who ordered Shas to quit Barak's coalition as the prime minister left for the recent Camp David summit with the Palestinians, described Arabs as "snakes" interested in murdering Jews, and he said Barak has "no sense."

"What kind of peace is this?" Yosef said. "Will you put them beside us? You are bringing snakes beside us. ... Will we make peace with a snake?"

The Palestinian Information Ministry dismissed Yosef's statements about the Palestinians as "silly" and "fascist." The ministry, which is headed by the senior Palestinian negotiator Yasser Abed Rabbo, called on the Israeli government "to condemn such foolishness."

Shas was opposed to the concessions that Barak offered at Camp David, particularly his proposals to extend limited sovereignty to Palestinians in parts of Jerusalem.
