

Jewry, to be exact, a split between religious Jews who take literally the mythological absurdities of the Old Testament, and practical-minded, secular, so-called Jews who rule the world from behind the scenes. The secular Jews have always known that a political state, such as the country called Israel, with Jewish only citizenship, causes problems for their universalist-minded puppets and their Masonic-orchestrated New World Order. Slick Willie was squeezed between two warring Jewish factions.

It is highly doubtful that the masses of those who call themselves Jews have any more idea of the real aims of their leaders than do the masses of Christians know about the goals of their leaders. This does not change the fact that a few multi-mega-billionaires, who at least call themselves Jews, control the affairs of the Western world, or that they have sentenced the White race to cultural and physical death. It does mean, however, that in the interest of the greatest possible accuracy we should speak with knowledge and logic, as opposed to dogma.

The stated aim of the Zionist movement, be it of the early 20th century or sometime in the remote past, is the establishment of a Jewish political state in Old Palestine. But, as always, the words of politicians, kings, priestcrafters and other rulers are deception. The real aim of Zionism under the Masonic New World Order is total world power, and they have already conveniently placed headquarters in all the major cities worldwide.

Furthermore, it is the universalist, Christian Zionists and the equally traitorous White Masons for whom we should reserve our deepest contempt and hatred. Yes, I said "hatred," for all true emotion has opposite poles. We cannot love our own people unless we hate those who consciously destroy our kind. It is the turncoats from amongst one's own people who always pose the greatest threat. That is why traditionally and historically, the penalty for treason has been death.

To be sure, a tyrant and an enemy must be dealt with accordingly, and all Zionists of any race are our enemies. So, for the sake of accuracy, and in order to identify the forces destroying our race, we use the term "*Zionist Occupation Government*" rather than "*Jewish Occupation Government*" because there are Jewish, Christian, Atheist and Agnostic members of the Zionist New World Order.

But let us be intellectually honest and give credit where credit is due, even to the enemy. Jews, at least, had the common sense to adopt a religion which teaches them to live and struggle within the reality of this life on this earth. As a result, most Jews now live in luxury and their leaders literally own and control the world. Were it not that they have pushed our White race over the cliff of self-destruction, one might admire their

Hail Jason! Congratulations on your graduation! How refreshing it is not to write with a gulag censor looking over our shoulders.

It seems you have got right into the learning experience in regard to leafletting. In my own experience, the Goyim (Gentiles) are asleep & indifferent to information, but the jews are sharp-eyed & alert, as well as active, very active, for they don't want 'their' sheeple leaving the pen.

In Toronto, Canada, I passed out 5000 leaflets advocating the reformation of the U.N. into racial groups. Result: One note of inquiry from one jew. I passed out 5000 fliers on Freedom for Rudolf Hess. Result: One note of inquiry from the same jew. Next, I sent one flier to one jew. Result: jew hullabaloo in the jew media, so much so that some Goyim even heard about it! Lesson: If you want to tell the world, tell a jew, the right jew, of course. Goyim don't pay attention to Goyim, only to their jew shepherds, it seems. Of course, this leafletting was done BEFORE the Internet. Stone Age stuff. However, it is impressive for a jew to see two real Whites passing out literature, pro-White literature, of any sort. You see how quickly the jew got the FBI to harass you for exercising your freedom of speech & press, which are supposedly 'guaranteed' by the First Amendment.

You are testing just how far our jew-supremacist (Zionist) regime is willing to take their definition of terrorism as dissent. I hope they don't deem pro-White statements to be "terrorism," but you see how our zoggies jump when a jew says "Get those Goyim!" An FBI raid seems to me to be an over-reaction for two Goyim handing out fliers. Of course, this happens in Zionist-ruled Canada, where they have official "hate laws." In practice, "hate" is whatever a jew hates to hear or see, even if it says nothing about jews. If you object to jew policies, then you are guilty of "hate" in Canada. The ADL has been working to have the same thought-laws in the USA, so, as long as the jews keep working & the Goyim keep on sleeping, the thought-crime laws will probably pass here. We already have "hate-crimes" here, which give special privileges to 'certain' people, such as queers & non-Whites, including jews. It used to be that the crime itself was worthy of punishment, regardless of the criminal's alleged intent, emotional attitudes, morals & values. It used to be that thought & speech were free. One could say pretty much what one wanted, even "Kill the umpire!" as long as he did nothing in commission of the crime, but now, words themselves are deemed crimes, & so are feelings. This is dangerous to any freedom we still have, for it allows Zionist "experts" to tell a judge what was going on inside our minds. Imagine that I was driving a car in conditions of poor visibility. A Black person stepped out in front of me before I could stop, so I hit him or her. The ZOG expert could argue that I was White; I hit a Black; therefore I committed a "hate-crime." My defense that I did not see the person in time to stop would be of no importance, for I was White & "all Whites are guilty." Unfortunately, this imaginary example no longer sounds so far-fetched.

Your case of jew-instigated FBI harassment should be publicized, which I shall do when I receive the copies of reports of the incident from you. My advice is to be careful so you don't get set up for a violent confrontation, & wind up back in the gulag. When I fought the jews on the streets of Toronto, I learned that the jew thugs of the JDL all had Mental Health Certificates signed by jew psychiatrists. This gave them a licence to kill, for their violent crimes could be excused as "temporary insanity." Goyim, pro-White Goyim, however, were "sane" & thus eligible for maximum penalties under the law. Hence, if the Goy wanted justice, he had to get it on the spot, not in court.

As usual, I keep up my international White Nationalist correspondence worldwide & I keep abreast of local conditions involving Mexican Nationalism, gangs & drug-dealers. A couple of weeks ago, a 19 year old druglord named Ramirez was raided at his TWO homes. Cops netted over \$100,000 in cash + that much or more in value of pot & coke. A local Freemason-run phony patriot group called Grassroots objects to the Mexican invasion & occupation, as well as their takeover of our government on the city & county level, but they omit the fact that the Mexicans would not be here if the fatcat traitor Freemasons did not hire them for work & encourage them to breed at White tax-payers' expense. In other words, "the fix is in," & neither Grassroots nor the Minutemen are what they claim to be. I saw this same Freemasonic B.S. in Rhodesia. Freemasons are not mainly jews. They are Zionists who work for the jew-supremacists. Meyer Amschel Rothschild knew that money rules human affairs, not religion, as I mentioned to Klassen, but he wanted ZOG's bucks, AND HE SAID SO. Obviously, ZOG pays those who serve it. Klassen just wanted to live off the ZOG's bucks in the form of donations & tax deductions. When he failed, he gave up & killed himself. Such a leader. NOT! ORION!
